OBITUARY.

Hugh McKnight.

Hugh McKnight was the second son of William and Nancy (Whace) McKnight. He was born in the County of Down, a short distance from Belfast, Ireland, on March 3rd, 1834. When a lad five years of age he came with his parents to Canada. Although so young he remembered distinctly the sailing vessel in which they came and that it was named Queen Victoria. The family landed at Quebec City and came up to Williamsville, near Kingston, in which city the father followed his trade of carpentry. Before long the father moved onto a farm, near to Tamworth. Here while a young man in his twentieth year, he was soundly converted to God and united with the church. In the year 1855 he married Martha Jane Barragar, daughter of Solomon Barragar, a well known and respected farmer of Sheffield. Of this marriage there are the following children, who survive their parents, Solomon B. McKnight, residing in Montana, U.S.A.; Mrs. R. J. Wilson and Mrs. Adam Fingland, of Enterprise; Mrs. Jos. Tate and Arthur F. McKnight, of Selby. Mrs. McKnight predeceased her husband sixteen years ago. From Tamworth Mr. McKnight moved to Forest Mills, where he resided for forty years. About seventeen years ago he bought the farm three miles west of Selby, owned by the late John Wilson, and here until his death he lived with his son, Arthur F., and his family. He was a member of the Methodist Church and throughout the long years of his life he lived a consistent helpful and cheerful christian life. He was also a member of the Loyal Orange Order. By all who knew him, young and old, he was very highly esteemed. He was an interested and intelligent reader of good books, the newspaper, and the Christian Guardian. During the last few years he was unable to attend the services of the church, but he maintained a lively faith and zeal for the cause of God. He was very fond of the church hymns. It was a great delight to him when his pastor visited him to sing a hymn, have the scripture read and join in prayer. His last illness covered a period of three weeks and from the beginning it was evident to his family that he could not recover. In spite of several serious accidents which befell him in earlier life, he lived to within a day of being eighty-nine years old. A strong constitution aided by temperate living had aided him to this long life. With all his family, except Solomon B., present, he peacefully fell asleep in Christ in the morning of March 2nd. His funeral service was conducted by his pastor, Rev. T. H. P. Anderson, on Sunday, March 4th, a short service being held first at the home, and afterward in the Methodist Church at Selby. Two beautiful wreaths were the tokens of affection, one from his children, and the other from the children of Mr. A. F. McKnight, who were fondly loved by their grandfather, which affection was generously returned by the children. The bearers were Messrs. W. E. Jackson, Matt. G. Sexsmith, W. Wilson, Edward Lochhead, Horatio Bell and Jas. Boothe. All that was mortal was laid in the vault at Riverside, Napanee, until interment can be made at Reidville, where also are interred his wife and one son.

Mrs. Henry R. Savage.

Death came to Mrs. Henry R. Savage, at her home in Perth, on Tuesday, Feb. 28th, after a short illness, and her passing was a great shock to her family and many friends. Before her marriage she was Sarah Ann Lee, daughter of the late Richard and Mrs. Lee, and she was born in Bathurst 61 years ago. Deceased was married in Napanee to Mr. H. R. Savage in 1883, and resided there until seven years ago, when the family moved to Perth to take up residence. The late Mrs. Savage was a true Christian woman, a kind neighbor and friend and one to whom home and family were sacred words. Surviving are her husband, five sons, Messrs. John A., Horseheads, N.Y.; Wm. H., Cobourg; Lawrence E., of Brockville; George V., Belleville; Fred J., Perth; one daughter, Mrs. Robert B. McDougall, Perth; two sisters, Mrs. Jas. Morrison and Mrs. James Nagle, and one brother, Mr. Edward Lee, of Perth. The funeral was held on Thursday, March 1st, to St. John's Church and cemetery, Rev. Dean Hogan officiating. —Perth Courier.

ODESSA EAST.

March came in like a lamb, but by the looks of it since, it will go out like a lion.—Everyone is getting their wood cut and ice in for the summer. —Several are hauling logs to the mill to get cut into lumber. — The roads are in a very bad condition, for in so many places the roads went through fields, and now the fields are full of water.—Mr. and Mrs. Thos. Storey attended the funeral of his brother, the late Henry Storey, of Napanee, last week.—Mrs. Roy Rose and family spent Saturday afternoon and Sunday with her sister, Mrs. W. Erkison, below Odessa.—Mr. S. Harten and Loren Harten spent an evening last week at T. W. Storey's. — Everybody is getting ready to make sugar soon.—Hervy Smith and Thos. Storey spent Thursday in Kingston. —There has been a great deal of sickness around this vicinity this winter, and the Doctors were to be pitied as the cold weather and bad roads were not very favourable for them.—Our assessor, Mr. S. Clark, is out on his job again.

ST. ANDREW'S CHURCH CONCERT.

On Friday evening, March 16th, one of the finest concerts ever heard in Napanee, was given at St. Andrew's Church, the visiting artist being Miss Jean Chown, of Kingston. Miss Chown possesses a beautiful contralto voice, amazingly rich and full for one so young, and a marvellous talent for musical expression. Her several numbers received the keenest appreciation of her Napanee audience, who listened to every note with flattering attention. It would not be possible to mention each song, but some of the favorites were the two Arias,—In Questa Tomba, (Beethoven) and Voce di donna, from "La Giaconda" (Ponchiella); "The Shepherd Song" (Elgar), and "The Three Fishers", which she gave as an encore with the most perfect sympathetic expression. Mrs. J. E. Madden was an ideal accompanist.

One of the great treats of the evening was provided by Mrs. Madden and Mrs. Meyers, who played several duos with the organ and piano in such perfect accord as to suggest one magic instrument possessing the qualities of an orchestra. Both Mrs. Meyers and Mrs. Madden were equally skillful at the piano and organ, and the encores they received would not be denied. One very appealing number was the Trio in which Miss Scott played the violin with the organ and piano accompaniment.

Mrs. Cameron Wilson was greeted with enthusiasm, and gave two violin solos, which afforded the lovers of music a great deal of enjoyment. She was repeatedly encored. She was ably accompanied by Mrs. B. Black. The entire concert was of unusual merit, and Miss Chown will always receive a hearty welcome in Napanee.

ACTION OF TRINITY CHURCH, NAPANEE

The Quarterly Official Board of Trinity Church, Napanee, at a recent largely-attended meeting, passed the following resolution, practically unanimously :—

"Moved by W. F. Hall, seconded by M. C. Bogart, that we, the Quarterly Official Board of Trinity Church, Napanee, at the regular February quarterly meeting, held in Trinity Church, on the evening of the 13th February, 1923,

Do place ourselves on record as follows : That whereas when we unanimously invited Rev. W. R. Tanton to become our pastor last year, we did so believing that it was in the best interests of the work of God in our community in which we were deeply interested and in which we had spent freely of our strength and time and money in building up an organization that was in splendid shape to do efficient work, and our only thought was to secure good and successful leadership ;

"And whereas we did not at any time have an idea that we were doing anything that was wrong, we were certainly surprised, after having followed strictly all the usages of our Church, to find strong forces opposed to our action;

"And whereas we believe a serious mistake has been made, and we simply cannot go on as we are, and if nothing is done to make matters right, we feel sure all the interests of the Church we love will suffer materially and the results be disastrous;

"And still believing that Rev. Mr. Tanton can best serve the interests of Trinity Church in Napanee, and can secure the best results;

"Be it therefore resolved, That we now extend to him a hearty invitation to become our minister, and we would respectfully ask and strongly urge the 1923 Stationing Committee to accede to our request and appoint him to Trinity;

"And accordingly we hereby invite Mr. Tanton to become our pastor, and we do hereby promise that we will give him our hearty support, and we will endeavor with all that is in our power to make Trinity Church, Napanee, a vital force for good." — The Christian Guardian, March 14th, 1923.

Note—The Executives of the following organizations of the Church,—Sunday School, Ladies' Aid, Woman's Missionary Society and Young People's Union, have all passed unanimously, resolutions endorsing the action of the Quarterly Official Board in issuing the invitation contained in the above resolution.

HOCKEY.

Napanee 12, Deseronto 5.

Perhaps the last hockey match of the season was played at the arena on Tuesday evening, when the old rivals, Deseronto and Napanee, crossed sticks to decide which team is the better, they having played a tie game earlier in the season.

A small crowd of the faithful were in attendance, and were well repaid for their trouble. Manager Blute had a splendid sheet of ice, and the enforced idleness of the last few days evidently did the local puck-chasers a world of good, for they were right in the game Tuesday night from start to finish. Scoring started early in the first period, Napanee netting two, followed shortly after by the visitors putting two on their string and evening matters up. Shortly before the period ended Napanee made it 3-2.

Smith, our reliable centre man, did not play in the first period, but came on early in the second and soon made his presence felt. The Spencer boys, Loucks, Babcock and Huffman, all played good games, but to Twinnie (H.) Johnston and L. Douglas belong the honors. Johnston outdid himself and played one of his best games. He is fast and a good stick-handler and led the Deseronto boys a merry chase, as did also Douglas. These boys are young in years and very light in weight, and another season should see them at their best.

For the visitors, F. Gaulin, who has been playing intermediate O. H. A. hockey for Oshawa during the past winter, was the star of the evening. His lone rushes in the first period were quite spectacular, but after a couple of outbreaks he was nicely looked after, and, as he had difficulty in getting past the defence, he started shooting from outside, which is not effective. The old reliable Beeson Brant played his usual steady game, but is slowing up a little as is only natural in one who has played the game so long. Genereaux, G. Gaulin and C. G. Houle, forwards, gave good accounts of themselves, but were not as effective as upon their last appearance here. Maracle in goal, had an off session in the second period, when the locals scored 7, but he redeemed himself in the final period, stopping many shots that were labelled goals.

The score at the end of each period was as follows : 3-2, 10-2, 12-5, all in favor of Napanee.

Mr. Jack Adams referred the game. His snappy manner of facing the puck without a moment's delay caught the crowd and made the game more interesting.

Deseronto—Goal, Maracle; defence, Brant and F. Gaulin; centre, C. G. Houle; right wing, W. Genereaux; left wing, G. Gaulin; spares, Couton and Detlor.

Napanee—Goal, Babcock; defence, Loucks and L. Spencer; centre, H. Johnston; right wing, I. Spencer; left wing, Huffman; spares, L. Douglas and Smith.

Mr. Nickle, of the Methodist Church, after which the remains were placed in the vault to await interment in the spring.

The Choir of the Methodist Church will hold a social in the basement next Wednesday evening, to which the public are invited. Program and refreshments. Admission 20c. and 10c.

Dr. Wallwin has disposed of his medical practice here to Dr. Mo[illegible], of Oshawa.

Newburgh may be said to be infested with grocery stores at the present time. Surely the public cannot complain of a monopoly in the matter of prices as there is no lack of competition. The farmers are early reminded that they need not go elsewhere for milk cans, milk pails, etc., as these articles are conspicuously presented to the eye of possible purchasers, along with candies for the bairns.

At the March meeting of the Liberal-Conservative Club, an address was given by one of the members with an expert knowledge of banking, on the rural credit scheme of the Ontario Government. This address was very much appreciated and contained much information with regard to the subject which is not common knowledge. The next meeting of the Club will be held on the evening of April 4th. All members of the Club, or those who wish to become members, are requested to set this date down either in the back of their head or over the dining room table, or both. A feature of the meeting will be an address on Government by party and what the Conservative party has done for the Dominion since Confederation. Members of the party outside the village will be welcome.

We are beginning to wish that there was no Candlemas Day and no [illegible], then the weather man [illegible] bring us spring.

We hope that those who have been guilty of pedoning wood during the winter will never suffer more heat than the wood afforded. There can be no exception taken to this for it breathes a beautiful spirit towards those who were guilty of a contemptible act. Our [illegible] are never allowed to want.

TOWN COUNCIL

The regular meeting of the Council was held in the Council Chamber, on Monday night.

The members present were Reeve Hambly, Councillors Hartman, Huffman, Perry, Paul and Tustin.

His Worship Mayor MacGregor presided.

COMMUNICATIONS

From the Salvation Army, asking permission to hold a tag day on May 19th. Request granted.

From Mrs. Ellis, John street, with the request that the Council grant her leave to extend her verandah one foot in width, the extra foot covering town property. Referred to Street Committee with power to act.

Chairman Tustin, of the Street Committee, reported, recommending the signing of an agreement with the Law Construction Co., to oil the streets with liquid asphalt. The price quoted is 16c. per gal., (60 per cent. asphalt), applied on the streets. Also that two tank cars of this asphalt be purchased.

Some of the Council were of the opinion that tarvia was a better product, because it lessened the dust nuisance. However, as tarvia was considerably dearer, it was decided to purchase the liquid asphalt, and the report was adopted.

A communication was read from a Fidelity and Casualty Company, agreeing to insure the town against liability for damages to persons meeting with accidents on the streets. The premium for this class of insurance was $135.00 per year. Filed.

Mr. R. Herrington appeared before the Council, and asked for a refund of the $15.00 he paid for a livery license through error. On motion the amount was refunded.

Chairman Paul, of the Fire, Water and Light, reported recommending the purchase of new batteries for the fire alarm system. Report adopted.

Coun. Hartman, Chairman of Police, said $341.66 had been expended so far this year in his department. The Committee recommended that the market and weigh scales be let by tender, and that the same be advertised. Also that the present lease be given one month's notice. Adopted.

Reeve Hambly, Chairman of Town Property, reported some good news from the County Council. He strongly supported that body taking over a claim on the town for $500.00 from Kingston institutions. The County finally assumed the liability. He also reported the turning over to the town by the County of the rebate of $650.00 from the Ontario Government for road building. The town made a grant of $1000.00 towards the building of the Hamburgh road.

The Auditors handed in their report on the financial condition of the town up to January 1st, 1923. On motion, the report was referred to the Finance Committee.

The following accounts were ordered paid :—

Thompson Bros., Poor and Sanitary	8 75
A. McGregor, Poor and Sanitary	5
J. L. Boyes, railway tickets	54
Davis & Costes	1 50
Harry Vandaline, taking care of fire hall, 15 weeks	8 00
Telegrams, re wood supply	30 00
	1 38

On motion the Council decided to bear one-third of the funeral expenses of the late E. B. Perry, in the sum of $25.00.

A junk dealer sought an audience with the Council, and agreed to purchase the scrap iron at the waterworks plant, but that was a matter for the Utilities Commission to deal with. He spotted a gas stove in one corner of the Council Chamber that was out of commission, and the Reeve sold it to him for a five spot.

Council adjourned.

SETTLERS BECOME FIRE RANGERS.

Quebec, March.—During 1922, the Department of Lands and Forests utilized 682 assistant fire rangers to improve the protective system in settlers' districts. These assistant fire rangers are selected in each range, among the most progressive settlers. They have the authority to issue permits to burn clearances and also to enforce the law, which requires each settler to watch the progress of his fires. They can also summon help and direct the fight against fires which may escape the settler or occur in the vicinity of their land. This system of assistant fire rangers has become very popular, because it enables the settler to obtain a permit at any time, provided he has complied with the obligations of the permit, that is, if he has piled the debris of his clearing into heaps or rows and if he has cleared a strip of at least 50 feet between such heaps or rows and the adjoining forest. Of course the weather conditions must be favourable and there must not be any drought. The settler appreciates very much the fact that he is no longer obliged to make ten to fifteen miles to the ranger's home with the chances of finding him away. The moral effect is also great, as the assistant forest ranger resides more or less near and causes them to be more careful; they discuss between themselves the danger arising from the carelessness of careless people and we find that, in many sections, the settlers are cooperating together to the end that when they will all burn at the same time so all the available men are in readiness; therefore, the old "Bee" system is coming back; this means that, with the hearty co-operation of all the interested, clearances are being burned and very little damage caused. In fact, in Lac Abitibi region, and in Lake St. John district where the assistant-fire rangers were employed, 90 per cent. of the clearances have been burned last year, and only a few acres of green forest were scorched. This shows that the settler can burn his clearance provided we appeal to him in the right manner.

Miller's Worm Powders act so thoroughly that stomachic and intestinal worms pass from the child without being noticed and without inconvenience to the sufferer. They are painless and perfect in action, and at all times will be found a healthy medicine, strengthening the infantile stomach and maintaining it in vigorous operation, so that besides being an effective vermifuge, they are tonical and health-giving in their effects.

Lake-on-the-Mountain Site of Fish — Hatchery Largest in the Province.

At Lake-on-the-Mountain, about five miles from Picton, the Ontario Government is establishing a new fish hatchery, which, when completed, will be the largest in the province.

The remarkable situation of this lake makes it eminently suitable for the location of such an industry. A stream of fresh water must be constantly fed into the tanks where the fish are being hatched in order to keep the eggs in motion. This can be done here with very little expense.

The lake is situated on the top of a lofty eminence about one hundred and sixty feet above the level of the Bay of Quinte. It is only separated from the waters of the bay below by a ledge of limestone rock about eighty feet high and by a precipitous embankment which extends half way round it.

Years ago an artificial canal was cut, along which the waters are conveyed to the edge of the embankment, from whence they are conducted by a wooden raceway to the grist mill which is situated near the margin of the bay below.

It is here that the hatchery is being built.

The original outlet of the lake is a short distance away, where the surplus waters escaped through an orifice in the precipice, and after dashing over the rocks below, found their passage into the bay.

Pike and pickerel are usually hatched in April, whitefish in November, and trout in February.

Bass cannot be propagated by the artificial means employed in the culture of other species. Healthy parent fish are procured and placed in ponds. One pair of bass will produce 50,000 in a season.

Aged Sixty-four Now Relieved of Rheumatism

Alberta Man Becomes a Staunch Friend of Dodd's Kidney Pills.

Mr. A. J. Biermann Tells How Dodd's Kidney Pills Relieved Him From His Trouble.

Munson, Alta., March 19th, (Special).—Mr. Biermann, well-known and highly respected resident here, is a firm believer of Dodd's Kidney Pills.

"I was troubled with rheumatism for 16 months. I could not lay on my right side. I tried several boxes of Dodd's Kidney Pills and got relief. After the eighth box my trouble completely disappeared, and I have not felt it since. I always keep them in the house. I shall always remain a friend of Dodd's Kidney Pills." Statements like these speak for themselves.

Rheumatism is caused by Uric Acid in the blood. The natural way to treat it is to straighten the kidneys so that they will do their full work and strain all the uric acid out of the blood.

Dodd's Kidney Pills make healthy kidneys.

Ask your neighbors about the Dodd's remedies.

"Would Wake Up Screaming"

"The Least Sudden Noise or Loud Talking Would Startle Him."

"Up to the age of eight, my boy was a strong, healthy lad, full of life and energy. While playing hop frog one day with some boys of his own age, and, while in a stooped position, a big boy jumped on his back and in falling my boy caught his foot in an iron grating and dislocated his hip. The pain was so great that he fainted and the other boys were so frightened they ran away. For hours he suffered terrible pain and when found and brought home was very weak, with his thigh and leg swollen twice its size. The doctor set the bone but the pain and exposure were too much for the poor boy and he became unconscious. A high fever set in and for weeks he lay between life and death raving for hours at a stretch. One day he opened his eyes and murmured 'Mother,' but this is the only word he could utter he was so weak, but I knew the worst was over. He got stronger but for months was in a nervous condition. The lest sudden noise or loud talking would startle him and he would begin trembling. He was quite lame and the swelling still remained. The doctor gave him a tonic and told me to rub the leg with olive oil. This reduced the swelling and took away the tenderness, but the nervousness remained. The poor child would waken in the night screaming at the top of his voice. The doctor gave him several different tonics but they were no use. I found a circular about Carnol and it seemed so different from other tonics I had heard of, that I thought I would get a bottle. Three bottles were all that was needed to make my boy like his own self again. It is hard to convince my friends that the change in him now is entirely due to Carnol. Of course I continue to watch him and give him Carnol occasionally but I know that he will soon be as strong again as ever he was."

Mrs. P., Montreal.

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 2-623

BETTER LIVE STOCK.

Ontario farmers should make it a point to see the "Better Live Stock Train" that is at present passing through the province, visiting important live stock and dairy districts. The train consisting of sixteen cars, seven of which are given exclusively to cattle, started out from Bolton on March 1st, and will continue on its itinerary, finishing at Napanee, on April 27th, and will stop for short periods en route for inspection. The object of this splendid movement is to give farmers an opportunity to see firsthand the difference between proper and haphazard breeding, and to demonstrate by actual exhibits and by special lectures just how best results may be obtained. In fact stock will be carried on this train that may be purchased, animals that have been selected by capable judges. Poultry also is a feature of the exhibit.

The operation of this train has been made possible by the co-operation of the Dominion and Ontario Departments of Agriculture, and the railways. In Northern, Central and Western Ontario, the route of the train is via the Canadian National Railways.

THE DOMINION AS A FOREST OWNER.

Ottawa, March.—The total area of Dominion forest reserves, or national forests, is now 34,609.26 square miles. All these reserves are located in the provinces of Manitoba, Alberta and Saskatchewan and the Railway Belt in British Columbia. The areas in these different provinces are as follows: — Manitoba, 3,729.18 square miles; Saskatchewan, 9,302.2 square miles; Alberta, 18,894.5 square miles; British Columbia, 2,683.38 square miles. Much has been done in the endeavour to make the various resources of these areas available to the public, and steady progress is being made in furthering this policy.

ROD AND GUN IN CANADA.

The April issue of Rod and Gun in Canada contains several features which should instantly recommend it to lovers of the out of doors everywhere. There are a number of articles and narratives portraying experiences and opinions of hunters and sportsmen, among these being "What Are You Going To Do About It?" by W. C. Motley, "Seal Hunting in the Northern Atlantic", by Bonnycastle Dale, "Point Pelee—A Public Shooting Ground," and a host of others. There is an account of the annual meeting of the Ontario Hunters Game and Fish Protective Association, dealing with all the matters taken up at the recent convention in Toronto. The departments contain some particularly interesting material, and on the whole, the magazine is one of the best numbers yet published.

Rod and Gun in Canada is published monthly at Woodstock, Ontario, by W. J. Taylor, Limited.

TO HIM WHO PLANTS A TREE

Author unknown.

Perhaps our God has somewhere made a thing
More beautiful to see
Than a majestic tree;
But if He has, I think it grows
In heaven, by the stream that flows
Where whiter souls than ours do sing.
Who plants a tree, he is akin to God,
In this impatient age
Where quick returns engage
The fevered service of the crowd.
In reverent wisdom he is bowed
And hides his purpose in the clod.
The blessed man that plants a long-lived tree
That shall grow nobly on
When he is dead and gone,
He seems to me to love his kind
With true sincerity of mind,
He seems to love his fellow yet to be.
Above his grave the suns shall flush and fade,
The seasons come and go
And storms shall drive and blow;
But sun and rain that from his tomb
Efface his name, renew the bloom
And glory of the monument he made.

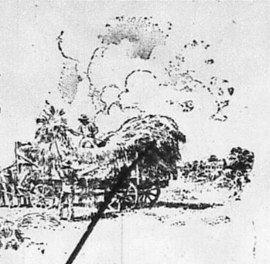

It Will Prevent Ulcerated Throat.—At the first symptoms of sore throat, which presages ulceration and inflammation, take a spoonful of Dr. Thomas' Eclectric Oil. Add a little sugar to it to make it palatable. It will allay the irritation and prevent the ulceration and swelling that are so painful. Those who were periodically subject to quinsy have thus made themselves immune to attack.

LIFE'S WASTERS.

"When I see a ragged man," said the chairman virtuously, "I say to myself, there goes one of life's wasters. There goes a man who has refused to make the most of his gifts. There is no excuse for poverty, gentlemen. Every one should rise. Every one may carve out a good position for himself if he wishes."

"Perhaps you are right," interposed a member. "Only to-day I met a newspaper man who told me that twenty years ago he came to Chicago with exactly $5 in his pocket. He is now worth $10,000, and he owes this entirely to his own ability and energy, combined with good health and a high code of ethics, and to the fact that his uncle recently died and left him $39,995."

Crippling Leg Ulcers

"After the way Zam-Buk saved my leg, I consider it a duty to let others know of its wonderful healing," writes Mr. Edward Bingham, of 118, Brant Avenue, Brantford. "Ulcers broke out on my right ankle, after typhoid, and the limb got so terribly inflamed and the pains were so intense that I was too disabled to move in any way. After using lotions, salves and ointments, without avail, I decided to see what Zam-Buk could do.

"The first application of this herbal balm relieved swelling and soreness in a surprising way and as I continued with Zam-Buk discharge ceased, and the ulcers began to be healthier looking and far less painful. In a week or two, thanks to Zam-Buk, the last of the inflammation had gone and the ankle was thoroughly healed with firm new skin."

What Is the Price of Good Clothes?

THE buying public to-day demands fair prices. People will not buy an article if they believe it is "high priced"; and some, to buy cheaper, are getting suits that are "made down to a price."

Skimping the quality of the workmanship, the materials or the trimmings will lower the price, but it also lowers the quality and character of the garment.

That has not been, or never will be, our practice in our Tailoring Department.

The best of cloth and trimmings are used—the suit will be designed and cut by our new cutter, Mr. Spofford, who has had years of experience in Toronto's best shops, and is giving splendid satisfaction here—and the suit will be hand made by our own tailors, in our own workship in Napanee.

The better Cloths and Trimmings have advanced considerably the last few months—but

GRACE CHURCH REVIVAL.

Hanley & Fisher, Noted Evangelists, Will Begin a Four-Week Campaign Starting Tuesday Night, April 3rd.

What promises to be one of the largest revivals in Napanee in recent years will be ushered in in Napanee at Grace Methodist Church when the noted evangelists, Hanley & Fisher, will launch a four-weeks' campaign, coming direct to Napanee from Waterloo, Iowa.

The names of Hanley & Fisher are familiar to many people throughout Canada and the United States, and their work is accomplished by applying simple gospel truths in a dignified, inspiring manner.

For over fifty years Grace Church, at intervals, has held many successful revivals, and it is the intention of this congregation, through the leadership of its pastor, the Rev. A. J. Terrill, to leave no preparation unfinished to make this series of services one of its outstanding achievements.

The first service will be held Tuesday evening, April 3rd, at 7.30, and services will be held every evening throughout the week except Monday evening, which will be observed by the evangelists as their rest night. Saturday night meetings will be a new feature in evangelistic campaigns in Napanee. This is said to be one of the best nights in the week, and is designed for those who cannot attend other night services. Sunday afternoon meetings will commence Sunday, April 8th, and the first Sunday afternoon meeting will be for women only.

Rev. (Major) Joe R. Hanley, more familiarly known as plain "Joe" Hanley, is a lawyer, lecturer, evangelist and chaplain, a citizen of Muscatine, Iowa, and a graduate of Iowa State University. Having spent some time in France during the war fighting the Germans, the major returned to the evangelistic field, in which he has labored for nearly ten years, and comes with a richer and wider experience and a deeper sympathy and love for all mankind. Mr. Hanley is a preacher of marked power. He is somewhat spectacular in his methods, but all he says and does is clean and wholesome. A sunshiny optimism prevades his work and not a dull moment intervenes.

Smacking with the renowned "saw-dust trail" of Billy Sunday, which many thousands travelled in the canvas tabernacles in days gone by, comes Fred. G. Fisher, who, for ten years, worked with Billy Sunday as a choirster and soloist, and for seven years has been with Mr. Hanley. Having studied with some of the foremost musical instructors, Mr Fisher possesses excellent ability to lead congregational singing, is a capable soloist and interpreter of gospel singing.

So great has been the preparation by the officials of the church and so keen is the enthusiasm of the congregation the commodious accommodation of Grace Church will be taxed to the utmost to comfortably seat all the people.

Address and Presentation.

In spite of the intense cold, on Monday evening, March 19th, about eighty friends of Mrs. J. B. Miller gathered at her home to have a farewell hour before her departure from Morven to occupy her newly acquired home in Napanee. When the friends had all gathered, order was called and the following address was read by Mrs. J. A. Bell:—

Dear Mrs. Miller:

We, your friends and neighbors of Morven, have gathered here to-night to spend one more social evening in your home before your removal from our midst and to show you in some visible form our esteem for you and our appreciation of your life among us, and to offer our best wishes for your future. We, as church members, feel we are indeed the losers. All your life you and your late husband have identified yourselves in the different branches of our church work and you have always endeavored to do your share with a sincere and whole-hearted interest. Especially will you be missed in the W. M. S., of which you were the only charter member left in the auxiliary. Let us hope you will continue in your new sphere the good work you have carried on here. As you go from this home, which we know is so dear to you on account of the joys and sorrows, the difficulties and triumphs, through which God has safely led you, we ask you to accept these parting gifts, which we offer, not for their material value, but as a slight tangible evidence of our esteem, friendship and love, and the hope that you may enjoy them for many years. May the sunset of your life be radiant and may God's richest blessing rest upon you, and may He ever be with you till you cross to that better home where friendship's ties are never broken.

Signed on behalf of Morven community,

MRS. J. ALBERT BELL,
MRS. (REV.) W. R. MERRICK.

Mrs. Miller replied, expressing her gratitude to her friends and neighbors for their many kindnesses of the past and present.

Rev. W. R. Merrick followed with a short address, expressing the regrets of all hearts occasioned by her leaving our church and community, also wishing her health to enjoy her new home in town.

The friends then joined in singing, "Blest be the Tie that Binds", etc.

The evening passed away very quickly, with singing and music, and to complete the harmony of the social evening a very bounteous supply of refreshments was served.

COLEBROOK.

On Wednesday evening this village and vicinity was visited by a bold burglar. He entered a suburban home while the owner and his son were enjoying the evening visiting friends. The only thing he seemed badly in need of was a pair of rubbers. He soon found a pair that were a perfect fit, and departed. He then made himself comfortable for the night in the school house. The next morning the suburban resident, with two assistants, went in pursuit of the thief. They soon located their man, with the rubbers on, journeying towards Camden East, after having breakfasted in several homes in Yarker. But while the three amateur detectives were looking for a constable, the thief, whom they forgot to inform to remain at attention until they returned with the handcuffs, vanished. Perhaps he dug himself in a snow bank out of sight of his pursuers, a free man, but a fugitive from justice. The three sleuths are sure they would know just how to catch him if he should visit this vicinity again.—Mr. Thos. Mills and family have moved to Odessa, where they have purchased a house and lot. — Mrs. Wm. Wagar, who has been indisposed for some time, is improving slowly.—Mr. Fred Snider, Camden East, visited his sister, Mrs. M. Hartman, recently. — The Misses Helen and Ethel Benn, Varty Lake Road, entertained a number of their friends to a dance on Friday evening. — Mr. and Mrs. John Shangraw were the guests of Mr. and Mrs. W. C. Shangraw, on Sunday evening.—Mr. Clark of Harrowsmith, has rented the Chas. Emberley farm for the ensuing year, Mr. Cousins, the former tenant, having moved to Moscow.—Mrs. Ira Salisbury visited her aunt, Mrs. Switzer, Desmond, recently. — Mr. and Mrs. Jas. Hamilton, Bethel, visited at Wm. Marfleet's, on Sunday.

How indispensable wood is we seldom stop to think. You cannot produce, transport or consume anything without wood. You cannot eat food, wear clothes nor live in houses without the help of the forest. Half the wood consumed in America is used on farms to produce our food. Without it our food would not be produced. One-fifth of all the lumber we consume goes into packages necessary in the transportation of food and goods. Even a concrete house cannot be built without wood.

HOW TO SLEEP ON A BARE FLOOR

It is more a matter of SLEEP, than of bed or board.

Some people can sleep sitting up, standing up, even while walking.

Many people can't sleep in the softest of downy beds, and all of us suffer occasionally from nervefretting, wearing, tiring wakefulness at night.

There is always a reason for sleeplessness. Usually it is a "sour" stomach, a liver that has "slain down" on the job, congested bowels, or biliousness.

Then, just before retiring, take Beecham's Pills. They soothe an uneasy stomach, encourage the organs of digestion and elimination to natural activity, and *assure restful sleep no matter what!*

A SWISS MUNICIPAL FOREST.

In Switzerland, 67 per cent of the forest area is held under town or some other form of communal ownership. In France, 23 per cent. of the forest area is so held, and in Germany 16 per cent. In Alsace-Lorraine, nearly two-thirds of the towns own communal forests.

Many of the communal forests in Europe have been under such ownership, with continuous protection and management, for many generations, in some cases for centuries. The city forest of Zurich, Switzerland, is a classic example. This forest, called the Sihlwald, has an area of 2,580 acres (about four square miles). The known history of this forest runs back to the year 853, since which time it has been under some form of protection and management, and has continued to supply forest products for the people. It became the property of the city in 1524. The records of the forest show that in 1460 the appointment of two foresters was authorized. It is interesting to note the comparative antiquity of forestry in Europe, in contrast with the youthfulness of this profession in America. Prof. R. S. Hosmer, of the Forestry Department, Cornell University, records that the mill in the Sihlwald employs 30 men, and that 120 more are employed in the forest itself, so that this small forest alone comfortably supports a small community by itself. A city woodyard is maintained to supply citizens with fuel. Under normal conditions, a substantial profit is derived from the forest, which assists to reduce taxation.

BEFORE MY BABY CAME

I Was Greatly Benefited by Taking Lydia E. Pinkham's Vegetable Compound

Sydenham, Ont.—"I took your medicine before my baby was born, and it was a great help to me as I was very poorly until I had started to take it. I just felt as though I was tired out all the time and would have weak, faint spells. My nerves would bother me until I could get little rest, night or day. I was told by a friend to take Lydia E. Pinkham's Vegetable Compound, and I only took a few bottles and it helped me wonderfully. I would recommend it to any woman. I am doing what I can to recommend this good medicine. I will lend that little book you sent me to any one I can help. You can with the greatest of pleasure use my name in regard to the Vegetable Compound if it will help others take it."—Mrs. HARVEY MILLIGAN, Sydenham, Ont.

It is remarkable how many cases have been reported similar to this one. Many women are poorly at such times and get into a weakened, run-down condition, when it is essential to the mother, as well as the child, that her strength be kept up.

Lydia E. Pinkham's Vegetable Compound is an excellent tonic for the mother at this time. It is prepared from medicinal roots and herbs, and does not contain any harmful drugs. It may be taken in safety by the nursing mother.

Sustained a Broken Leg.

While assisting Mr. Whiteman in moving his household effects from Forest Mills to Melrose Friday, Mr. Jack McFarland sustained a broken leg and was unconscious for a number of hours. It was at 2 o'clock Friday afternoon when crossing the C. P. R. tracks at Lonsdale that the sleigh being driven by Mr. Whiteman stuck fast on the railroad and in doubling up teams to move the sleigh load the tongue broke and blocked further efforts to get the sleigh off the track. The 2 p.m. train came along and struck the load, scattering and splintering the contents and sleigh into hundreds of pieces. One of the pieces of the sleigh struck Mr. McFarland, causing the injury above mentioned. The unfortunate man was removed to his home and medical assistance summoned. He regained consciousness at 6 o'clock Friday evening.

Asselstine, was united in marriage to Mr. Merral Fray Cochran, of Chicago, on Thursday, March 15th, 1923, at 6 p.m. The ceremony was performed at the Bismarck Avenue Presbyterian Church, Chicago, Illinois, by the Pastor, Rev. Chas. Hepburn. Miss Elizabeth Ann Asselstine, sister of the bride, and the groom's brother, Mr. Lowell Cochran, acted as attendants. The bride wore sand colored suit with hat and shoes to match, corsage bouquet of orchids and small rose buds. The bridesmaid wore a three-piece suit of sand color and coral, and wore a corsage bouquet of sweet peas and lillies of the valley. Mr. and Mrs. Cochran announced their marriage to their intimate friends at a formal dinner given at the Sheridan-Plaza Hotel. Covers were laid for twelve. RECREATIONAL USES OF FOREST RESERVES.

It is natural that people should desire to make use of the forest reserves for recreational purposes, and, under proper supervision and regulation, this is desirable from the forest administrator's standpoint. People who spend their holidays in the woods, whether simply in camping or in hunting and fishing, get a good idea of the value of forest resources and thus become active agents for forest protection. In desirable locations along the shores of lakes in different forest reserves plots are leased to citizens on condition that they erect suitable houses and keep their surroundings in good order. The number of these cottages is steadily increasing, although progress in this respect has not been so rapid of late owing to the business depression. Fishing is one of the great attractions for tourists and cottagers, and the policy of the Forestry Branch is to maintain good fishing, by stocking the lakes with fish fry, when necessary, and by restricting the method of taking fish to angling. The efforts in this direction are meeting with success; and in the matter of fish and game protection the Forestry Branch acts in co-operation with the Dominion fishery authorities on the one hand, and the various provincial game wardens on the other.—Annual Report, Director of Forestry, Ottawa.

CARE OF TURKEYS.

Breeding Stock. — The breeding stock should be selected in the fall. Hen turkeys should be straight on the breast bone, have big leg bone, and healthy, weighing from ten to twelve pounds at six months old. The toms should be selected in the same manner and should weigh twenty to twenty-five pounds at the same age. Never keep hens and toms from one flock. We always had better luck from young hens and young toms, although a yearling tom gives very good results. The birds are more vigorous, but the eggs do not hatch so well as they are not so high in fertility. The breeding stock should have access to a good size yard of free range at all times, as turkeys will not do well confined to housing. The mating begins about the middle of March to the middle of April, according to weather conditions. One mating is good for one laying of eggs. One tom can be mated to as high as fifteen hens with good results. One hen will lay from fifteen to twenty-five eggs.

The Care of Eggs. — The eggs should be gathered as soon as possible after they are laid and kept in a dry place. Do not let eggs get chilled. The eggs should be kept in a box of bran, so they can be turned daily until set. It is also well to mark the date on the eggs the day they are gathered, so as to set the oldest eggs first. Very good results can be obtained by setting nine eggs under a hen. But a turkey hen will cover twenty eggs. Set eggs as soon as possible, not over twenty days.

Rearing. — Keep watch of the nest at the close of the fourth week after setting. Remove all old shells often; in some cases it is well to remove the young poults as they hatch, as the old turkey will sometimes crush them in the nest. When eggs are all hatched remove old turkey and young to a coop in a dry, clean place. If the weather is rainy, keep in a shed or other dry place, as wet is injurious to young turkeys.

Feeding. — After the poults are twenty-four hours old they should be given water and the feed should be bread crumbs fed in small quantities, but five or six times daily. After poults are three days old, the feed should gradually be changed to hard boiled eggs and oatmeal with a few onion tops, lettuce or dandelion chopped fine and mixed. If weather is damp or rainy, a little pepper mixed with feed in the morning helps to keep the young poults warm. After poults are from three to four weeks old, release the old turkey and let all run on range. Then rolled oats can be fed alone, three times daily, until about three months old, when buckwheat, barley, wheat or corn can be fed. About six weeks before killing, corn or wheat should be fed all they will pick up three times daily.

Care of Housing.—When poults are three days old, hardwood ashes should be put in coop where old turkey can dust, and some put in front of coop where young can dust. This is a prevention of lice. Great care should be taken to keep poults free from vermin. If birds get infected a little blue ointment rubbed around the vent and a good louse powder sprinkled through the feathers will clean up the evil. Never let young birds out in wet, long grass as it is injurious. A little powdered borasic, one teaspoon to twenty birds, begin when birds are two weeks old, given once or twice a week, will help to avoid black head. The coop should be moved to clean ground every day from three days old. The drinking cups should be washed out every day and clean water kept in reach at all times. If disease gets in the flock, take the diseased birds away from the rest of the flock. Destroy all dead birds by burning or burying. As for black head, I have never found a cure.

This is our way of raising turkeys with very good results. But I have seen other flocks raised on other feed, but do not change the feed on young poults if they are getting along all right, as it often proves fatal.

P.S.—Turkey raising is often spoken of as a woman's job, but we have found if you want to make a success of it, it needs co-operation of both man and wife, as the women can feed them often, but the coups are too heavy for a woman to move.

Wishing the Poultry Association every success.

Yours very truly,
SID BUSBY.

"BABY LASCELLES" AT BAPTISMAL FONT.

INFANT SON OF PRINCESS MARY CHRISTENED BY ARCHBISHOP OF YORK.

Goldsborough, Yorkshire, England, March 25.—The Archbishop of York, to-day christened "Baby Lacelles," the infant son of Viscount Lascelles and Princess Mary, in the presence of King George and Queen Mary and other members of the Royal household; and villagers and tenants and dependents of the Harewood estate of Viscount Lascelles, who were given the preference over visitors to the village, desirous of witnessing the ceremony.

The christening took place after the morning service in the little village church. It was a quiet and simple ceremony, the only incident was the lusty crying of the baby, which could be heard throughout the church. The infant was given the name George Henry Hubert Lascelles.

King George and Queen Mary were the chief sponsors. Present with them at the baptismal font were two other sponsors, the Countess of Harewood, and Colonel Lane-Fox. Four additional sponsors, who were represented by proxies, are Dowager Queen Alexandra, Lady Patricia Ramsay, the Earl of Harewood and General Sir George Higginson. After the baptism, King George and Queen Mary and the Countess of Harewood and Colonel Lane-Fox, planted memorial trees on the Harewood estate in honor of the infant.

Thousands of visitors came to the village from the surrounding country in the hope that they would be able to gain admission to the christening but as the village church only seated about 250, they met with disappointment.

The children don't mind taking Rexall Worm Syrup, and it is sure to do the work. 50c. per bottle, at Wallace's.

VEGETABLES SOLD BY WEIGHT AND GRADE

Patrons of grocery stores will probably have observed displayed in the stores a sign reading "Vegetables Sold Only by Weight and Grade, The Root Vegetables Act, 1922". Those who have made purchases of vegetables since this card has been displayed will have learned that these products are no longer sold by measure and without reference to grade, as has been the custom in the past.

For the information of readers of this paper, it is pointed out that the vegetables that have to be sold by weight are potatoes, onions, artichokes, beets, carrots, turnips, and parsnips. When any of these are sold with the top leaves still attached, they are excluded from the operations of the act. Other exceptions include potatoes sold in closed barrels, new potatoes shipped between the 1st of June and the end of September, and seed potatoes. The act also regulates the marking and packing as well as the size of the potato barrel.

The Act governing these regulations is administered by the Fruit Branch of the Dominion Department of Agriculture, Ottawa, and copies of it may be obtained from the Publications Branch of that Department.

Issued by the Director of Publicity, Dominion Department of Agriculture, Ottawa, March 22nd, 1923.

OBITUARY.

Mr. Clark Walker.

The death occurred on Thursday, March 8th, of a respected citizen of Wilton, when Mr. Clark Walker passed away. Deceased had been ill only a few weeks of Flu, followed by rheumatism and sciatica. The funeral was held at his late residence on Sunday afternoon at 2 o'clock, and was attended by a large number of friends and relatives. The service was conducted by the Rev. Soford Dixon, who took for the subject of his address Psalms 23, which was followed by a service of the members of the I. O. O. F. Lodges of Harrowsmith and Odessa. The remains were placed in the Wilton vault to await interment in the spring. The deceased was held in high esteem by all who knew him. He always took an active interest in the welfare of the community. He leaves to mourn, one sister, Mrs. Will Storms, Jolliette, North Dakota; an adopted sister, Miss Mary Crawford, Wilton. He was the only son of the late William and Amanda Walker, Wilton.

John F. Keller.

There passed away at his late residence, on March 18th, a notable and somewhat unique personality in the person of the late John F. Keller, of Camden Township. Mr. Keller first saw the light near the Village of Bath, Ont., on May 29th, 1843. Early in life he removed from the place of his birth and settled in the Township of Camden, near the Village of Colebrook, where he remained until his death.

Mr. Keller was twice married. First to Miss Eliza Bennett, to whom he had twelve children. His second marriage was to Mrs. Seward, nee Miss Margaret McCartney, to whom he had two sons, Harry and Cecil. Besides his wife to mourn his loss, six of his children still survive him, Mrs. Seward, of Brighton; Mrs. Craig, near Napanee; Mrs. Vannest, Vernon, N.Y.; Henry Keller, Camrose, Alta.; Harry, of Napanee, and Cecil on the homestead. Also one brother, Thomas of Camden East, and three sisters.

John F. Keller was a man of a remarkably strong personality as most people are aware who had the good fortune, or otherwise, to make his acquaintance. He was also a man of strong convictions, marked intelligence and sound judgement on many, if not most of the problems which may be considered of greater or less interest in the public life of the community.

The writer of this article had the great pleasure, not to say good fortune, to meet the subject of this brief sketch in the summer of 1915 when taking charge of the Methodist work on the Tamworth Circuit, and from the first grip of the hand the recognition was mutual. A friendship was formed that day which remained with him to the last, and that [illegible] with the writer [illegible] his kindly spirit [illegible] and refreshing Irish humour will be a most pleasant retrospect to the writer while memory holds her seat. That part of Camden [illegible] just the same to the writer since John Keller is no more.

The subject of this sketch became a member of the Orange Association when eighteen years of age, and continued his membership in that Order until his death.

The funeral services were held on March 20th, in the Methodist Church, Centreville, under the auspices of the Orange Order, Croydon Lodge, and were conducted by the Rev. W. [illegible] Clarke, of Tamworth.

FORMER NAPANEEANS GRADUATE.

President University Women's Students Council. Entering Vic. with the class of '22, Miss Metzler was forced to skip a year during her course and is now graduating with '23. Her home is in Napanee, and she received her education in Albert College, Belleville, and Napanee Collegiate. Since coming to University she has shown great ability as a student and as an executive head, and in addition is one of the most popular girls in the College. While W.U.A. claims a great deal of her thought and time, she also lends material aid to Choral Club, Lit. and S.C.A., and to any one needing senorial aid and advice. Graduating this year, she will be very much missed around Vic. and from the University Women's Students Council.

It is a conservative statement to say that "everyone in the University knows R. A. Williams." Probably no one knows just what the A stands for, except R. A. himself and the minister who baptized him. The "R" means "Russ", and as "Russ" he is known to all and sundry around R.C.D.S. and U. of T. The name conjures up a memory of a clean-shaven person, of medium height, always neatly dressed, pink cheeked, slightly [illegible] stalwart built, always in a hurry, usually breathless and accompanied by a black attache case and always enveloped in an effervescing halo of enthusiasm. Russ has had a varied past. That he is a thorough Canadian no one can question. He was born in Toronto on July 10th, 1894, of U. E. Loyalist stock, the third generation under British rule. His elementary education was acquired in the States, Alberta, Toronto [illegible] [illegible] Collegiate, and finally ended when he matriculated from Napanee Collegiate Institute in 1914. On April 2nd, 1915, he enlisted as a "buck" in the 4th Field Ambulance. LACROSSE.

A meeting for the re-organization of the Napanee Lacrosse Club was held in the Council Chambers on Friday evening last, a large number of lovers of the sport being present.

E. W. Metcalf presided and said the reason for calling the meeting was for organization and also to consider the advisability of entering teams in the Ontario Amateur Lacrosse Association series this year. He read a letter from Harry M. Moore, of Deseronto, in which the latter stated that they were entering two teams, Midget and Juvenile, and thought that Napanee could enter two good teams.

The following officers were elected :

Hon. President—J. S. Ham, Esq.
President—R. R. White.
1st Vice-President—Albert B. Root.
2nd Vice-President—Matt. Taylor.
3rd Vice-President—Dr. D. R. Hall.
Secretary—Mr. McGillivary.
Treasurer—B. M. Black.
Field Committee—Messrs. McGillivary, McDonald, Ballard and LaSalle.
Manager—E. W. Metcalf.
Coach—Jack Adams.
Asst. Coach—Harry Babcock.

The matter of electing a captain was left to the players.

On motion it was decided to enter two teams in the O.A.L.A. this season, viz. : Midgets, comprising players who were under 15 years of age on the first day of January, 1923, and Juveniles, who were under 18 years of age on the same date.

The group in which Napanee will play will likely be composed of Deseronto, Belleville, Trenton and Napanee. This would make a fairly compact group, and the expense of transportation would be quite small.

There will also be a team of older players, who will play exhibition games.

On motion E. W. Metcalf was elected as delegate to the annual meeting of the O.A.L.A. in Toronto on Good Friday, the meeting to convene at the King Edward Hotel at 9 a.m.

Last year a subscription was taken up and money secured in this way to purchase goal nets, uniforms and thirty sticks. A collection was taken up at the Deseronto-Napanee game last fall, and a small sum remains at present in the treasury. It is the intention of the club to put on a concert in the very near future, and in this way endeavor to raise enough funds to purchase other necessary appurtenances for the players.

The officials and players have a job ahead of them to place this sport on its feet in Napanee, and should have the whole-hearted support of the citizens of the town as well as the farming community. In the towns immediately west of Toronto it is no uncommon thing to see two, three or four thousand people at a game, a large number of them being from the surrounding country, and what can be done there can be repeated here. It is a splendid game, scientific, fast, and good to witness. "All work and no play makes Jack a dull boy". This adage will apply to older people as well, and a half-holiday once in a while will do everybody good, there being no better way to spend it than by coming to Napanee to see a lacrosse match.

BASEBALL.

The annual meeting of the Napanee Baseball Club was held in the Council Chamber, a large crowd being in attendance. Everything looks very bright this year for a good season's sport in this popular game, and it is expected that Napanee will be able to out a fairly strong club in the league.

The following officers were elected :

President—E. J. Roy.
Vice-President—Harold Anderson.
Secty.-Treas.—Geo. W. Paul.
Manager Jack Adams.
Finance and Publicity Committee—Messrs. McDonald, Sills and Roe.

The club has applied for admission to the Lennox and Addington League in the Southern group, which will be composed of Adolphustown, Selby, Odessa and Napanee.

The officers of the Napanee club request all players in town to turn out, and every man will be given a fair chance.

L. and A. Baseball League.

A representative meeting of baseball enthusiasts of the County of Lennox and Addington was held recently, when the following officers were elected :

President—M. P. Graham, Napanee.
Vice-President—
Secty.-Treas. — W. McLaughlin, Napanee.
Executive Committee—The Secretary and Manager of each Club.

The League will be composed of two groups, as follows : Northern group, Tamworth, Enterprise, Yarker and Newburgh; Southern group, Adolphustown, Selby, Odessa, and Napanee.

It was decided to play a double schedule, the winner of each group to play home and home games at the end of the season, and a third game on neutral grounds if necessary.

OBITUARY.

Ralph Parks.

It was on the 19th day of February last that the peaceful community of South Fredericksburgh was shocked by the news that travelled over the busy wires that Ralph Parks had been seriously injured by the falling of a large tree which struck him.

Fortunately four brothers and the father witnessed the accident and immediately rendered first aid. It was at once observed that the accident was a serious one, and they promptly took him to his home and summoned Dr. Hall, who at once ordered his immediate removal to the hospital at Kingston. A hurried consultation with Dr. Mundell resulted in an operation which was skillfully performed, but in spite of the best medical skill and unstinted nursing, care and kindness, Ralph passed into the Great Beyond early in the morning of the 23rd of February.

Rapidly as the news of his accident spread, still more so did the news of his death when a whole community for many miles distant were plunged into deep mourning for one they knew and loved so much.

Yes ! It was Ralph Parks, a boy from one of the best homes in the country. A boy who reflected those pious principles and all those strong and yet gentle features of noblemanhood which were so faithfully inculcated by loving christian parents into his growing and expanding nature, that made him of more than ordinary value as a man among men.

Ralph was not rash in his decisions nor unduly speculative in his undertakings for he possessed the rare ability of a calm and calculative meditation which saved him from many cares and sorrows so common to others. In no instance is this more plainly seen than in relation to his marriage.

It was on the 7th April, 1920, when 32 years of age, he married Laura, the youngest daughter of Mr. and Mrs. J. P. Mellow, of Gretna. While this was not everybody's business, yet everybody rejoiced over this happy union. It was felt by all that a more beautiful and ideal example of conjugal relationship could not be witnessed and on that ever memorable day this happy couple were united in wedlock in the presence of a host of admiring friends at the bride's home. It was immediately following this that Mr. and Mrs. Ralph Parks commenced to make their home on their new farm at Hawley. It is not possible in this brief sketch to express the wholesome devotion of these young people to the task of their life, starting out as they had done on a new farm with everything to make for the present and future too. One thing, however, must be said to their credit, and that is "they did not either neglect or forget their obligation to the church, as should always be the case. They in the fear of God put first things first. Laura was organist at Hawley Church, a post which she faithfully and lovingly filled. Ralph was a member of the Official Board, was Secretary of the Trustee Board and Secretary of the Sunday School, and all of these duties were faithfully performed, the value of which will never be forgotten.

The funeral service was held at the home of the deceased's parents, where the body was brought, and notwithstanding the bitter cold weather, hundreds of people gathered to pay their last respects. Pastor Hoffman conducted the service, assisted by the Rev. W. H. Truscott, and so there closed one of the saddest chapters in the history of South Fredericksburgh.

There is an unending expression of sympathy for the young widow by everybody; also for Mr. and Mrs. Archie Parks, the parents, together with the five brothers and two sisters.

CAR SATISFACTION IS LARGELY UP TO OWNER.

NO MATTER HOW GOOD IT IS, A CAR WILL NOT STAND UP IF NEGLECTED.

"The active motoring days are at hand. Each motorist wants to receive the maximum service from his automobile, and the daily service his car will render him depends altogether, aside from the mechanical dependability of his automobile, on the care and attention he gives to the combination of metal he calls his car," says H. S. McMullen of Toronto Durant Company.

"If the owner will start out with the fixed idea that his car is a piece of machinery, subject to the same degree of wear and requiring the same consideration that he would expect to give a fine watch, dynamo or steam engine—it is safe to assume that he will bestow on it the care and attention it deserves.

"At the outset it is a good idea to remove all sentimental thoughts of the automobile. He may be especially proud of it, for it may mean quite an investment to him; but, regardless of that, it is a piece of machinery, deaf and dumb. It cannot help itself. It must depend on him for care.

"The manufacturers supply with each car complete instructions as to the proper care of their cars. These are written after years of experience, both in the manufacture and operation of motor cars; and we urge, as a duty to the car, the careful study of these to gain familiarity with as many working parts as possible. Regular practice of the rules set forth, will save him from many embarrassing situations.

"It is easy to understand, then, that the service that an automobile will render will depend on the attention it receives. Neglect it, and it will show the neglect by causing trouble. Treat it with care and it will deliver dependable service."

TO EXPECTANT MOTHERS

A Letter from Mrs. Smith Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Trenton, Ont.—"I am writing to you in regard to Lydia E. Pinkham's Vegetable Compound. I would not be without it. I have taken it before each of my children was born and afterwards, and find it a great help. Before my first baby was born I had shortness of breath and ringing in my ears. I felt as if I would never pull through. One day a friend of my husband told him what the Vegetable Compound had done for his wife and advised him to take a bottle home for me. After the fourth bottle I was a different woman. I have four children now, and I always find the Vegetable Compound a great help as it seems to make confinement easier. I recommend it to my friends."—MRS. FRED H. SMITH, John St., Trenton, Ont.

Lydia E. Pinkham's Vegetable Compound is an excellent medicine for expectant mothers, and should be taken during the entire period. It has a general effect to strengthen and tone up the entire system, so that it may work in every respect effectually as nature intended. Thousands of women testify to this fact. C

"I Was a Fright!"

"Nothing I Could Take Made Me Any Fatter."

"Up to the time I was seventeen years old, I believe that I was the most miserable and unhappy girl that ever lived. Honestly, I was a sight. I was the most ungainly looking creature you ever saw. I was thin and scrawny—straight up and down. My height was five feet nine inches and I weighed exactly ninety-one and three quarter pounds. No matter what kind of clothes I put on I looked like a fright. I was clumsy and awkward. I used to stand before the glass and study my features. I found I had a good nose, good eyes and a good mouth, but my cheeks were sunken and my face looked like a skull with a piece of parchment stretched over it. But nothing I could do or take made me any fatter. Men rarely even glanced at me. When they did, they merely gave me a casual, amused or pitying look,—an expression which I am sure meant, 'why is a being like that allowed at large?' I used to lie awake at night for hours at a time wondering why there were so many beautiful girls in the world and I was so hideous. I met a friend of mine one day, Elsie W. and I hardly knew her. While she had never been as thin as I was, a year or more ago she ran me a close second, but when I met her she had taken on flesh and had developed into a fine handsome girl with one of the prettiest figures I had ever seen I asked her what had caused the big change. She said Carnol. She told me she had been taking it regularly for the last three months and that from the first week of taking it she had begun to put on flesh. I was so encouraged by what she said that I couldn't get to the druggist fast enough. I bought a bottle and since then I have been taking it regularly. It has made the greatest change in me you ever saw. I now weigh 165 pounds and all my friends tell me what a wonderful figure I have and I know that I am admired".

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 3-622

BERYL MILLIGAN.

There is nothing repulsive in Miller's Worm Powders, and they are as pleasant to take as sugar, so that few children will refuse them. In some cases they cause vomiting through their action in an unsound stomach, but this is only a manifestation of their cleansing power, no indication that they are hurtful. They can be thoroughly depended upon to clear worms from the system.

MAPPING TIMBER FROM THE AIR.

Ottawa, March.—Important progress has been made during the past year in the development of forest type mapping from the air. In British Columbia, Alberta, Manitoba, Ontario and Quebec much work of this nature has been done from the Air Force stations.

Topographical detail not shown on existing maps is first sketched in from the air on the map and the forest types are then added.

The importance of this work cannot be over-estimated as it enables those responsible for the forests to gain reliable information regarding districts of which practically nothing is known to-day. The value of the timber can be estimated quickly and easily, and lumbering operations are greatly facilitated by means of the additional information made available.

A Corrector of Pulmonary Troubles.—Many testimonials could be presented showing the great efficacy of Dr. Thomas' Eclectric Oil in correcting disorders of the respiratory processes, but the best testimonial is experience and the Oil is recommended to all who suffer from these disorders with the certainty that they will find relief. It will allay inflammation in the bronchial tubes.

There was an all-round good-for-nothing man who died, and at his funeral the minister delivered a most beautiful address, eulogizing the departed in the most glowing manner, praising his splendid qualities as a fine type of man, a good husband and kind parent.

About this time the widow, who was seated well up in front, spoke to her little daughter by her side, and said: "My dear, go look in the coffin and see if it is your father."

QUEBEC PUTS SEAPLANES TO WORK.

Quebec, March.—The Quebec Forest Service has made effective use of seaplanes to inspect forest conditions on the watershed of the Natashcouan river. In 7 hours, the observer, Mr. Methot, F.E., was able to make a sketch of the present situation of nearly 3,000 miles of forests. At the same time, a land party was examining the same area and when they were back, two months later, the reports presented by both parties were compared and found to be practically identical. This system will be continued hereafter as there are numerous sections of the Province on which the Government has reports, which are twenty and thirty years old and must be brought to date since fires, insect plagues and windfalls may have brought changes in the interval.

Formaldehyde, full strength, for treating seed grain and potatoes. Ask for direction sheet, at Wallace's Drug Store.

Forestation and preservation of forests have for hundreds of years been of vital concern to European countries, but in the United States and Canada the natural forest resources have been so great that national interest in these matters has been rather mild. Yet the steady and ever-increasing consumption of forests in the making of lumber and the enormous yearly waste through forest fires and inefficient methods of cutting and preparing lumber sound impressive warnings that the forests will not last forever if we pursue a course of carelessness and wastefulness. If adequate forest resources are to be preserved for the benefit of the future, intelligent efforts at conservation and the reduction of waste must be persistently carried forward.

At "Easter-Time", King Winter's Icy Grip Is Broken. Spring Is With Us, the Sun Is Shining, Birds are singing, people are cheerful, bright and gay. Then too, Easter Sunday is a day that means so much to the world, it is an anniversary to be beautifully celebrated. We must all look our best.

Our Easter and Spring selections throughout the store wonderfully combine all the essentials of Good Merchandise. You will be surprised how successfully we have combined Art with Price. Make it your business to shop Saturday at Robinson's.

Blouses

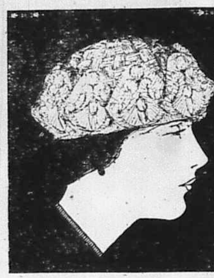

These lovely printed, embroidered and beaded affairs, built of good quality Crepe-de-chenes, have gracefully and successfully supplanted the old familiar tuck-ins. Our Easter assortments well received jaquette styles. Many, too, simply slip over the marked and stamped with dignity show many in the well-known, head, and are finished at the hip with a snug fitting band. Fancy ornaments also play a stellar role in the way of fastenings. The color range is unique. Grey, Navy, Sand and Toast are fashionable.

Gloves

Truly a trifle in the way of comparison, but who will speak ought of their importance. Your outstretched hand in greeting a friend should be neatly gloved. If fitted from our Easter stock it will surpass inspection. Through the excellence of their fit, the beauty of their kid, the delicacy of their designing, our Easter stock will win your approval. Short and gauntlet styles are particularly stressed. We also urge you to see our Easter Saturday Sale Special. A regular $2.25 value, which we are selling in different colors, at $1.95 each pair.

Hats

Pokes,—very small or very large, in profusion of lovely blooms,—what an enviable place they hold with the vast myriad of models presented for your Easter choosing. And how generally becoming they are. We are featuring them in the finest of straws, in combinations of straw and silk, and in all silk styles. Flowers and ribbons are usually employed for trimmings. Colors are bright and pleasing. You will have no difficulty in choosing here, a magnificent variety awaits your choosing.

Suits

Every fashion-loving feminine heart loves to be found in the Easter Parade garbed in a fashionable two or three-piece suit. She sees herself clothed in the height of Fashion, slim, straight, elegant. Perhaps the coat may be tailored, again in box-back, or one of the many variations of the jaquette. The come beautifully patterned in silken stitching or braided in gold. In many cases the linings are as beautiful as the outside of the costumes. Tricotines and Poiret Twills are the choice in fabrics. Navy Blue the leading color. Robinson's offerings are supreme.

Dresses

Truly lovelier than ever before. Fashion has done well with her simple straight line frocks this season. The gorgeous materials play no little part in these Easter-time creations. Colorings are bright and daring, and many are the two and three-toned combinations. "Hand-drawn" work is Fashion's newest whim in dress-designing. Its effect is most attractive. Elegant embroideries have not been forgotten, frequently a drape is in evidence, sleeves are important and come in all lengths, hem-lines are as uneven as ever. Variety is the key-note. You will find our styles incomparably clever.

The Fashion-Hour For Men

It is true men give more time to styles at Easter than at any one other time. With only Saturday left to shop you will find our stocks of Ready-To-Put-On Clothing wonderfully complete. From Collar-Buttons to Top-Coats we are ready, and ready with assortments never better in our long history. Ready, not only with better styles, but with better values. Not content with the best in Canadian markets, we have secured the best in foreign markets. Wraps

This season are gorgeous affairs, stately in style, slim of line, rich in material, sumptuous in lining, truly they are appealing. Skilfully and gracefully fashion has introduced the blouse-back, one ornament, side fastening silhouette. Occasionally a drape breaks the straightness on some of the models. One rich Cinnamon colored Bolivia wrap shows a bodice of striking silk stitching. Another finds its charm in beautiful chenille embroidery; still another is ornamented in gold. So the story goes, each lovely in its own conception.

The New Silks

Reveal pleasing weaves and delightful colors. The range is complete, and many new crepe effects are noted. Among the popular ones you will see Alltyme Crepe, Flat Crepe, Canton Crepe, Snow Flake Ratine. Paisley effects are being used to good effect. Many desirable patterns and colorings vie with each other for popular approval.

Emphasizing the Desirability of Blue Suits For Men

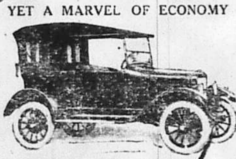

Idle to claim that every man needs a Blue Suit, but safe to say that every man wants one. Splendid for business, not out of place in any but the more formal summer-day events. We are featuring Single-Breasted models in Blue Serges, two-button, three-button, form fitters and Standards; style, lines, finish, fit, such as you associate with high tailored clothes. Our Blue Suits at $24.75 and $35.00 are absolutely the best values shown. Sizes from 34 to 46.

Suiting and Coating Fabrics

Choose from any of these and you will have the correct weave—Poiret Twill, Tricotine, Bolivia, Any Serge, plain and novelty Tweed and Homespuns. Colors featured are Navy, Black, Brown, Taupe, Cocoa. Our Made-to-Order Department will fashion your new suit or coat in a very satisfactory way.

Overland Sturdy--Comfortable Powerful
YET A MARVEL OF ECONOMY

AT present low prices the Overland provides comfortable, reliable motoring at the lowest cost for which such motoring can be had. The Triplex Springs absorb shock and side-sway and prolong the life of the car. The motor returns twenty-five miles—and with some drivers thirty miles or more—to the gallon of gasoline. The gear shifts easily, steering becomes second nature, the driver's seat is comfortable, and the good looks of the Overland commend it everywhere.

Spring Housecleaning

THESE warm days gives us courage to "get busy" with the spring housecleaning.

But when you get that mattress off the bed doesn't it look shabby and worn? And the springs—aren't they beginning to sag and become uneven?

We were fortunate in having a large stock of Mattresses on hand, and while they last you will be able to get them at the old price. Our next shipment will be highes.

Spring Overcoats

Fancy and age are alike to us. We can show the brightest cloths and models for the young men graduating to suit every fancy until we reach the most conservative clerical greys for the older men.

The young men are wearing Lovat and Fawn Tweeds, and Covert Coatings in self tones and overchecks in Raglan and set in sleeve styles with full backs, patch pockets, and split sleeves with cuffs; wide seams are used throughout.

All wool Grey Cheviots in Chesterfield style, with good all wool linings, are priced from $16.00.

Spring Hats and Caps

Can there be much change in a man's hat? Yes, its possible, and there is. We are showing some distinctive Triangular Crease Crowns that are very becoming to young and middle aged faces. Another new one has a small ribbed crease in front and back. A different shape in Brim, which is bound with ¼-inch silk, makes one more smart style. These styles we believe you will only find at Boyes'. Try on these new ones.

TREES AS A CROP.

"I like to emphasize with all my strength that the object of a forester is not to protect trees from being cut. There would be no foresters employed in this or any other country if there were no lumbering operations. It is the forester's business to produce wood, and if he can make money in selling trees three inches in diameter he is doing perfectly legitimate business. The guiding principle in forestry is to see that wood production is contiguous for all time; to see that areas that have been cut over shall come up again in commercial trees; that areas having been burned over shall be regenerated with commercial trees; and that waste lands and areas unfit for agriculture shall be made to bear commercial trees."—Dr. C. D. Howe.

PREPARATION FOR SPRAYING.

(Experimental Farms Note.)

Those who have been accustomed to spray thoroughly for the control of insects and diseases each year will need no reminder of the importance of having everything in readiness to begin at the right time this year. Those who have sprayed irregularly in the past, or who have not sprayed at all, should be warned that insects and diseases take their toll every year. Some years, and in some places, certain kinds are more troublesome than others, but the only way to be reasonably sure of having clean and uninjured fruit is to be prepared in good time for the fight. If one has a pump which was not thoroughly cleaned and left in good working order last autumn, this should be overhauled before growth begins this spring. If left until it is time to make the first spray, which is often the most important one, the critical time might have come and passed before new and necessary parts of the sprayer are received and before the pump is in working condition. If the first spray is not given at the right time, it will be exceedingly difficult, if not impossible, to have clean fruit this year. The term dollar promises to be bad in some parts of Canada, and this is easiest controlled when the first spray is given for apple scab.

Spray calendars, giving the proper mixtures to use and the times of application for the same, can be obtained free of charge from any of the Provincial Departments of Agriculture, or from the Publications Branch, Dominion Department of Agriculture, Ottawa, Ont.

The time for the first spraying arrives just after the leaf buds have broken. If "a stitch in time saves nine", then, certainly a spray in time often saves the situation.

BOY SCOUTS IN FIRE PREVENTION.

Toronto, March.—The Boy Scouts in all their camping and fishing expeditions have never yet been charged with causing a forest fire, said the Manager of the Canadian Forestry Association in a newspaper interview.

The Scouts are diligently trained to take such care with their camp fires, building them in safe places and totally extinguishing them before leaving camp, that the multitudinous activities of the Boy Scout organizations in the woods are never accompanied by any forest losses.

FINE traditions discipline a nation, a family, a person—or a product—to equal fineness. You can't go back on your ancestors. Heredity! *Esprit de corps!*

Fifty years untarnished record lies back of every can of Dougall Varnish. Master coach builders used it before Confederation. Today it is used by over fifty per cent of the automobile manufacturers and professional refinishers in Canada.

Lately, the makers of Dougall Varnish have perfected a complete line of finishes, as well as these famous varnishes—finishes that have this untarnished record of fifty years to live up to! Aristocrats of paint! Thoroughbreds! *They are called*

RE-NEWITT
SURFACE PROTECTING PRODUCTS

There is a perfect Dougall Product for every surface
Univarnish—The one Varnish [illegible]
De-Cote—The Motor Car Varnish that dries overnight.
Muronic—The Incomparable [illegible]
Re-Newitt Wallies and Pure House Colors are absolutely pure paints suitable for buildings, inside and outside. They look best and last longest.

Varnishes, paints, stains, enamels, a complete family, one for practically every known surface-protecting need. Every one guaranteed by its makers—and by its ancestry—best to serve the purpose for which it was made. Any one of which, were it inferior, would sully the record so proudly held for fifty years—a stigma against which the makers have guarded themselves with most painstaking care.

They represent an old standard, a tradition of unequalled fineness, carried into a wider field. They are simply the best that human skill and experience can produce, irrespective of price. *ARISTOCRATS!*

CANNON MADE FROM BIG LOG OF MAPLE.

PECULIAR PIECE OF ORDNANCE USED ONLY ONCE.

One of the most peculiar pieces of ordnance ever invented, as well as one of the most unsatisfactory in its results—of a design probably never used again, at least by the same persons—was that which was tried for its sole occasion at the storming of Fort Henry, in what is now West Virginia, by Simon Girty, the famous renegade, and his several hundred Indian followers on September 1st, 1777.

All day long, without success, and with considerable loss the savages and their still more savage leader had been attempting to carry the little stockade with its handful of defenders. Night had settled down, and their patience was short, when some inventive genius amongst them suggested the making out of a hollow log of artillery with which to batter down the stubborn walls. Probably never before or since has such a cannon been seen.

A maple log already hollowed by the process of time, was bound with chains, plugged at the breech with wood, filled to the muzzle with stones, pieces of iron and other missiles. It was then conveyed to within sixty yards of the gate and discharged. Alas, the result was most unexpected and disheartening. The log burst into a thousand pieces, its fragments scattering in all directions, incidentally killing several of the attackers, and not a picket of the fort was injured.

The 10c., 12c. and 15c. new Spring Wall Papers at Hooper's are catching the early housecleaners. Have you seen them?

AN ODD PRIMER

An odd development in the use of fire-prevention posters put up by the Dominion Forestry Branch was mentioned in a Chief Fire Ranger's report. He wrote:—

"I believe I am safe in saying that 90 per cent of the Indians read Cree sufficiently well to understand simple posters and signs as we have here. Not many can read well, it is true. This is not to be wondered at, for I have never known any organized attempt having been made to teach the Indians to read or write their own syllabics. But most of them will take lots of trouble in trying to make out just what message is contained in any written Cree. I have often seen the younger men being initiated into the secrets of the syllabics, using "Fire Warnings" as a text book. I am sure there is nothing in the Cree language that has been read so much during the past few years as these posters. It is in the evening, after the night camp is made, that a number will gather around the poster that can usually be seen at such camping places and read and discuss its meaning."

Had Kidney Trouble and Found Relief

That's Why Clovisse Bouchard Speaks so Highly of Dodd's Kidney Pills.

She Suffered With Pains in her Kidneys and After Taking Dodd's Kidney Pills Her Pains Disappeared.

Mistassini, Que., Mar. 26th, (Special).—"I was not able to work for the pains in my back," states Madame Clovisse Bouchard, a well known resident here. "I took a few boxes and was able to start work again. After continuing taking the pills, my pains have completely disappeared."

It is statements like the above that have made Dodd's Kidney Pills a household remedy throughout Canada. The satisfaction Dodd's Kidney Pills are giving as a remedy for kidney troubles is shown by the large number of people who keep them always at hand. They have learned that the proper way to avoid serious forms of kidney disease, such as rheumatism, diabetes, dropsy and heart disease, is to correct the early symptoms of kidney trouble.

Ask your neighbors if Dodd's Kidney Pills do not heal and strengthen the kidneys.

Butter and Cheese Exports to United States.

We learn from statistics supplied by the Dominion Department of Agriculture, that, despite the new United States tariff, our export of butter to that country in January, 1923, was greater than in the corresponding month of last year, being 491,466 lbs. against 185,828 lbs. For the ten months ending January 31st, 1923, it was, however, somewhat less than in the corresponding ten months ending on the same date in 1922, being 2,220,844 lbs. against 2,894,583 lbs. Cheese was much in excess in 1922-23 of 1921-22, being 5,880,500 lbs. compared with 2,564,844 lbs. So, too, was the export over the border of powdered milk in excess in 1922-23 compared with 1921-22, the returns reading 1,472,653 lbs. against 222,185 lbs.

New Stage at Wonderland.

Mr. George J. Tustin, Proprietor of "Wonderland", is making a decided improvement to his theatre by erecting a new large commodious stage, with a depth of 19 ft. 6 inches and an opening of 21 ft. 4 inches. This will give ample room for the staging of first-class road shows, and such a place will fill a long-felt want in Napanee. In addition there will be a beautiful new drop curtain, all new scenery and wings, with a complete set of footlights. The stage will be decorated in buff and dark green, and will be used for the first time on Wednesday evening next for the opening performance of "A Nautical Knot". It is Mr. Tustin's intention to give the people of Napanee an opportunity to see some first-class road shows, which he will book for his theatre as soon as things are in working order.

Game and Fish Preserve.

It is reported to us that Mr. D. McDonald, Deputy Minister of the Department of Game and Fisheries, is laying before the Drury Cabinet a scheme for the establishment in Central Ontario, under regulations of the Department, at some suitable point, of a Crown Game and Fish Preserve. Why not Hay Bay? No more convenient place could be found for depositing spawn from the Government Hatcheries at Glenora, and the marsh lands of the Bay cannot be improved upon as a resort for ducks and other game wild fowl. We are told it would not interfere with trappers of muskrats properly licensed and observing the statutory laws relating thereto, in fact it would ultimately result in benefitting legitimate trappers, as the Government would then more directly take interest in seeing that the laws were properly observed and certain owners of property adjoining the marshes would be forced to cease their claims to the marsh lands. Come on with the Game Preserve, sports will welcome it. Let us hear from residents on Hay Bay shores.

The Passing Show of 1923.

Owing to numerous requests for a repeat performance, both from those who saw the production of the play, "Fairies", and from those who were unable to attend, it has been decided to produce it again on the 13th and 14th of April. This pretty little play, however, will be only one item on the new program which will be presented under the name of "The Passing Show of 1923". Mr. Gallagher and Mr. Shean will once again hold forth in song and will air new topics of public interest. There will be several dances on the program in addition to those in the play, and the originality of the costumes is surpassed only by that of the dances themselves. The scenery and the lighting methods used during several of these dances is new to any Napanee stage and gives a surprisingly beautiful effect. A short vaudeville curtain act has been written for two local stars whose performance would do credit to any bill at a Toronto theatre. The final act or number of "The Passing Show of 1923" is a complete three-act play in a condensed form and is a burlesque on modern New York. It has been written specially for the characters who take the parts, and their performance of this play alone would constitute an evening's entertainment. 13a

HISTORICAL SOCIETY.

On Friday evening last the regular monthly meeting of the Lennox and Addington Historical Society was held in the Historical Room. The lecturer of the evening was Dr. Morden, of the Collegiate staff, who gave an illustrated lecture on Venice. The large audience, which about filled the hall, speaks well for the public appreciation of these historical and literary lectures.

Dr. Morden, who has visited Venice on more than one occasion, was able to present a very intimate knowledge of this wonderful city. The lantern slides, well chosen and arranged, were thrown on the screen, and the lecturer discussed and explained them in an interesting and instructive fashion.

Not the least appreciated feature of the address was the Historical introduction by which the speaker succeeded in a few brief minutes in giving an outline of the growth and place in world history of Venice.

Frances, Ontario Agricultural College, Guelph; Mr. J. W. Clark, of Cainsville, and Mr. T. A. Benson, Poultry Branch, Ottawa. The Napanee Poultry Association would like all poultry breeders to take advantage of this opportunity, in seeing this splendid display of poultry and eggs on this Better Live Stock Train. 13a

Cancellation of 12th July Celebration in Napanee.

The following was moved, seconded and resolved,

"Whereas the adjoining County of Frontenac is holding a celebration in the City of Kingston on July 12th, 1923, and also the Historical Society of the same city in commemoration of the 250th Anniversary of the landing of Count Frontenac,

"We, the Primary Lodge Masters and Executive of the County of Lennox and Addington, feel under those conditions that we should withdraw the celebration which we were intending to hold in the Town of Napanee.

"And whereas by holding the celebration in the said town, we realize it would have a tendency to weaken the ties of Brotherhood which now exist so strongly between us.

"We therefore recommend the cancellation of the celebration and thus show the fraternal spirit of our Beloved Order."

Carried unanimously.

POINTED CRITICISMS.

In the discussion in the Legislature on Tuesday, Mr. W. D. Black, M.P.P. Addington had the following to say:

"W. D. Black (Conservative, Addington) was the day's second contributor to the debate. He opened with a tribute to the late R. A. Fowler, the Conservative member for Lennox, who died since the House opened. "He was a man whom to know was to love", declared Mr. Black, adding that the loss of the deceased had left a gap not only in the House but also in the constituency which he had represented and in the Province generally.

Mr. Black alluded humorously to the ephemeral nature of Hon. Mr. Smith's surpluses. A year ago, he recalled, the Provincial Treasurer had reported a surplus which had lasted only a few weeks before being dispersed by Opposition critics. This year's surplus, he went on, is more ambitious, claiming a total of over one million dollars. It had been similarly discredited. He also pointed out to the Government that it had made no denial of the statement of W. F. Nickle, K.C., which had declared that since its accession to power the U. F. O. Cabinet had accumulated a deficit of $6,000,000.

Dairy Act Costly.

Continuing, Mr. Black asked what the U. F. O. Government had done for the farmers who had voted it into power. One of his constituents, he said, had told him that "one thing they have done is to bring into force the Dairy Standard Act at the very time at which the farmers can least afford it." Mr. Black emphasized that he spoke on this issue as one thoroughly conversant with the cheese industry, and he declared that his investigations had proven to him that the Dairy Standards Act had involved even the smallest cheese factories in expenditures of from $300 to $500 each.

Mr. Black went on to consider the Government's road and tourist traffic policies. He would not, he said, quarrel with road expenditure, provided that the limits of wise disbursement and of the ability of the taxpayer to bear the burden were observed. He expressed himself as being enthusiastically convinced of the possibility of developing the Province's tourist traffic, and he was specifically of the opinion that a grant of from $50,000 to $100,000 might be advantageously expended in the Counties of Lennox and Addington.

MOSCOW.

The oldest residents of this place are unanimous in their opinion that the March through which we have just passed was the coldest in the history of Moscow. It is with sincere regret that we record the death of Mrs Neil Lucas, which occurred on Saturday evening, March 24th, in the 53rd year of her age. Mrs Milsap was one of the most active women in social and church work, and her passing will be a great loss to the neighborhood. Our heartfelt sympathy goes out to the sorrowing friends.—The students attending the various educational institutions are spending their Easter holidays at the homes of their parents.—Some of our local almanac makers are contending that Easter Sunday should be celebrated on April 8th instead of April 1st, and base their deductions on the fact that Easter comes on the Sunday following the first full moon that happens after March 21st, and since the full moon did not materialize until 8 o'clock on Sunday morning last consequently the 8th would be Easter.—We are pleased to note that Mrs Ward, who has been seriously ill for the past two weeks, is on the way to recovery. — Mr. Henry Huffman, who has been wintering at one of the fashionable watering places in Florida, reached home on Saturday.—Mr. and Mrs. J. F. Diamond, of Batavia, N.Y., spent Easter with Mr. and Mrs. H. A. Baker.—Mr. and Mrs. Charles Amey were the guests of Mayor Newman, of Picton, during part of their stay in that progressive town recently.—The Yarker orchestra, that gave the program at the box social held here recently, was greatly appreciated. Mr. Ferrier, Manager of the Yarker branch of the Bank of Montreal, acted as chairman, and filled the position admirably, and proved to be a good entertainer.—Mr. J. B. Lucas celebrated his 86th birthday on the 26th of March, when a number of his intimate friends dropped in for the occasion, and were right royally entertained by Mr. Lucas and family. Mr. Lucas enjoys the distinction of being the oldest resident of Moscow, and his interesting stories of early pioneer life in this section makes a visit to this home interesting indeed.

COLEBROOK.

Mrs. Roy Peters, of Wilton, and Mrs. T. Percy, of Belleville, were the guests of their parents, Mr. and Mrs. Jas. Lee, for a few days last week.—Miss Luella Garrison, nurse-in-training at the Ontario Hospital, Kingston, spent the week-end with her mother, Mrs. C. N. Garrison, who has been indisposed for some time.—Easter services, conducted by the pastor, Rev. J. W. Down, were well attended on Sunday in the Methodist Church. ANDERSON.

An unusually attractive service was held at the Anderson Methodist Church on Sunday evening last, when the following program, under the direction of Mr. Asahael Bowen, was given. The opening hymn, "All Hail the Power of Jesus Name", was sung with excellent spirit, and the lesson Matthew 28 was read by Mr. Rockwell Parks. A solo was sung by Rev. W. H. Truscott, "Jesus was all the world to me". An address was then delivered by Mr. Allan Baldwin, on the "Life of Jesus", which was intellectually presented and well received. A duett entitled "The heart that was broken for me", was given by the Misses Rosa Baldwin and P. Truscott. Another address was given, entitled "The Death of Jesus", by Miss P. Truscott, which was also much appreciated. A duett, entitled "Alone", was sung by Mr. and Miss Truscott. The congregation then sung Hymn No. 71, "When I survey the wondrous Cross", and the Pastor followed with an address on the Resurrection. Miss Truscott sang a very effective solo, "Oh it is wonderful", and this service so thoroughly enjoyed by a large congregation, was brought to a close.

"A NAUTICAL KNOT"

Those who attended the performance of "A Nautical Knot" on Wednesday or Thursday evening were unanimous in their praise of the splendid production, whose perfection was mainly due to the efforts of Professor Baird, who conducted the opera. The chorus was a treat, a group of fresh young voices, well trained, and admirably adapted to the pretty music.

Mrs. Bradley, as "the Belle of Barnstapool", was all that could be desired, and her lovely voice was no small part of the evening's success. Mr. LaSalle, as the artist lover, was splendid, and the duets were especially good.

Miss Leah Ramsay made a charming "Nance", and an exceptionally pretty sweetheart for "Joe". The latter was portrayed by Mr. Barrett, who made an ideal mate for the "Bounding Billow".

The three pretty girls of Barnstapoole, "Delia, Daisy and Dora", were the Misses Mary Derry, Mildred Perry and Evelyn McKim. Very dainty and attractive they were in their organdie frocks, and no wonder that "Jim, Ned and Jack" (Messrs. Baughan, Bell and Mills) were able to forget the fickle Julia. The acting of all six of these young people was exceedingly well done, and the sailors' choruses were well acted and sung.

When we say that the star of the evening was "Bill Salt", portrayed as only Mr. J. G. Daly could portray the part, we think that the assenting voice is unanimous. The "bo'sin of the Bounding Billow" held the stage from the moment of his first appearance. The part was full of humor, and Mr. Daly accentuated every bit of it. His fine deep voice was especially suited to the boatswain's songs, and he received encore after encore.

Miss Rouette-Dalton added the finishing touches to this very pretty play, by dancing at appropriate moments, the Sailor's Hornpipe and a Spanish Dance. The young lady danced with the ease of a professional, and was brought back both times by the hearty applause of the audience.

The Orchestra, which after all is "the making of an opera", was picked from the best musicians in town, and was a splendid support to the vocal artists, and the overtures were exceptionally well done.

STELLA.

The weather of the past week makes us think that winter is still lingering with us. The ice as yet is safe for travel, and many are taking advantage of it.—April Fools' day came on Sunday this year. It looks as if this motive had been in view when no service was held in St. Paul's church on Sunday morning, even though minister and congregation had assembled. — School has closed for the Easter holidays, and the teachers have gone to their respective homes. Miss Machan, to Mitchelton; Miss Salsbury, to Camden East; Miss Bedore, to Kingston; Mrs. Lawder, to Toronto. — Miss Edna Fleming and Miss Ailene Miller are spending the holidays at their respective homes.—Among the other teachers home for their holidays are Miss Marjorie McGinness, Croydon; Miss Ruth McCormick, Hayburn; Miss Kate Drumgoole, Newburgh. — Mr. and Mrs. Ross Filson, Odessa, were Sunday visitors on the Island.—A number are still ill with the grippe and flu—Miss Edna Glenn, Sillsville, was removed to her home last week.—Miss Ada Pringle has gone to Toronto Hospital to enter as nurse-in-training.—Mr. Geo. GRACE CHURCH SPECIAL SERVICES

First, there is singing by the large chorus choir under the direction of Fred. G. Fisher, who is said to be without an equal in the U. S. as a director of evangelistic music. He is an ardent Baptist and isn't ashamed to own it. Mr. Fisher was for ten years the leader of Billy Sunday's famous choir, also soloist, and his work here thus far has certainly borne out his previous reputation. Joe R. Hanley, D.D., is first of all a real man in the best sense of the word. During the war he served overseas for two years, gaining the rank of Major. Unlike some war chaplains he did not stay behind in battle, but shared the dug-out, and went over the top with the rest of the boys. He has faced danger and death and through it all was more deeply convinced that the best friend to have is Jesus, hence his continuation in evangelistic work after his return to civil life. He does not use the sensational methods sometimes employed to gain a large hearing, yet his sermons are interspersed with humor and witty stories in plenty to hold the attention of all. Under all is discerned a deep current of spirituality that gives him a personal longing to see souls saved, and converts his hearers to the truth and sanity of a religious life that can be lived seven days and nights in the week.

Mr. Hanley was born in Iowa, was a member of the law firm of Hanley & Son, Muscatine, Iowa, was a soldier in the Spanish American war, a chaplain in the world war, has two wound stripes and two citations. He is a member of the M. Episcopal Conference and received his D. D. from Iowa Wesleyan College. He has been for ten years on the Chautauqua circuits as lecturer. He is a Rotarian, and a thirty-second degree Mason. Being a member in all of some nine secret societies he is a good mixer.

He served for four years as Secretary of the American Vice Commission appointed by President Taft. Of this commission Elihu Root was chairman. The other members were Dr. F. W. Gunsolus, Jane Addams and Oliver E. Mann. Their report resulted in the famous Mann Act. Consequently the Sunday afternoon address on Women and Morals is given by an expert investigator and will be of special interest to the ladies' Organizations of the town.

NEWBURGH.

The readers of the Beaver are being favored this week with another poem from the pen of our local poet, Mr. T. A. Dunwoody.

The Choir of the Methodist Church gave a very unique program at their social on Wednesday evening. Three delightful essays on the lives of three of our popular composers were read, after which the audience listened to some well rendered selections on the piano. Toward the close plenty of cake and coffee were in evidence.

Mrs. Acton Robinson was at Mrs. Dunwoody's, on Monday.

Mr. and Mrs. James Thomson and family were in the village over Easter.

Miss Essie Johnston, of Ottawa, is spending the holidays with her mother and sister in the village.

Mr. and Mrs. Percy Vanluven, of Mountain Grove, were in the village this week, visiting friends.

Mr. W. Wright and family are leaving town this week for their new home in Thamesford, Ontario.

Mr. Charlie Detlor has purchased a new car and will run a taxi between Newburgh and the nearby town.

Mrs. Switzer, of the Palace Road, was in the village on Sunday and visited with her sisters, Mrs. Milligan and Mrs. Hill.

The Easter meeting of the W. M. S. was held in the church on Wednesday afternoon. A luncheon was provided and a very pleasant social hour was spent. Mrs. Wagar, the District Organizer, was present and gave an interesting and informing talk on the work being done in many fields. We are sure that all went home with a deeper interest in the great Missionary cause.

On Tuesday morning, April 3rd, there passed away one of the oldest residents of Newburgh, in the person of Mrs. Thomson, widow of the late James Thomson, who at one time was proprietor of what has always been known as Thomsons' paper mill. Mr. Thomson passed away some years ago. Three sons survive, James Thomson, of Napanee, and Charlie and George, of Toronto.

Poetry Seasonable Last Week.

The strenuous time of lent is past,
Nor could we wish that it would last,
With all its stern austerity
To sink our frail humanity.

Our bodies now we'll seek to raise
In many doubtful human ways,
Nor further try to keep them under,
In devious ways we'll let them wander.

Perchance we'll buy an Easter hat,
In shape, upraised, or fairly flat,
We'll either buy from Mrs. Doxsee,
Or Eaton's catalogue as proxy.

But oh how frail are human ways,
The nights are cold as well the days,
How can I wear a cool spring hat
With pedals cased in winter spat.

This year has broken records past,
We still have cold and wintry blast;
The air has none of springtime balm,
We still must wear our winter tam.

Could we reverse our human pride,
And lay our tinselled dress aside,
Dressing in lines severe and plain,
Of this, of course, we could be vain.

And thus our human nature please,
Giving our hands and brain more ease
Pointing with scornful virtuous finger
To those who in the world do linger.

But virtue is its own reward,
Nor hats, nor coats can we regard
As signs of character upright,
Nor will these bring us to the light.

"A Terrible Experience"

"I Recall My Experiences with the Burglar with Feelings of Horror!"

"How would you feel if you wakened in the middle of the night with a [illegible] shining in your eyes and the [illegible] voice of a man threatening that, if you make the slightest noise, I'll [illegible]' That [illegible] my experience the end of last March when my husband was away in the woods and I was alone with my three children. Everytime I think of this experience a shudder passes over me and as long as I live I shall remember it. At the time I really thought I would die. It's a wonder my heart did not stop beating. I was so weak that even if I had any desire to move, I could not. I was bathed in a cold, clammy perspiration. Even to recall the shocking details now makes me shudder. It was a result of this shock that I contracted a high fever and for [illegible] at a time I was delirious. I got so bad that the doctor finally gave up hope of my ever recovering, but by careful nursing, I was finally pronounced out of danger. The shock had left me so weak, that, for no reason whatever, I would suddenly burst into tears. All the life seemed to have been taken out of me. I kept getting weaker and weaker, so much so that my husband and children were constantly worrying about me. Doctors prescribed for me and while I willingly tried their medicines, only very few of them did me any good, but unfortunately the good was not lasting. My family asked me if I would try Carnol and I said, 'I was willing to try anything,' but felt that it would not do me any good. Four bottles of Carnol taken regularly, has completely restored my former health and strength and, while I occasionally recall my experience with the burglar with feelings of horror, I am otherwise as well and strong as I have ever been. Carnol is the most wonderful preparation I have ever used for building and restoring health and strength. It has done wonders for several of my friends to whom I have recommended it." Mrs. McC. of....

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 4-628

She Suffered for Twenty-Five Years

Then Mde. Arbour Used Dodd's Kidney Pills

Quebec Lady Who Suffered From Bright's Disease, Diabetes and Dropsy Restored to Good Health by Using Dodd's Kidney Pills.

White Head Perce, Que., April 2nd. (Special). "For twenty-five years I have suffered from various forms of kidney disease which includes Bright's Disease, Diabetes and Dropsy. I had pains in my back and was always tired and nervous. At times I found it difficult to collect my thoughts and I had sharp pains on the top of my head."

"I took fifteen boxes of Dodd's Kidney Pills and they have done me a lot of good. I am now enjoying good health."

Madame Francois Arbour, who lives here, makes the above statement. All over Canada, Dodd's Kidney Pills are recognized as suffering women's best friend. They act directly on the kidneys, making them strong and healthy. Diseased kidneys are the cause of nine-tenths of all the ills women are heir to. Sound kidneys mean pure blood. Pure blood means good health.

Weak, nervous, run-down women should ask their neighbors about Dodd's Kidney Pills.

WRIGLEY'S SPEARMINT

TO EXPECTANT MOTHERS

A Letter from Mrs. Smith Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Trenton, Ont.—"I am writing to you in regard to Lydia E. Pinkham's Vegetable Compound. I would not be without it. I have taken it before each of my children was born and afterwards, and find it a great help. Before my first baby was born I had shortness of breath and ringing in my ears. I felt as if I would never pull through. One day a friend of my husband told him what the Vegetable Compound had done for his wife and advised him to take a bottle home for me. After the fourth bottle I was a different woman. I have four children now, and I always find the Vegetable Compound a great help as it seems to make confinement easier. I recommend it to my friends."—Mrs. FRED H. SMITH, John St., Trenton, Ont.

Lydia E. Pinkham's Vegetable Compound is an excellent medicine for expectant mothers, and should be taken during the entire period. It has a general effect to strengthen and tone up the entire system, so that it may work in every respect effectually as nature intended. Thousands of women testify to this fact. C

WHY BABIES CRY

It's often hard to find the trouble—It may be teeth—it may be stomach—but oh! so often it is just a chafed irritated skin on which poor Soap has been used.

The remedy for this is so simple! Hours of suffering—night after night of disturbance—have been avoided by mothers, who have insisted on—*Baby's Own Soap.* Of course it costs a little more, a very little more however—than what is often bought and used—but four generations of Canadian Mothers are there to vouch for its purity, for the soothing healing effect on Baby's delicate skin, for the lovely pure flower fragrance it leaves when Baby fresh and clean is taken from his bath.

Don't you think, Madam, it's worth paying the 15c. a cake, a little less if you buy a box (3 cakes) which your dealer asks for Baby's Own Soap. Adv.

The living room was tastefully decorated with Easter lilies and spring flowers. A bevy of college students home for the Easter recess were among the guests. At the tea table, which was prettily arranged with bowls of daffodils and little Easter fancies, Miss Alice Preston poured tea, and Miss Constance Grange served the ices. The assistants were Miss Keenleyside, Miss Helen Wallace and Miss Margaret Daly.

A delightful dinner party was given at the home of Mr. and Mrs. Willet Doller on Monday evening in honor of Mrs. W. S. Herrington, who sailed to-day from St. John, N.B., for the Old Country. The long, homey dining room was softly lighted with yellow candles, and daffodils were used as floral decorations to accentuate the color scheme. Covers were laid for twenty guests, all of whom were intimate friends of Mrs. Herrington. In the centre of the table an "ocean liner" was (apparently) plowing its way through billows of sea-green tulle, while the place-cards floated like flags from miniature steamships. Tiny life-preservers were provided for each guest, and very useful they proved. As a very charming finale to this "Bon Voyage" dinner, after the last course had been served, a sturdy little tug was propelled towards the guest of honor, towing in its wake several mysterious parcels which proved to be farewell gifts. A pleasant evening was spent playing Bridge. Throughout the evening Marconigrams were continually arriving which proved a good deal of fun and merriment. At parting, Mrs. Herrington was showered with the best of wishes.

COLEMAN—SWEITZER.

A very quiet wedding was solemnized at the Church of St. Mary Magdalene on Tuesday at high noon, when Henry Kerr Coleman, only son of the Rev. J. H. H. and Mrs. Coleman, of Napanee, was united in marriage with Stella Agnes Sweitzer, of East St. Louis, Illinois. The Vicar of St. Mary Magdalene, the father of the groom, officiated, and the bride, who looked very sweet in navy taffeta, with a small French hat to match, and who carried pink rose buds, was given away by her sister, Mrs. F. Verder. The bridesmaid, Miss Winslow, of Boston, was prettily gowned in dark brown chiffon, and Mr. J. M. Simpson acted as best man. Only the immediate relatives were present at the ceremony, after which a wedding breakfast was held at the Vicarage, where the rooms were bright with spring blossoms, yellow daffodils forming a pretty centre for the bride's table. Among the out-of-town guests were Mrs. Alex. Macphail, of Kingston; Mrs. Verder, of East St. Louis and Miss Winslow, of Boston. After a short wedding journey, the Rev. and Mrs. H. K. Coleman will reside at Parham, where Mr. Coleman has charge of St. Alban's Church.

THE PASSING SHOW OF 1923

This production is produced by amateurs on a professional scale. It consists of ten parts, each one being a distinct offering. There are two complete plays included in the program, as well as several songs, but the motif through the whole of the entertainment is the Dance.

The first number is the play, "Fairies", which was produced with such success a few weeks ago. The average age of the cast of this play is about fourteen, but they carry on with the ease and poise of a professional troupe. There is a great variety of dances throughout this play, each couple performing a specialty dance, which entertains the spectator from Scotland to Mexico, while Miss Rouette Dalton does two solo fairy dances as well as a Spanish number with her partner.

Mr. Gallagher and Mr. Shean will once more appear, and, should the audience desire an encore, they state that they are once more prepared to discuss several local topics in song.

Miss Jean Macpherson, of Toronto, who will be remembered from a previous appearance in Napanee during the war, will give a scarf dance and another of her own selection.

One of the scenes will depict the Temple at Zarrataj in Burmah. Miss Rouette Dalton will appear as the Idol Dancer and Miss Jean Macpherson as the Goddess of Maj Mulp Der.

Mrs. Katherine Powell, who needs no introduction to a Napanee audience, will give the orchestra a busy time while she is on the stage.

A Very Wooden Soldier (James Carr) and a very Lurid Toy Doll (Miss Helen Davy), will, when properly wound up, do a dance that is all their own.

The final number is a complete play in three acts entitled "The Model Policeman and the Beautiful Heiress and How He Married Her, but She Didn't Marry Him." It has never been produced before and probably never will be produced again so do not miss the chance to see this burlesque, and especially the Model Policeman.

OBITUARY.

On Saturday, March 24th, 1923, Mrs. Neil Milsap (nee Cassie May Huffman), passed from her earthly to her heavenly home, in the 53rd year of her age. She was born at Moscow, on the 25th of March, 1870, and had she lived a few hours longer, would have died on the anniversary of her birth.

Mrs. Milsap was the eldest daughter of Mr. and Mrs. Milo Huffman, a highly respected family of this neighborhood, and on the 15th of October, 1890, was united in marriage to Mr. Neil Milsap, of this place.

Mrs. Milsap in early childhood, gave her life to the service of Christ and to the Christian Church, and being a talented musician, consecrated these gifts to the service of her Master.

The late Mrs. Milsap was organist of the Methodist Church for twenty-five years, and during a considerable portion of that period, served as choir leader as well. She was actively interested in the Ladies' Aid Society, an active member of the Ladies' Orange Benevolent Association, and President of the Moscow Red Cross Society, and her patriotism and loyalty was ever a source of inspiration to those who served with her. A woman of high Christian ideals and cheerful disposition, she was beloved by all who knew her. Her interest in all that was connected with the home and Church, was unfailing. As evidencing the esteem in which she was held, her many friends filled the large Methodist Church at Moscow on the day of her funeral, and the many beautiful floral tributes bore silent testimony of Christian sympathy and loving remembrance.

The funeral services were conducted by Rev. J. F. Everson, of Prince Albert, Ont., a former Pastor and intimate friend of the family, who spoke eloquently and impressively from the Songs of Solomon 6-2, "My beloved is gone down into his garden, to the beds of spices, to feed in the gardens, and to gather lilies".

The late Mrs. Milsap is survived by her sorrowing husband and only son, Lyall; her aged father and mother, one sister, Mrs. John Judge, of Moscow, and two brothers, Garnet Huffman, of Moscow, and Everett Huffman, of Hartington.

"Precious in the sight of the Lord is the death of His saints".

IN MEMORIAM.

In loving memory of Elizabeth, beloved wife of J. A. Birrell, who passed away April 7th, 1922.

Gone from our midst our darling;
Your place can never be filled.
A bright young life has reached the end,
A kind, true heart was stilled.
Do not ask us if we miss her,
There is such a vacant place;
Can we e'er forget that footstep,
And that dear smiling face.
In our hearts your memory lingers,
Sweetly tender, fond and true.
There is not a day, dear Lizzie,
That we do not think of you.

The musical portions of the services were of a high order, and the choir, organist, and choirmaster deserve praise for the time spent in getting their Easter music up. The Te Deum was by Sullivan, the Communion service by Roland Smart, the Magnificat and Nunc Dimittis by Camidge, and the anthem "Now Is Christ Risen", by Nichol. Mrs. Harband kindly donated the lilies for the altar. Many made their Easter communion. The Rector's sermons emphasized the fact of the Victory over Sin and Death by the Resurrection of our Lord Jesus Christ. The congregations were large and all enjoyed the Queen of Festivals who attended church in the spirit of Easter Tide.

Besides his widow, he leaves a stepson, Don. F. Mitchell, of St. Clair, Michigan; two sons, George and Charles, of Ernesttown, and three daughters, Mrs. A. C. Miller, Mrs. F. P. Lawrence, also of Ernesttown, and Mrs. Eldin Lawrence, of Sydenham, to mourn the loss of a kind husband and a loving father. Mr. James T. Loyst, on the old homestead, is a brother, and Mrs. Peter Steele, of Victoria, B.C., a sister, the only two left of a family of nine.

The funeral service was conducted by Rev. J. H. H. Coleman, from his late residence, on Sunday, March 11th. The family have the sympathy of their many friends.

ODESSA YOUTH KILLED IN MILL.

Frank Babcock Was Caught in Shafting at Millhaven and Died Four Hours Later.—Was Highly Respected.

Frank Babcock, aged 19, a resident of Odessa, was so badly injured on Wednesday last when he became tangled in some shafting at the mill at Millhaven owned by R. Rickey, that he died four hours after being discovered lying on the floor of the engine room. Just how the unfortunate youth became caught in the machinery will never be known, as he was alone at the time and was found by a customer who came to the mill. It is evident that the accident happened quickly as Babcock was seen going into the engine room a few minutes before the farmer discovered him badly injured.

The injured man was immediately removed to the home of Mr. Rickey, a short distance away, and Dr. Northmore and Dr. Maybee were quickly on the scene. They found that he was suffering from serious internal injuries, and though they did everything possible for him, he passed away at three o'clock in the afternoon, about four hours after the accident had happened.

The late Mr. Babcock was one of the best known and most highly respected of the younger generation in the district. He was not married, and his mother resides in Odessa, whither the remains were transferred and from where the funeral took place. His father, who was for many years a blacksmith in Odessa, died a couple of years ago. The sad affair has cast a gloom over the entire district, as deceased was well known and everyone had a good word for him. His relatives have received many messages of sympathy in their bereavement.

Externally or Internally, It Is Good.—When applied externally by brisk rubbing, Dr. Thomas' Eclectric Oil opens the pores and penetrates the tissue, touching the seat of the trouble and immediately affording relief. Administered internally, it will still the irritation in the throat which induces coughing and will relieve affections of the bronchial tubes and respiratory organs. Try it and be convinced.

A stranger strolled up to a colored prisoner who was taking a long interval of rest between two heaves of a pick. "Well, Sam, what crime did you commit to be put in overalls and under guard?"

"Ah went on a furlong, sah."

"You mean you went on a furlough."

"No, boss, it was a sho-nuff furlong. Ah went too fur, and ah stayed too long."

A Household Medicine.—They that are acquainted with the sterling properties of Dr. Thomas' Eclectric Oil in the treatment of many ailments would not be without it in the house. It is truly a household medicine and as it is effective in dealing with many ordinary complaints it is an inexpensive medicine. So, keep it at hand, as the call for it may come most unexpectedly.

ERNESTTOWN STATION.

It is with a sad heart and misty eye that we have to record the death of Egbert and Ford Thompson, sons of Mr. and Mrs. Winzie Thompson. Egbert passed away March 1st, after an illness of three weeks, with influenza, aged 14 years; Ford March 13th, with influenza which developed into diphtheria and paralysis, aged 16 years. There are two sons left, Clarence married and living at home with his parents, and Claude married and living at Links Mills. No language can picture the pathetic sadness of two vacant chairs in the home. Two bright and promising boys just on the eve of manhood, have been called to their eternal home, but the Christians believe that we shall meet our friends again in that land where "united souls shall gladness share." There is still a golden hope even beyond the dark portals of the grave. We look beyond the realm of this world for comfort when our heart-strings are torn. We remember the star, the wonderful star, that startled the shepherds on their lonely hills. We think of Him who stilled the wave on the Lake of Galilee, and who said, "Suffer little children to come unto me for of such is the Kingdom of Heaven.

Even when your floors are discolored with age you can make them fresh and new-looking by using Carmote Floor Varnish.

This varnish comes mixed with colors to match any woodwork. With one brush-stroke you can both stain and varnish. You can also get it clear—without coloring.

Carmote Floor Varnish hardens thoroughly and never becomes soft or sticky. It is recommended especially for all kinds of furniture.

Easter Services.

St. Mary Magdalene's Church was well filled at all the services on Easter Day, and looked its best in its white hangings and flowers. Large numbers received the Holy Communion at the two morning Celebrations. The Choir rendered appropriate music very effectively, the selections including Tour's magnificent setting of the Te Deum, and the anthem, "Ye Choirs of New Jerusalem". At the morning service Mr. Harold Bartlett, and in the evening Miss Georgie Robinson gave solos, both being beautifully rendered and greatly enjoyed. The Vicar preached on subjects suitable to the festival, and was assisted by his father, Rev. A. H. Coleman. A pleasant feature of the evening service was the presentation by the men and boys of the Choir of a beautiful Prayer-Book to the "Choir-Mother", Mrs. Wellington Baker.

Some Hints About Buying Paints.

Do not buy Paint because it happens to be a little cheaper. You only get what you pay for. We have been asked to exchange Paints bought from Eaton's, because they did not like it. Of course you know what that means. Then there are others who bought odd lines or job lots. They are not satisfied. Please do not ask us to exchange any only the makes we handle. When you buy from us you are running no risk, and you are buying the best that money can buy. It costs no more to put on good Paint than the cheaper line, and when on, you will be satisfied. All Paints sold under guarantee. It is worth scmething to be satisfied.

INCREASE IN PAPER MAKING.

Thirteen new paper-making machines are being installed in Canadian paper mills this year. These thirteen machines, when erected and running full, will consume more than 350,000 additional cords of wood a year. Not counting these machines, Canada is already engaged in exporting annually more than 5,000,000 cords of pulpwood, representing the growth of a century or more, from 1,250,000 acres of land.

Every new paper machine installed in Canada and every new issue of pulp and paper securities brought out and sold to our people is an added reason for prohibiting the export of raw wood from Canada.

HIGH COMPLIMENT PAID MR. MacGREGOR IN DETROIT RECITAL

The Detroit News contains very complimentary references to Mr. Knight MacGregor, brother of our Mayor, Mr. A. MacGregor, who sang in recital in Detroit, recently. It says:

The enthusiasm that followed Knight MacGregor's singing in Orchestra Hall Sunday afternoon surprised everyone but those who had heard him before; they expected it. Although Mr. MacGregor spent a year in Detroit studying voice he was comparatively unknown to the group that had gathered yesterday to hear him as soloist with the Detroit Symphony Orchestra. His reception proved that concert hall attendants are keen to discover new young talent.

Mr. MacGregor is a baritone; he sang twice. His first song was in Italian, as set to music by Verdi, in "The Masked Ball". The aria is known as "Eri tu che Macchiavi", and is sung in the third act of the opera, the greatest of the arias allotted to Reinhart in the style of Verdi; it is naturally somewhat more bombastic than music. It makes Reinhart rant and boast, puff and threaten, as he rails against the wrongs that have been done him. Mr. MacGregor followed operatic tradition in presenting the song, his robust voice finding grateful material in it. But it was his second song that bowled over his hearers, "I Am a Roamer", from the operetta, "Eon and Stranger", by Mendelssohn. Although the pace is swift in this piece, Mr. MacGregor sang every word intelligibly. He sang it in English; the music has a rastic, swinging lilt until the last few measures, which are grandiloquent. Description of the scene that followed will be sufficient commentary on Mr. MacGregor's ability. Applause rose and fell, almost stopped, then broke out again spontaneously. Mr. MacGregor paced in answer, from centre of stage to exit at least ten times. No singer on the Sunday programme has been recalled oftener. At last some one told his appreciation in flowers. Mr. MacGregor placing the graceful basket of roses near the conductor's stand, where it represented him during the rest of the concert which was given over to orchestra music.

Address and Presentation.

On Wednesday, March 14th, the members of the W. M. S. of Enterprise met at the home of Mrs. Hubert Wagar and presented Mrs. Frank Thompson with the following address before her removal to Centreville:

Dear Mrs. Thompson,—

We, your friends and co-workers of the W. M. S., regret very much to hear of your departure from among us. We have always found you to be a most willing and faithful worker, and ready to help in any way for the benefit of the Society.

As Superintendent of the Mission Band, you, and your children, have been very earnest workers and always at your post of duty, even though sometimes it may have been quite a sacrifice. Not only in missionary work have you taken a great interest, but in every branch of church work, Sunday School as teacher, Ladies' Aid, prayer meeting, and regular church service, always being present and doing your best to promote the welfare of the cause.

We will miss you and your family very much, but know, what is our loss will mean a great gain to the community where you will reside.

We cannot let you go from among us without some notice being taken of your labor with us. We, therefore, wish you to accept this "Life Membership Certificate" as a small token of our appreciation for your faithful and unstinted work in our Society.

We trust, in leaving, you will think kindly of the past fellowship while here with us.

Signed on behalf of the Society.

MRS. HARRY JACKSON,
President.
MRS. H. W. WAGAR,
Secretary (pro. tem.)

Mrs. Thompson very feelingly replied, thanking the Woman's Missionary Society for their kindness in remembering her, and assuring them that she would not forget her friends at Enterprise.

OBITUARY.

At her home, in the Village of Yarker, Mrs. John Emberley passed away very suddenly on Saturday morning, April 7th. She had been suffering for some months with a serious attack of heart failure, which gradually grew worse until the end came, and she fell asleep very peacefully just at the rising of the sun.

Her maiden name was Martha Simmons, and her father was the late John Simmons, of Camden East. She was born in Camden in the year 1854, and was 69 years of age when she died. At the age of 20 years she was married to the late John Emberley, who predeceased her some four years ago. After their marriage they lived at the old Emberley homestead on Bethel St. for some years. About 38 years ago they came to Yarker and settled in the home where they both died. Our translated sister was a life long member of the Methodist Church and lived a quiet, devoted christian life until she joined the church triumphant.

She leaves to mourn her loss two sons, Alva, of Ernesttown, and Arthur, of Ayrs Cliff, Que. There are also seven grandchildren and one sister, Mrs. Wm. Simpkins, of Yarker. Her eldest son, G. E. Emberley, a professor in Macdonald College, Quebec, died just one year and three months before his mother.

A largely attended memorial service was conducted by her pastor, the Rev. J. Wesley Down, at the old home on Tuesday afternoon. A full and suitable musical service was rendered by the choir, while a timely and most inspiring sermon was preached by the pastor from the fourteenth verse of the 35th Psalm: "I bowed heavily, as one that mourneth for his mother". The duties of the undertaker were performed with care and skill by Mr. Knight, of Sydenham. Her remains were laid to rest in "the city of the silent" at Yarker beside her lamented husband and son. The beautiful casket was placed in a large steel vault as a thoughtful token of respect by her two surviving sons.

COLEBROOK.

The funeral of the late Mrs. Marjorie Lucas, relict of the late Hiram P. Lucas, occurred at the Methodist Church, on Saturday, April 7th. Deceased passed peacefully away, after a lingering illness, on April 4th, and until a few hours of her death was a great sufferer, which she bore with Christian fortitude. She was 87 years old and lived her entire life in the Township of Camden, moving from near Centreville to Colebrook a number of years ago. Deceased was a faithful member of the Methodist Church, and was always a regular attendant, until sickness prevented. Her kind smile, good advice and motherly disposition will long remain with this community. The funeral services were conducted by her Pastor, Rev. J. W. Down, who chose as his text a favorite verse of deceased, the 14th chapter of Job and the 14th verse, "If a man die shall he live again, all the days of my appointed time will I wait till my change come". Deceased is survived by three daughters and one son, Mrs. George Riddell, of this place; Mrs. J. Woodcock, of Herchimer, N.Y.; Mrs. R. Richardson, of Boston, Mass., and George D., of this place. The sympathy of the neighborhood is extended to the family in their hour of bereavement.

SWISS MASONRY TOLD IN BELLEVILLE

PRIN. G. W. MORDEN DELIGHTS AUDIENCE IN BELLEVILLE.

Mr. G. W. Morden, Principal of the Collegiate Institute at Napanee, and a well known scholar and lecturer, addressed members of Belleville Lodge, A. F. & A. M., upon his experiences during the war in connection with French and German Lodges in Switzerland.

Mr. Morden had the great advantage of being there in a representative capacity in connection indirectly with the air service and with supplies, and also in being a linguist and equally familiar with the French and German languages. His report on the resemblances and differences between Canadian Craft Masonry and theirs, his summary of the attitude of the various lodges towards the war in that neutral country and his vivid description of the life and surroundings in the oldest of modern republics, proved most interesting and instructive to the large number privileged to hear him. M. W. Bro. W. N. Ponton, Grand Master, moved a vote of thanks and addressed the brethren on conditions of Masonry in Canada and the United States, and W. Bro. J. S. McKeown and W. Bro. C. F. Wallbridge seconded and supported the resolution of appreciation.—Belleville Ontario.

OBITUARY.

Adam Ezra Cadman.

Death again has visited our community and claimed for its victim one of the residents of Roblin, in the person of Adam Ezra Cadman.

Deceased was born near Roblin, in Camden Township, August 26th, 1855. He was the son of Conrid Cadman. Mr. Cadman had three years previous suffered from a heavy paralytic stroke, but had sufficiently recovered to go about doing some work. The end came April 2nd, 1923, quite suddenly, while splitting wood in the shed.

On the 7th of May, 1889, he was united in marriage to Olivia Snider, who through life shared earth's toils and sorrows, perplexities and disappointments and tenderly nursed him during the three years of failing health, and was the first to find the dead form of a loving husband, and convey the sad news to the neighbors.

The funeral service was conducted in the Holiness Movement Church at Roblin, by Rev. R. M. Hammond, assisted by the Rev. Mr. Wilson, Methodist minister. Interment was made in the cemetery at Napanee. He is survived by his sorrowing companion, one son, Ezra Albert, and an adopted daughter, Lizzie, and a large circle of friends, all of which have our sincere sympathy.

Wesley VanAlstine.

On Wednesday, March 28th, 1923, Wesley VanAlstine passed from his earthly to his heavenly home, in the 77th year of his age.

He was born in North Fredericksburgh, on May 25th, 1846. He was the oldest son of Joseph VanAlstine, and later moved with his parents to Richmond. On January 26th, 1871, he was married to Margaret McMullen, of Richmond. He lived on the farm until [illegible] years ago, when he moved into town, where he died, death resulting from a stroke.

He was a member of Grace Methodist Church, and is survived by his widow and one daughter, Emma, at home, and one son, Charles W. VanAlstine, on the homestead; one daughter, Mrs. J. F. Vankoughnet, having preceded him but a few months.

Mrs. S. C. Whaling.

Mrs. S. C. Whaling, of Grand Forks, North Dakota, passed away at her home, on March 28th, 1923, after a short illness. Heart trouble was the cause of her death. The deceased was sixty years of age, and before her marriage was Miss Edith A. Martin, daughter of Mr. and Mrs. James Martin, of Richmond. Mrs. Whaling is survived by her husband, S. C. Whaling, and five children, Misses Minnie and Nellie Whaling, of Grand Forks; Mrs. E. L. Morrison, of Winnipeg, Manitoba; Leslie, of Grand Forks, and James, of Detroit, Michigan. One brother, Leslie Martin, of Deseronto, Ont., also survives.

Every Member of the Family
has benefitted from Zam-Buk some time or another," writes Mrs. W. Campbell, of Bonny River Station, N.B. "My little daughter had watery eruptions on her face and arms which afterwards broke into nasty sores. We used everything we could think of and at last heard about Zam-Buk. This effected complete healing where ointments and all other homely remedies had completely failed."
—Sometime or Another
"Since Zam-Buk removed the child's skin disease," continues Mrs. Campbell, "my brother-in-law has come to realise Zam-Buk's wonderful power. He has a hip trouble that periodically causes a gathering which breaks open. For healing this sore he finds Zam-Buk most effective.
"My husband (a railroad man), often needs Zam Buk. Last summer his thumb was bad through getting it caught in the metal fastener of a box-car door. When the thumb end was almost severed Zam-Buk prevented complications and healed in a week. We would not be without Zam-Buk at any price, and every family should know of its value."

It is not only good for the children when taken with colds and croup, and for the mature who suffer from pains and aches, but there are directions for its use on sick cattle. There should always be a bottle of it in the house.

What every complexion needs

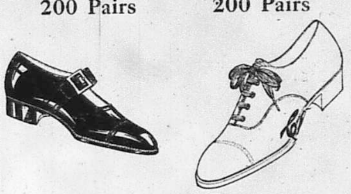

Once-every day your skin should be gently but thoroughly cleansed of all accumulations of dirt, perspiration, cold cream, rouge and powder.
Every tiny pore must be freed from clogging accumulations, so that the network of minute glands can do their necessary work. If you fail to cleanse the skin daily it will get sluggish and inactive, lifeless and sallow. Blackheads will develop, the filled up pores will enlarge into unattractive coarseness and dirt infections, irritation and pimples will result.
For this cleansing you must use a mild soap. Palmolive is made from Palm and Olive oils. For thousands of years these rare oils have been used by famous beauties. They were highly prized by Cleopatra.
Today these oils are blended to produce the most famous of all modern soaps—Palmolive. It produces a profuse creamy lather which is as smooth as a lotion. It penetrates every tiny pore and removes every trace of dirt, oil and cosmetics, leaving the skin wonderfully smooth, fresh and rosy.
You can buy Palmolive Soap at all first-class dealers.

SWITZERVILLE.

(For last week).

Once more the robin sings to tell us that spring will come in time for the most of us, but some expected it sooner by the old whim, "early Easter, early spring", but it did not work this time.—We are sorry to hear that Mr. John Lloyd, one of our esteemed neighbors, has moved out of our midst.—Miss I. Black, our school teacher, is spending the holidays under the parental roof in St. Catharines.—Mr. Arch Wager is visiting at Mr. Fred Brown's, Centreville. — Mr. and Mrs. Frank Gallagher and daughter, of Adolphustown, spent Easter at Mr. Harry Amey's. — Mr. and Mrs. Vernon Paul and family spent Easter at Mr. Ed. Breault's, Centreville. — Mr. and Mrs. John Jaynes and daughter spent Sunday under the parental roof at Switzerville.—Mr. and Mrs. Peter Storey, of Morven, spent Sunday at Mr. Harry Amey's.—Mr. and Mrs. Harry Wartman and daughter spent Monday at Mr. Russell Craig's.—Mrs. Robert Brethen and Mrs. Charlie Miller are on the sick list.—Mr. Blake Switzer has finished pressing hay, and is loading it at Napanee.—League was held at Mr. M. N. Empey's, on Friday night last, with a fair attendance. It was in charge of Mr. Earl Craig.—League this week will be held at Mr. Russel Craig's. Every one of the members are requested to be there.

Easter Services at Parish of Camden.

The Easter services held on Easter Sunday, in the Parish of Camden were well attended. Sickness prevented some of the faithful from coming to the church, yet the number of communicants was greater than in past years. The Organists and Choirs of the three congregations did their part admirably, the beautiful Easter Hymns and Anthems being sung in a manner that did credit to all. The Rector, Rev. A. S. Dickinson, preached an appropriate Easter sermon admonishing his hearers and urging upon them the wisdom of living the risen life, by seeking those things which are above, where Christ sitteth on the right hand of God. The annual Vestry meetings of the three churches of the Parish were held on Tuesday, Wednesday and Thursday evenings, at Yarker, Camden East, and Newburgh, respectively. Good reports were given, and the past year was considered the most successful in the history of the Parish. This is very gratifying and is as it should be. Church people of the Parish have every reason to thank God and take courage. By faithful, patient, persevering effort on the part of one and all, blessed by Him from Whom all blessings flow, we may look for even greater improvement in the various activities of church work, and it will be seen that both in things spiritual and temporal we shall "day by day be getting better and better in every way". So may it be.

GOD ANSWERS PRAYER

I know not by what methods rare,
But this I know : God answers prayer.
I know not when He sends the word
That tells us fervent prayer is heard.
I know it cometh soon or late;
Therefore we need to pray and wait.
I know not if the blessing sought
Will come in just the guise I thought.
I leave my prayer to Him alone
Whose will is wiser than my own.

LETTER OF SYMPATHY.

To Mrs. R. J. Wilson.

Dear Mrs. Wilson,—It is the wish of the members of the Camden Eight Auxiliary that we convey to you, our President, our heartfelt sympathy in your recent bereavement in the death of your dear father. Although he had lived far past the allotted span, yet you will miss his counsel. You must deeply grieve for one so near to you, but God has ordained that time shall heal all earthly sorrows. May God grant you grace and strength to help you in your hour of need.

"How slow we are to prove the height
And depth of our parental love;
We take their tender daily care,
Just as the flowers look up to God for
daily fare,
Because we know it is ours,
But when we miss from heart and
life
The comfort of their care,
Then we must learn to live without
Their presence and their prayers."

James McKinnon Pays Tribute to Dodd's Kidney Pills.

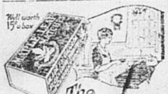

Mulgrave, N.S., April 9th, (Special). "I will never be without a box of Dodd's Kidney Pills in the house." That is the tribute Mr. James McKinnon, a well known resident here, pays to the old reliable kidney remedy.

"I feel it is my duty" Mr. McKinnon continues, "to let others know how I have benefited by taking Dodd's Kidney Pills. I was in a run-down condition before taking them, having pains in my back. I got thin and pale. Rheumatism also troubled me. After taking five boxes of Dodd's Kidney Pills I feel better than I ever did."

The satisfaction Dodd's Kidney Pills are giving as a remedy for kidney troubles is shown by the large number of people who keep them always on hand. They have learned that the proper way to avoid serious forms of kidney disease, such as rheumatism, diabetes, dropsy, and heart disease, is to correct the early symptoms of kidney trouble.

Dodd's Kidney Pills have built their reputation on the good work they have done. Ask your neighbors if Dodd's Kidney Pills are not the sovereign remedy for kidney trouble.

HAVE YOU ANY MONEY IN THE BANK?
THERE is an old-fashioned theory which some people still cling to—that a bank wants no dealings with them unless they have "lots of money." Such is not the case with this bank; you will be welcome whether you have $1 or $1,000 to deposit. Open an account with what you feel you can spare now and add to it regularly as "pay day" comes around. It is a comforting feeling to know that you have several hundred dollars put away safely in the bank.

"Valley Farm".

The Gretna Dramatic Society, under the direction of Mr. Harry Young, delivered their popular play, entitled "Valley Farm", at the Lotharian Community Hall on behalf of the Lotharian Ladies' Institute. Without entering upon the whole facts recorded therewith, it would indeed be difficult to strain any particular point for all the way from Kentucky the Butler, to Verbena the Slavey, and on through the happy and finally the crowned home of the Holcombes, which commenced with the brutal and ended with the scandal of Hetherington, between which is witnessed the cold, callous and cruel revenge of a haughty mother-in-law, who first succeeds and finally fails, the acting was splendid, and great credit is due to all.

Odessa School Prizes.

Much interest was aroused by the competition among the students of Odessa Continuation School in historical research. Rev. S. F. Dixon offered a cash prize for the best account of the, settlement and progress of Ernesttown or Kingston Township, pupils attending the school from both townships—or for an account of any particular locality in either municipality. W. S. Herrington, K.C., kindly consented to give judgment, and also supplemented by giving three prizes. The papers gave evidence of much study of the early days of these historic townships. The prize winners were Miss Edith Shibley, Wilton; Miss Nellie Babcock, Bath; Miss Ruby Babcock, Westbrooke, and Mr. Roy Hartman, Odessa. In every case the prize winner is a descendant of the U. E. L., and in some cases on both the paternal and maternal side.

Lamentable lack of knowledge of the Bible is revealed as the result of a questionnaire recently put before the 3rd and 4th classes of five representative public schools in Toronto.

Here are some of the outstanding facts brought to light by an examination of nearly 1000 pupils' answers:

Not one pupil quoted the Ten Commandments correctly.

Not one pupil could give the list of the twelve apostles correctly.

About 50 per cent. quoted the Lord's Prayer fairly, but not absolutely correct.

Not more than 50 per cent. could quote three things that Jesus said.

Very few could quote a statement from St. Paul.

About one per cent. knew that the oldest man mentioned in the Bible was Methuselah, but only one got his age correctly, 969 years.

Not more than 20 per cent. could complete correctly: 3 out of 7, familiar Bible quotations, of which the first phrase was given.

Grace Church Special Services.

The services at Grace Church are being largely attended. So far some 2050 sittings have been occupied. The versatility, histrionic ability, wide experience, and religious sincerity of the speaker have been shown in the ten addresses he has already given. Those who come go away to boost. Mr. Fisher's singing on Sunday night, "All we like sheep" coupled with the words of "The Ninety and Nine", in an altogether new setting, proved wonderfully uplifting. It is doubtful if many living men can do one night with another, what these men are doing. Few people will be unwise enough to let slip the opportunity to hear them. Last Sunday afternoon the women were not spared the truth. "Mothers' Night" on Friday; "Children's Chorus" (100 children) on Saturday; "White Blackbirds" on Sunday afternoon, are among the specialties in the near future. The services continue from April 3rd to April 29th.

The Good **MAXWELL** has demonstrated hill climbing ability never equalled by any car in any price class. In a laboratory test conducted by a leading scientific school, it actually negotiated a grade with a percentage of 12.3 in high gear. More than 100 much higher priced cars similarly tested failed to reach the Maxwell record. Only a most powerful engine, perfect car balance, and easy rolling bearings enabled the good Maxwell to perform such an unparalleled feat.

OBITUARY.

Mrs. Hiram Lucas.

The subject of this memoir was the beloved wife of the late Hiram Lucas, of Camden, who died in the year 1909. Her maiden name was Marjorie Wagar, daughter of the late Geo. W. Wagar, of Camden. She was born in the year 1836, in Camden, and spent all the 87 years of her life within the bounds of this township. She was married to Hiram Lucas in the year 1854, on the 20th of July, when she was 18 years of age. The marriage ceremony was performed by the famous pioneer preacher, Rev. David Wilson, of Napanee, who entered the ministry in 1845, and died in 1899. Our departed friend passed peacefully away after a lingering illness, on the 4th of April, 1923, at the home of her son, Geo. Lucas, in the Village of Colebrook, where she had spent the last years of her life. She was a lifelong member of the Methodist Church and was always regular in attendance and active in service for more than three score years. This mother in Israel was a true and faithful friend, a kind and honest neighbor, a loving and patient mother, a loyal and noble citizen, a sincere and devoted Christian. Those who knew her best loved and admired her the most. Her funeral service was held in Colebrook Methodist Church on Saturday, April 7th, at 2 p.m., and was conducted by her pastor, Rev. J. W. Down, of Yarker. The service was of unusual interest and power. Our pastor preached a most remarkable and impressive sermon from a text suggested by the deceased. The text is found in Job 14:14, and reads as follows: "If a man die, shall he live again? All the days of my appointed time will I wait till my change come". The church choir conducted the singing with grace and feeling, while Mr. Knight, the undertaker, did his work with great care and order. The deceased parents leave to mourn their loss three daughters and one son, Mrs. R. Richardson, of Boston, Mass.; Mrs. Geo. Riddell, of Colebrooke, Ont.; Mrs. J. Woodcock, of Herchimer, N.Y., and Geo., of Colebrooke. The sorrowing friends have the heartfelt sympathy of the whole community.

Mrs. Mary Milligan.

Mary, the youngest daughter of the late James Shannon, was born on the Seventh Concession of Camden Township, near Enterprise, on April 1st, 1848. After a happy girlhood, she was united in marriage to Absalom Milligan, on January 13th, 1870, and moved to Centreville, where she helped in making a happy home. Three children were born to them, all of which survive and cherish a sweet memory of their parents. Suddenly, on September 9th, 1891, her husband was called away, and she continued to direct the household and to render such loving and helpful service to her neighbors as was possible. After a few days' illness, she passed away on Thursday evening, April 12th, revered by her children, and highly respected by her neighbors. The funeral service was held last Saturday, and was conducted by Rev. M. W. Leigh, B.A., of Enterprise. The pall bearers were J. W. Wagar, Thomas Thompson, W. J. Hinchey, Fred R. Brown, J. Cassidy and P. Shannon. The surviving children are Mrs. James Rombough, of Dewar Lake, Sask., and Blanche and Herbert, at home. Two older brothers survive, viz., Robert and James Shannon, both of Napanee.

Mrs. C. W. Vandervoort.

The funeral of the late Mrs. C. W. Vandervoort took place from her late residence, Newburgh Road, on Tuesday afternoon at 3 o'clock. The funeral services were conducted by Rev. Mr. Merrick, Switzerville, the pastor of Mrs. Vandervoort's former church at Switzerville, and Rev. A. H. Foster, of Trinity Methodist Church. Each minister gave a splendid address. Mrs. Vandervoort was born in Port Hope, and while very young she moved to this county, where she has remained ever since. She leaves to mourn her loss, her husband, Sheriff C. W. Vandervoort, to whom much sympathy is extended in his bereavement. The following bearers, also the pianist, Mrs. Wilson, were members of the Switzerville choir, in which Mrs. Vandervoort took a great interest: Holbart Empey, Arnold Empey, Russell Craig, Clarence Spafford, John Wilson, and William Crozier. The remains were taken to Riverside cemetery.

MOSCOW.

The Belleville Creamery Company's truck made its first appearance on Monday, and many farmers are shipping their cream, pending the opening of the cheese factory, which happens on or about the 1st of May.—Mr. Charley Amey will engage in the building and contracting trade this season, with his brother-in-law, Mr. Johnson, of Belleville. — Mr. Frank Amey, Toronto, spent the week end at Moscow.—One hundred years ago, two brothers, Elija and Jacob Huffman, and a cousin, Peter Huffman, came to this locality as its first settlers. They were descendants of sturdy U. E. Loyalist stock, and by hard work, patience and industry, transformed the then wilderness into one of the finest farming sections to be found in the Township of Camden, and Moscow was known for years as the "Huffman Settlement". The descendants of those early pioneers occupy sixteen farms in and around Moscow, and are among our foremost citizens, worthily maintaining their family traditions. An interesting history of the Huffman family, dating back 300 years, written by the late Mrs. M. C. Bogart, of Napanee, is just off the press. The book is well written, with numerous illustrations, and does credit to its author. Arrangements are under way to fittingly celebrate this coming summer the one hundredth anniversary of the arrival of Moscow's first settlers.

ARRESTED IN KINGSTON IS WANTED IN NAPANEE.

George Johnston, a Stranger, Is Accused of Robbing Cash Registers.

The Kingston police on Monday night arrested a man, who gave his name as George Johnston, and his home as Pittsburgh, Pa., on a charge of robbing cash registers in stores at Napanee. The man was taken to Napanee on Tuesday for his trial. The Kingston police had been warned to be on the lookout for a man who might visit stores, and pose as a repair man for cash registers.

In Kingston, Johnston, so it is alleged, first visited Robertson's grocery store, on upper Princess street, and later a Chinese fruit store close by, but in these two places he did not get a job. He next visited the store of Louis Abramsky. The latter had been warned about the man going the rounds, looking for a job to repair cash registers, so he put the man to work on his cash register and then notified the police.

Detective James Cotter jumped on the police motorcycle and arrived at the store in time to take Johnston in charge. The accused admitted that he had been repairing cash registers in Napanee, and Detective Cotter handed his prisoner over to Constable Nicholas Timmerman, and the latter took him to the police station, to await the arrival of Chief of Police Barrett, Napanee.

The Kingston police received word from Napanee, on Monday morning, about a man who had been posing as a repairer of cash registers, and it was stated by the police there that at one store where the man had been working, the cash register was $10 short. However, the man doing the work left $10 with the police to cover the loss, but it appears that after the man left town, other stores reported that they had been robbed.

According to information received by the police, Johnston was registered at a Kingston hotel, under the name of Thomas Smith. The prisoner had a kit of tools for repairing cash registers.

Johnston was up before the Magistrate and remanded for a week, and will come up for hearing next Tuesday morning.

TOWN COUNCIL

A special meeting of the Council for the transaction of general business was held in the Council Chamber on Tuesday night.

The full board was present—Reeve Hambly, Councillors Burgess, Hartman, Huffman, Perry, Paul and Tustin.

Mayor MacGregor presided.

A communication was received from the Law Construction Co., confirming a report of a drop in the price of liquid asphalt, and changing the charge per gallon in the agreement from 15c. to 14c.

Mrs. Robt. Smith and Mrs. Allen, representing the Woman's Institute, addressed the Council in the matter of placing containers at certain corners in the town in which to throw waste paper and other waste matter, instead of throwing it on the street. The Woman's Institute, they intimated, were willing to furnish those containers if the Council would undertake to place them and see that they were looked after. The Mayor promised the ladies that the matter would be taken up later on in the Council.

From Heaton's Agency, enclosing suggestion for a page advertisement in Heaton's Annual. Referred to Printing and By-laws Committee to report.

A page advertisement setting forth the advantages the town affords to manufacturers would cost $150.00. This ad. would appear in three different booklets, size of page 4x6.

From the Dominion Canners, with the information that it was too late to make arrangements for the operation of the Napanee factory this year. Preparation would have to be made several months in advance of the present time, such as making contracts with growers, contracting for seeds, cans and numerous other equipment. Referred to the Finance Committee to take such action as they may deem advisable.

From the Bell Telephone Co., asking Council to make a new contract for maintaining the fire alarm system. No action taken.

On a request from the Daughters of the Empire, that body was refunded the sum of $9.00 charged for the use of the Town Hall.

Mr. Winter, seed merchant, personally appealed to the Council for leniency under the Transient Traders' By-law. He has but lately engaged in business in Napanee, and assured the Council he intended to become a permanent resident of the town.

It was moved and seconded that $50.00 be charged, which was lost, and an amendment placing the tax at $100.00, was carried, the amount to revert back to him in his business tax.

Tenders were opened for the market tolls and stock yard scales as follows: C. H. Lapum $280.00, Chas. Garrison $301.00, and Wm. Light $275.00. Referred to Market and Police Committee to report to the Mayor their recommendation before next meeting of the Council.

The Chairman of Finance reported unpaid taxes to the amount of $4284.06.

On motion the Auditors' Report was accepted and filed; also that the Auditors be paid for their services.

The Chairman of Streets recommended negotiating with the Ontario Government for the stone stored on the town property. The town could use it and have it crushed for the streets, instead of operating the quarry. Also that tenders be asked for teaming. Report adopted.

A By-law was passed, licensing liveries and owners of vehicles for hire. This by-law amends the by-law passed in 1917. The tax schedule is as follows: 1 car $15.00, each additional car $5.00; 1 horse $5.00, team $10.00, for more than 2 horses $15.00.

Moved by Coun. Burgess, seconded by Coun. Hartman, that the former motion to consider in committee advertising in Heaton's publications be rescinded, and that the matter be taken up now and settled. Lost.

On motion the Town Property Committee was instructed to report on the question of paper containers as to number, location and price.

The following report was submitted to the Council of the town's expenditure from January 1st to date, and the expenditure for the corresponding date last year.

BUSINESS MEN'S COMMUNITY DINNER

On Monday evening about a hundred men of the town gathered in the Campbell House for a "Business Men's Community Dinner" and to hear Messrs. Hanley and Fisher, who are conducting special services in Grace Church. Five tables had been specially arranged in the large dining room. The one at the South end was the guest table, and at it were seated the Mayor of the town, the speakers, members of the Town Council, and Board of Commerce.

His Honor Mayor MacGregor occupied the chair, and after the dinner explained that the meeting had been called by the Board of Commerce for the purpose of getting the business men together to hear Mr. Hanley lecture on "The Soul of Business". Incidently Mr. MacGregor pointed out the value of these gatherings as fostering a community spirit. He then proposed the toast to the King, which was responded to by the National Anthem.

Mr. Fisher sang several songs. "I am the Master of my Gate, I am the Captain of my Soul" suited his voice perhaps better than any of the others, and was exceedingly well done. Mr. Fisher was generous with his encores and time and again sang in response to the applause.

Mr. George Gibbard introduced the speaker, who immediately launched into his subject, "The Soul of Business". He made it clear at the outset that he didn't pose as an expert in business, but rather as an expert in the ethics of business. There are five factors which constitute the essence of business prosperity and were they universally practised would revolutionize business relationships, optimism, mutual help, good advertising, courtesy and courage.

After the address a vote of thanks was moved by Mr. U. W. Wilson and Mark Graham, the audience showing its appreciation by vigorous handclapping. After several selections by Mr. Fisher, the following resolution, moved by J. E. Robinson, seconded by Dr. Vrooman, was unanimously passed:

"That whereas most cities and towns in Ontario have an organization of citizens known as Canadian Club or Kiwanis or Rotarians, whose object is to foster a community spirit and besides to keep the citizens in touch with progressive ideas, and

Whereas there is no such organization at present functioning in Napanee, and

Whereas it is desirable that if possible some organization be formed if it is thought that a live working organization can be effected.

Now therefore be it resolved that the following committee shall be named to examine into the conditions and advisibility of forming a citizens' club, said committee to examine into the constitutions of similar clubs in other towns, and when the proper information is available, the committee shall call a general meeting to report and to effect organization.

The committee shall be as follows: Messrs. G. Gibbard, M. Graham, F. S. Boyes, W. A. Grange, Dr. Morden.

The meeting dispersed with the singing of Auld Lang Syne.

ANNUAL VESTRY MEETING

The annual vestry meeting of St. Mary Magdalene's Church was held on Monday evening. The accounts presented by the Church Wardens showed a very satisfactory state of the finances of the congregation. During the year repairs have been made to the tower costing over $350, new matting placed in the church, a sink installed in the basement, the memorial gas brackets wired for electricity, and other repairs and improvements made. The Church Women's Guild raised over a thousand dollars for these and other objects. The Mission apportionment of $495 was paid in full and all other obligations met. The Sunday School contributed over $100 to the Mission apportionment and also presented the church with an additional insurance policy for $10,000, with the premiums paid for the next three years. Among the interesting statistics given in the annual report it may be stated that there are 151 families in the parish, the total church population is 715, and the Sunday School has 140 scholars. The vestry thanked all the organizations for their good work and passed a standing vote of appreciation of the vicar, Rev. Rural Dean Coleman. The church wardens, W. S. Herrington, K.C., and W. J. Doller, and all the other officers were reappointed. The lay delegates to the Synod are F. F. Miller, R. G. Wright and T. B. Wallace. It was decided to mark with special observance the fiftieth anniversary of the laying of the corner stone of the church on July 1st, and to have a jubilee celebration next year when the building will have been in use for religious purposes for half a century.

Make the Rinso liquid first

Do not put Rinso direct from the package into the tub. Mix half a package of Rinso in a little cool water until it is like cream. Then add two quarts of boiling water, and when the froth subsides, you will have a clean amber-coloured liquid. Add this liquid to the wash tub, until you get the big lasting Rinso suds. Then soak the clothes clean.

Rinso is as splendid for the regular family washing as Lux is for fine fabrics.

Dodd's Kidney Pills Gave Relief When Other Medicines Failed

Mrs. Mary McLean Suffered From Rheumatism and Kidney Trouble and was Relieved by Dodd's Kidney Pills.

The Point, West Bay, Richmond Co. N.S., April 16th, (Special). "I suffered from Rheumatism and Kidney trouble, and after spending a considable amount of money on other medicines, I tried Dodd's Kidney Pills. They have done me more good than any other medicine I have ever taken.'

Mrs. Mary McLean, who lives here, makes this statement. She says that Dodd's Kidney Pills are all that they are claimed to be.

Dodd's Kidney Pills are no experiment. They have been relieving Kidney disease in all parts of Canada for over a quarter of a century.

Dodd's Kidney Pills act directly on the Kidneys, strengthening them so that they do their full work of straining all the impurities out of the blood. Uric acid crystallizing in the muscles causes the pains known as rheumatism. With no Uric Acid in the blood there can be no rheumatism.

Ask your neighbors if Dodd's Kidney Pills do not make sound Kidneys.

As a vermifuge an effective preparation is Mother Graves' Worm Exterminator, and it can be given to the most delicate child without fear of injury to the constitution.

LADY SHARP BORN IN ODESSA VILLAGE

Her Late Husband, George Hamm, Was First a General Merchant.

The marriage in London of Mrs. Margaret Breden Hamm to Sir Henry Sharp, Secretary to the Government of India, is of much interest. Mrs. Hamm was born in Odessa, where she married and continued to live until about thirty years ago. Her late husband, George Hamm, conducted a general store for a number of years, and was well known in Napanee. From Odessa they moved to Mexico, and Mr. Hamm very rapidly accumulated a fortune. About fifteen years ago he was rated at over ten millions. An unfortunate speculation lead to his failure, his bank being taken over by the Bank of Montreal. It is understood the Bank of Montreal lost several millions through the transaction. About ten years ago, Mr. Hamm was accidentally killed in a motor accident near Los Angeles, leaving his widow and two children. The children had been sent from Mexico to Kingston, for their education, the daughter, Miss Eno Hamm, attending Mrs. Cornwall's school, and Harry Hamm attending T. J. Glover's school and later the Royal Military College.

Miss Eno Hamm married a wealthy American, who died at the Island of Ceylon, while they were on their wedding tour. A couple of years ago she married another American, who is now the consul-general to Rumania.

Harry Hamm went into moving pictures and starred for a while with Elsie Janis. He has often been seen on the local screen. During the war he served in the Canadian Expeditionary Force.

Mrs. Hamm for many years was socially prominent in Los Angeles, and she was at the head of the Red Cross. She received a letter from Queen Mary thanking her for her good work. Early last fall she left Los Angeles for Rumania to be present at the coronation of the king and queen.

It has been a long journey from the Village of Odessa, Canada, to the City of Calcutta, India, and Mrs. Hamm's old friends wish her much joy and happiness in her new life in India.

Here's A Green Blind Paint That Fades Darker

That's exactly what it does. Instead of growing lighter and lighter and finally looking like a washed out blue, it starts in a vivid green and then gradually turns darker until it's reached a rich deep green.

Then it gets no darker nor lighter. Just stays the way you want it to stay. Neither the salt spray of the seashore, nor the hot pelting sun have any effect upon it. Rinso liquid first

Do not put Rinso direct from the package into the tub. Mix half a package of Rinso in a little cool water until it is like cream. Then add two quarts of boiling water, and when the froth subsides, you will have a clean amber-coloured liquid.

Add this liquid to the wash tub, until you get the big lasting Rinso suds. Then soak the clothes clean.

Rinso is as splendid for the regular family washing as Lux is for fine fabrics.

Dodd's Kidney Pills Gave Relief When Other Medicines Failed

Mrs. Mary McLean Suffered From Rheumatism and Kidney Trouble and was Relieved by Dodd's Kidney Pills.

The Point, West Bay, Richmond Co., N.S., April 16th, (Special). "I suffered from Rheumatism and Kidney trouble, and after spending a considable amount of money on other medicines, I tried Dodd's Kidney Pills. They have done me more good than any other medicine I have ever taken.'

Mrs. Mary McLean, who lives here, makes this statement. She says that Dodd's Kidney Pills are all that they are claimed to be.

Dodd's Kidney Pills are no experiment. They have been relieving Kidney disease in all parts of Canada for over a quarter of a century.

Dodd's Kidney Pills act directly on the Kidneys, strengthening them so that they do their full work of straining all the impurities out of the blood. Uric acid crystallizing in the muscles causes the pains known as rheumatism. With no Uric Acid in the blood there can be no rheumatism.

Ask your neighbors if Dodd's Kidney Pills do not make sound Kidneys.

As a vermifuge an effective preparation is Mother Graves' Worm Exterminator, and it can be given to the most delicate child without fear of injury to the constitution.

The marriage in London of Mrs. Margaret Breden Hamm to Sir Henry Sharp, Secretary to the Government of India, is of much interest. Mrs. Hamm was born in Odessa, where she married and continued to live until about thirty years ago. Her late husband, George Hamm, conducted a general store for a number of years, and was well known in Napanee. From Odessa they moved to Mexico, and Mr. Hamm very rapidly accumulated a fortune. About fifteen years ago he was rated at over ten millions. An unfortunate speculation lead to his failure, his bank being taken over by the Bank of Montreal. It is understood the Bank of Montreal lost several millions through the transaction. About ten years ago, Mr. Hamm was accidentally killed in a motor accident near Los Angeles, leaving his widow and two children. The children had been sent from Mexico to Kingston, for their education, the daughter, Miss Eno Hamm, attending Mrs. Cornwall's school, and Harry Hamm attending T. J. Glover's school and later the Royal Military College.

Miss Eno Hamm married a wealthy American, who died at the Island of Ceylon, while they were on their wedding tour. A couple of years ago she married another American, who is now the consul-general to Rumania.

Harry Hamm went into moving pictures and starred for a while with Elsie Janis. He has often been seen on the local screen. During the war he served in the Canadian Expeditionary Force.

Mrs. Hamm for many years was socially prominent in Los Angeles, and she was at the head of the Red Cross. She received a letter from Queen Mary thanking her for her good work. Early last fall she left Los Angeles for Rumania to be present at the coronation of the king and queen.

It has been a long journey from the Village of Odessa, Canada, to the City of Calcutta, India, and Mrs. Hamm's old friends wish her much joy and happiness in her new life in India.

BIRTHDAY PARTY AT STORMS' CORNERS

Edward Hagerman Celebrated 81st Anniversary. — Nineteen Grandchildren Present.

On Saturday night, April 7th, at the home of Mr. Edward Hagerman, Storms' Corners, a birthday party was given in his honor, it being his 81st birthday. About seventy relatives were present, nineteen of whom were grandchildren. After a bountiful supper, Mr. Hagerman was presented with a beautiful quarter-cut oak davenport, which was upholstered with leather. Among those present were Mr. and Mrs. Ab. Potter and family, of Kingston; Mrs. Sloan and family, of Kingston; Mr. and Mrs. A. A. Hagerman and family, Mr. and Mrs. Harvey Sharp and family, Mr. Ernest Sharp and family, Mr. and Mrs. Herb Clark, of Kingston; Mr. and Mrs. Eddie Clark, of Kingston; Mr. and Mrs. Anson Hagerman and family, Mr. and Mrs. Fred Hagerman and family, Mr. and Mrs. Walter Hagerman and family, Mr. and Mrs. John Hagerman and family, Mr. and Mrs. William Hagerman and family, of Kingston; Mrs. Carrie Hagerman, Mr. Kenny Hagerman, Miss Helen Hagerman, Miss Reta Hagerman, Mr. William Kenny, Mrs. Amey Snider, Mr. and Mrs. Mary Hillyard family, Mr. A. M. Parrott, of Kingston.

Mr. Hagerman was born 81 years ago on Lot 17, in the 3rd Concession of Ernestown, and lived there until his marriage 51 years ago to Arminetha VanNorman. They then moved to Centreville, where they spent one year. He then purchased and moved to a farm on Lot 8 in the Fifth Concession of Ernestown, where he lived for ten years, after which he moved to the farm now owned by Mr. John Hagerman, it being situated on Lot 17 in the 4th Concession of Ernestown. He resided there for about seventeen years and having purchased the farm on lots 12 and 13 in the 4th Concession of Ernestown, known as the Hart farm, he moved there and has resided there ever since.

Mr. Hagerman at one time owned 600 acres but has divided most of it among his sons. Until seven years ago he never knew what it was to be sick. At that time he had his leg broken and foot crushed by a horse in a stable. Later years ago he suffered an attack of pneumonia, but to-day is stronger and healthier than most men at sixty.

Mr. Milligan, of Boblin, is spending a few days in this vicinity, the guest of the genial blacksmith, Mr. H. Penfold.—Mr. Robert Snider lost a valuable cow this week.—The milk wagons have started on their usual trips.—A number from this section attended the sale of Mrs. N. The Oil of Power. — It is not claimed for Dr. Thomas' Eclectric Oil that it will remedy every ill, but its uses are so various that it may be looked upon as a general pain killer. Specialist Said
ECZEMA Was Incurable
—but he reckoned without Zam-Buk

Writing from Sweetwater, Tenn., U.S. Capt. Oscar V. Petty, says:—"For four years I had an obstinate dry eczema. "My skin peeled off, and disfiguring splotches of the eruption appeared on my face and head. A well-known skin specialist said the eruption could not be cured, but friends out in Maine got me to try some Zam-Buk. To my great delight, I soon saw an improvement. The peeling skin stopped within a week. At the time I started with Zam-Buk the eczema had spread all over my body, so that it took reasonable perseverance for the balm to be thoroughly effective. However I am delighted to inform you that now, by the use of Zam-Buk, my skin has been restored to normal healthy condition."

"I have a friend who also suffered from a similar distressing skin affection. In his case too, within a few days Zam-Buk was acting splendidly. He tells me that Zam-Buk beats anything he has ever known."

Zam-Buk cannot be equalled for ulcers, boils, abscesses, piles, ringworm, poisoned wounds, and all sores, sprains and injuries. Purely herbal. All dealers 50c. box, 3 for $1.25.

"My Boy was Starving to Death"

"As He Was Getting No Nourishment He Was Gradually Wasting Away."

"Here's a story which will interest every mother. Before my boy was born, I was in such delicate health that the doctor didn't think I would survive the ordeal. For weeks after he was born my life was despaired of, so I couldn't feed him and the poor little fellow was left to the care of friends. He wasn't naturally strong. No care was taken in choosing his food and his poor little stomach became so weakened that he couldn't keep anything on it. As he was getting no nourishment from his food, he was gradually wasting away. Finally, in desperation, we sent for a child specialist and he said the boy was starving to death. He gave him some medicine and placed a certain diet. The child did improve but somehow couldn't seem to get strong. This went on for four or five years and the boy still continued weak and puny looking. He could not play like other children without having to lie down and rest. My sister who lives on a farm near the sea, said that she could fix him up if I would send him to her. While I hated being separated from him, I was ready to make any sacrifice to get him strong. He was away from me for three months and it was with feelings of great excitement that I awaited his return as my sister had written me that I would be surprised when I saw my boy. When my sister got off the train, I could not believe that it was my own boy that she was leading by the hand. I never saw such a change in any child. He was fat and rosy and full of life with happy smile! What on earth have you done to him,' I said. 'Why,' she replied, 'I simply made him live out of doors, gave him good food—and here's the real secret, I gave him three bottles of Carnol before he had taken half a bottle his whole appearance had changed. He got heavier, his face took on a colour and he would run round for hours at a time.' The change in my boy is the most wonderful event in my life. I am a regular 'fan' for Carnol and never lose a chance to boost it. As I write I am looking out of the window and when I see that rosy, active, healthy child running round, I cannot believe that he was once a puny, delicate boy."

Carnol is sold by your druggist and if you can conscientiously say after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 5-6tf

The materials are worthy productions, coloring, patterns and weaves are such as will appeal to the Boy's fancy, satisfy mother's ambition to have her boy well dressed, and the price will not reduce dad's purse enough to hurt very much.

ENTERPRISE.

We are still having very cold weather. With flurries of snow and ground frozen hard there is not much sign of seeding. Mr. W. H. Hunt, is very ill. Rev. Mr. Poston called on him this week. We are glad to report that all are feeling a bit better. —Mrs. John S. Reid is home again, but is quite lame from the effects of the painful accident she suffered while at her daughter's. A very quiet wedding took place in St. John's Church here when Rev. Mr. Poston joined in the holy bonds of matrimony Miss Bessie Fenwick and Mr. Fraser Stinson, of Tamworth, on Wednesday, April 18th.—Mr. Everett Murphy, one of our popular young men, was also married on the same date at Erinsville R. C. Church to Miss Mary Slaughter of Joseph Barrett of Tamworth. Both couple took the 4.38 train at Lens for points west. We wish them happiness through life. — Mr. George Fenwick and Miss Edna Clark spent a day in Belleville attending the Motor Show.

THE PASSING SHOW OF 1923

In response to numerous requests the entertainment which was produced by the scholars of St. Mary Magdalene Sunday School at Christmas was repeated in the Strand Theatre on Friday and Saturday evenings, with a matinee on Saturday afternoon. For the passing show of 1923 many new features were added to the former programme and a number of new faces appeared among the performers. To describe fully the various numbers on the programme and the personnel of the cast would occupy much more space than is available. Not one item on the long programme could be termed poor and most of the numbers were splendid, showing thorough training for the parts taken and good management in the manner of presenting. Among the features of the programme "The Fairies" was particularly fine. The costumes, the dances and the setting captivated the audience. The two youngest performers, Mary Galbraith and Billy Powell, were highly appreciated and received a deserved encore. The classic dancing of Miss Jean MacPherson, of Toronto, was a revelation to the audience and the young lady was called back after each performance.

Miss Rouette Dalton is no stranger to Napanee audiences and her dancing never loses its charm.

At the evening performance the house was crowded and people were turned away for lack of accommodation and very few seats were unsold for the matinee.

The staging of the show was slow on Friday evening, but for the subsequent performances the staging was good. Mr. Harold Herrington promoted the show and must be congratulated on the success of his efforts.

Spring and your old car

Keeping It? You like it, understand it, can keep it running like a charm; and you can't really afford a new one; but it's a bit shabby now, and your wife says . . . . .! and the neighbors think . . . . .! and your business associates judge . . . . .! A Saturday afternoon and $2 worth of Da-Cote will settle all that—will make the old car look almost new again—will even change its color.

Selling It? It's a good car; but it doesn't look like it now. Repainted (even touched up) with Dougall's Da-Cote it will look as good as it is and sell for what it is worth. The first thing a dealer does with a trade-in car is to repaint it. So, keeping or selling—

Eight colors besides black and white to choose from. Nothing better for porch furniture, canoes, baby carriages, etc.

Repaint your car this spring
You can do it—with Da-Cote
2,000,000 others have done it

and made a good job of it for Da-Cote just flows on without brush marks, and dries overnight hard, bright and smooth as glass—and it wears!

THEY TELL THEIR NEIGHBORS

Women Tell Each Other How They Were Helped by Lydia E. Pinkham's Vegetable Compound

Woodbridge, Ont.—"I took Lydia E. Pinkham's Vegetable Compound for female troubles. I would have headaches, backaches, pains between my shoulders and under my shoulder-blades and dragging down feelings on each side. I was sometimes unable to do my work and felt very badly. My mother-in-law told me about the Vegetable Compound and I got some right away. It has done me more good than any other medicine I ever took and I recommend it to my neighbors. You are quite welcome to use this letter as a testimonial if you think it will help some poor sufferer."—[illegible] EDGAR SIMMONS, R. R. 2, Woodbridge, Ont.

In nearly every neighborhood in every town and city in this country there are women who have been helped by Lydia E. Pinkham's Vegetable Compound in the treatment of ailments peculiar to their sex, and they take pleasure in passing the good word along to other women. Therefore, if you are troubled in this way, why not give Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from roots and herbs, has for forty years proved its value in such cases. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

The Ford Has Passed Them All

In ten years the Ford Car has passed the street car, the horse and buggy and the locomotive as a means of transportation.

The Ford has given the public transportation which combines all the advantages which other methods offer with none of their disadvantages.

It is giving the railroads real competition in fast cross-country transportation.

It has ousted the street car in ready convenience and low mileage costs.

It has pushed the horse and buggy completely into the discard in low-first cost and low maintenance costs.

The number of people who buy Ford cars will set the price of Ford cars.

THEY TELL THEIR NEIGHBORS

Women Tell Each Other How They Were Helped by Lydia E. Pinkham's Vegetable Compound

Woodbridge, Ont.—"I took Lydia E. Pinkham's Vegetable Compound for female troubles. I would have headaches, backaches, pains between my shoulders and under my shoulder blades and dragging down feelings on each side. I was not able to do my work and feel very lively. My mother-in-law told me about the Vegetable Compound and I got some right away. It has done me more good than any other medicine I ever took and I recommend it to my neighbors. You are quite welcome to use this letter as a testimonial if you think it will help some poor suffering woman." — Mrs. Sam Shannon, R. R. 2, Woodbridge, Ont.

In nearly every neighborhood in every town and city in this country there are women who have been helped by Lydia E. Pinkham's Vegetable Compound in the treatment of ailments peculiar to their sex, and they take pleasure in passing the good word along to other women. Therefore, if you are troubled in this way, why not give Lydia E. Pinkham's Vegetable Compound a fair trial?

This famous remedy, the medicinal ingredients of which are derived from roots and herbs, has for forty years proved its value in such cases. Women everywhere know what it means to them and what a friend Lydia E. Pinkham's Vegetable Compound is.

The Ford Has Passed Them All

IN ten years the Ford Car has passed the street car, the horse and buggy and the locomotive as a means of transportation.

The Ford has given the public transportation which combines all the advantages which other methods offer with none of their disadvantages.

It is giving the railroads real competition in fast cross country transportation.

It has ousted the street car in ready convenience and low mileage cost.

It has pushed the horse and buggy completely into the discard in low-first cost and low maintenance costs.

The number of people who buy Ford cars will set the price of Ford cars.

Who First Felt "Like A Fighting Cock"?

COCK-FIGHTING was born with the cocks.

But it is only 80 years ago that the first man felt "like a fighting cock."

Now he has brothers, sisters, nephews, nieces, all over the world—all feeling "like a fighting cock!"

It happens this way: A person half sick with bad stomach, dull and heavy headache, takes Beecham's Pills just before going to bed. Immediately the Pills begin to harmonize the digestive and eliminative organs.

Consequently, this person has a good night's sleep and arises in the morning with clear brain, bright eye, keen appetite, and full of energy for work and play.

It is now just 80 years since Beecham's Pills first began correcting disordered stomachs and stirring sluggish livers and bowels to natural activity — and feeling "like a fighting cock" is associated as inseparably with Beecham's Pills, as the pills are with good health.

Running Water!

When and Where You Want It

On any farm of average size at least one hour a day—3½ ten hour working days a year—are spent in the irksome, wearying task of pumping water. 3½ days which one of my Toronto Windmills will give you for profitable work, rest or recreation—besides supplying running water wherever you want it.

The one bothersome task that of oiling the windmill in all kinds of weather, is overcome in the Toronto Self-Oiler, which requires fresh oil only "once a year." Friction and wear are practically abolished. Toronto windmills, too, can be made absolutely self-regulating in operation.

The "Toronto" Tower will stand for a lifetime because it is the heaviest, strongest and best-braced one built for any windmill. Let me explain why I believe this is one of the biggest conveniences you can have.

Brakeman Instantly Killed Between Cars at Marysville.

Thos. Middagh, brakeman on an east-bound freight train, was instantly killed Monday morning, near Marysville Station, some miles east of Belleville. He was walking on top of the car when he slipped between the two cars, his arms and head being crushed and his neck fractured. The body was taken to Belleville by train, and Monday afternoon Coroner Dr. W. W. Boyce opened an inquest. Deceased was 23 years of age, and leaves relatives in Ottawa and Morrisburg. He was a member of the Masonic Order and of Lodge at York, Ontario, of the Brotherhood of Railway Trainmen.

Rev. W. R. Tanton.

The following is an extract from a letter of the Saskatchewan Staff Correspondent in The Christian Guardian of April 18th, 1923:—Saskatchewan friends are glad to see the announcement in the Guardian of the renewed call to Rev. W. R. Tanton, formerly of North Battleford, to Trinity Church, Napanee. We are not particularly anxious to get into what is evidently a controversial question, but there was one one aspect to this matter that we could not see last year and cannot see this one either. That is, if ministers come to western churches over the heads of men brought up in those Conferences, why should not a western man go east on the same terms? Is not sauce for the goose also for the gander? West and east stuff apart, we believe that Mr. Tanton is of the calibre that cannot be kept back.

GRACE CHURCH SERVICES

Not only have Hanley and Fisher preached and sung nightly to large congregations, but they have been at the Gibbard factory for a noon-day meeting, and another has been arranged for. On Monday night they were before 100 of the business men at the Campbell House banquet. People come from Selby, Morven, Anderson and other places in large numbers.

Everyone who hears them feel that they understand their job and are as capable as living men can be of doing it efficiently.

Friday night will be a great night, it is Young People's night. The Saturday night children's choruses are great features, and the size of the crowd proves their popularity. The church was crowded last Sunday night and hundreds were turned away.

Great things are expected for next Sunday. In the morning an old people's service will be held. If any old people have no means of getting there let a message be sent to the Parsonage by Saturday night, and a conveyance will be provided. In the afternoon at 3 o'clock, the topic is "Home Wrecking", and is for married and engaged people only. This is sure to bring a crowd. The evening service will begin at 7.30. If you want a seat be there by 7. The services will continue till April 29th.

WEDDING BELLS.

ALLEN—WEESE.

A very happy wedding took place at the home of Mr. and Mrs. Fred. W. Weese, Camden, on Wednesday, April 4th, 1923, when their youngest daughter, Ruby J., became the bride of Mr. Fraser C. Allen, son of Mr. and Mrs. J. Henry Allen, of Newburgh. The ceremony was performed by the bride's pastor, the Rev. T. H. P. Anderson, in the presence of the members of the two families and a few intimate friends. The bride was given away by her father, and was pleasingly attired in sand canton crepe and Paisley silk. After congratulations and the signing of the register, the company enjoyed a well prepared and daintily served wedding dinner. The happy couple took the train at Napanee for Montreal, the bride travelling in castor velour coat and blue hat, and the groom's gift of a beautiful fur neck-piece. The community joins in best wishes to this young couple, who will make their home at Newburgh, and will be greatly missed by their many young friends of Selby.

WEESE—BROWN.

A quiet wedding took place at Newburgh, on Wednesday, April 18th, when Rev. Geo. Nickle united in marriage Jennie, eldest daughter of Mr. and Mrs. Fred Brown, to Edward Weese, youngest son of Mr. and Mrs. James Weese, all of Centreville. The bride was becomingly attired in a suit of navy tricotine, with hat to match. The groom's gift to his bride was a gold wrist watch. The young couple were unattended. After the ceremony they motored to Napanee and took the train for Port Colborne, Buffalo and Niagara Falls. On their return they will reside near Centreville, where the groom is a prosperous young farmer.

In a laboratory test conducted by a leading scientific school, it actually negotiated a grade with a percentage of 12.3 in high gear. More than 100 much higher priced cars similarly tested failed to reach the Maxwell record. Only a most powerful engine, perfect car balance, and easy rolling bearings enabled the good Maxwell to perform such an unparalleled feat.

Brakeman Instantly Killed Between Cars at Marysville.

Thos. Middagh, brakeman on an east-bound freight train, was instantly killed Monday morning, near Marysville Station, some miles east of Belleville. He was walking on top of the car when he slipped between the two cars, his arms and head being crushed and his neck fractured. The body was taken to Belleville by train, and Monday afternoon Coroner Dr. W. W. Boyce opened an inquest. Deceased was 23 years of age, and leaves relatives in Ottawa and Morrisburg. He was a member of the Masonic Order and of Lodge at York, Ontario, of the Brotherhood of Railway Trainmen.

Rev. W. R. Tanton.

The following is an extract from a letter of the Saskatchewan Staff Correspondent in The Christian Guardian of April 18th, 1923:—Saskatchewan friends are glad to see the announcement in the Guardian of the renewed call to Rev. W. R. Tanton, formerly of North Battleford, to Trinity Church, Napanee. We are not particularly anxious to get into what is evidently a controversial question, but there was one one aspect to this matter that we could not see last year and cannot see this one either. That is, if ministers come to western churches over the heads of men brought up in those Conferences, why should not a western man go east on the same terms? Is not sauce for the goose also for the gander? West and east stuff apart, we believe that Mr. Tanton is of the calibre that cannot be kept back.

GRACE CHURCH SERVICES

Not only have Hanley and Fisher preached and sung nightly to large congregations, but they have been at the Gibbard factory for a noon-day meeting, and another has been arranged for. On Monday night they were before 100 of the business men at the Campbell House banquet. People come from Selby, Morven, Anderson and other places in large numbers.

Everyone who hears them feel that they understand their job and are as capable as living men can be of doing it efficiently.

Friday night will be a great night, it is Young People's night. The Saturday night children's choruses are great features, and the size of the crowd proves their popularity. The church was crowded last Sunday night and hundreds were turned away.

Great things are expected for next Sunday. In the morning an old people's service will be held. If any old people have no means of getting there let a message be sent to the Parsonage by Saturday night, and a conveyance will be provided. In the afternoon at 3 o'clock, the topic is "Home Wrecking", and is for married and engaged people only. This is sure to bring a crowd. The evening service will begin at 7.30. If you want a seat be there by 7. The services will continue till April [illegible].

Weese, Camden, on Wednesday, April 4th, 1923, when their youngest daughter, Ruby J., became the bride of Mr. Fraser C. Allen, son of Mr. and Mrs. J. Henry Allen, of Newburgh. The ceremony was performed by the bride's pastor, the Rev. T. H. P. Anderson, in the presence of the members of the two families and a few intimate friends. The bride was given away by her father, and was pleasingly attired in sand canton crepe and Paisley silk. After congratulations and the signing of the register, the company enjoyed a well prepared and daintily served wedding dinner. The happy couple took the train at Napanee for Montreal, the bride travelling in castor velour coat and blue hat, and the groom's gift of a beautiful fur neck-piece. The community joins in best wishes to this young couple, who will make their home at Newburgh, and will be greatly missed by their many young friends of Selby.

WEESE—BROWN.

A quiet wedding took place at Newburgh, on Wednesday, April 18th, when Rev. Geo. Nickle united in marriage Jennie, eldest daughter of Mr. and Mrs. Fred Brown, to Edward Weese, youngest son of Mr. and Mrs. James Weese, all of Centreville. The bride was becomingly attired in a suit of navy tricotine, with hat to match. The groom's gift to his bride was a gold wrist watch. The young couple were unattended. After the ceremony they motored to Napanee and took the train for Port Colborne, Buffalo and Niagara Falls. On their return they will reside near Centreville, where the groom is a prosperous young farmer.

HOW FAR CAN I RECEIVE ?

By RAY DIO, in The Wireless Age.

"How far can I receive ?" That is probably the most common question asked of radio people to-day. The first million times it is asked there is a polite answer, something like this : "Individual conditions govern reception to such an extent that it is impossible to predict how far any receiver will receive. The only way to tell is to try and see." The second million times that the question pops up, it is ignored. The third million, the answer is : "! ! X * ! ? ? ! ! !" And the fourth million ——.

Now all this is quite unnecessary. In the first place, why ask how far reception is possible when you can find out any time by turning the dials? In the second place, the conditions governing reception are definitely and positively indefinite. It is only in the case of the most carefully designed, high-powered commercial stations, costing great sums, that the radio engineer can safely promise the ability to do thus and so, day after day and night after night.

Definite indefiniteness sounds rather high-brow and abstract, but it is anything but that. The indefiniteness of reception is a practical reality, recognized by all who operate receivers.

So, for the satisfaction of the disillusioned and the protection of the hopeful, let us have a clear explanation of the factors governing broadcast reception.

The first factor is the power of the broadcasting transmitter. The second is the sensitiveness of the broadcasting receiver. The third is the skill of the operator. The fourth is the weather. The fifth is the presence of interfering transmitters. The rest is legion.

Many wonder why they can hear stations 300 or 400 miles or more distant, and can't get a peep out of much nearer ones. It is easy to say that the nearer fellows were too weak—didn't put enough power in the air. Then the puzzled one retorts that "John Brown across the street gets 'em." Therefore waves from the smaller transmitter are reaching the locality. It looks as if the sensitivity of the receiver may be at fault.

There is a very important point, the inherent quality of the receiving instrument. In general, it may be said that the better the reputation of the manufacturer, the larger his facilities, the more renowned his engineers, the better will be the performance of his receivers, because they will receive over a larger radius with greater volume. The difference between a good receiver, designed and made by experts, and one not so made, is astounding, as anyone will find who cares to compare two such instruments on the same antenna. The good one will pick up and make plain radio impulses that the poor one will not respond to. There is one of the biggest elements in reception over distance. To a certain extent, reception is built in the set.

Considering that the transmitter is powerful, and that an efficient receiver is being employed for the reception of the broadcast concerts, will still have another factor governing reception. That is the weather. Scientists disagree as to what it is that carries radio waves, but whatever it may be, the weather is capable of upsetting it considerably.

Due perhaps to change in cloud stratas, or vibration of atmospheric pressure between two given points, signals from a transmitter may come in loudly, then fade out to practical inaudibility many times in 15 minutes

There are enough broadcasting stations now operating in the United States to provide entertainment for a country 253 times bigger. In fact, if the American broadcasters were apportioned out all over the world, probably there would be enough to put a program in everybody's ear, and do it nicely, too. No one can say that at present this concentration of broadcasting within the United States is beneficial. Each of us has two ears, but they have to be used together to listen to one thing at a time. It's useless or worse to have a dozen things clamoring into our ears at the same moment.

At the present time the best you can do is to survey the "air" every evening and pick out the station that can be heard best. Be satisfied with that, and don't try to tune in those which are jumbled up together. There is no receiver in existence which will separate the transmitters, who of their own free will, are doing the mixing.

Those who are fortunate enough to live in the immediate vicinity of a powerful broadcasting station should not weep over inability to listen to out-of-town stuff coming from stations hundreds of thousands of miles away. Anyone residing close enough to a powerful broadcasting station should arrange his receiving equipment to get the maximum results from that station alone and disregard all others. That's the way to enjoy life on the radio wave !

"Johnny," said the teacher, "if coal is selling at $14 a ton and you pay the dealer $65, how many tons will he bring you?"

"A little over three tons, ma'am," said Johnny, promptly.

"Why, Johnny, that's not right," said the teacher.

"No, ma'am, I know it ain't right", said Johnny, "but they all do it."

WEDDING BELLS.

Murphy—Barrett.

A quiet but very pretty wedding was solemnized at the Church of the Assumption, Erinsville, by the Rev. Father Meagher, on Wednesday, the 18th inst, when Catharine, only daughter of Mr. and Mrs. Joseph Barrett, of Tamworth, became the bride of Everett, eldest son of Mr. and Mrs. P. J. Murphy, of Enterprise.

The bride entered the church to the strains of the Mendelossohn wedding march most beautifully rendered by Miss Aileen Dillon, of Chippawa. The bride was becomingly attired in a navy blue tricotine suit, sable choker and smart hat and veil. She was attended by Miss Lilian Murphy, sister of the groom, who wore a beautiful shot taffeta dress with hat to match, while Mr. Michael Barrett, brother of the bride, performed the duties of best man. The groom's gift to the bride was a cabinet of silver; to the bridesmaid, a string of pearls; to the groomsman, an amethyst rosary, and to the organist, a gold bar pin set with pearls.

After the ceremony the bridal party motored to the home of the bride's parents, where a most sumptuous repast awaited them, and to which the immediate relatives of the contracting parties did ample justice. The bridal couple received many costly and useful gifts, showing the high esteem in which they were held by their many friends. Mr. and Mrs. Murphy, amidst showers of rice and good wishes, left on the 4.40 train for a short honeymoon in Toronto and other western points. On their return they will reside in Enterprise, where the groom is a prosperous young farmer.

McCutcheon—Seale.

A quiet wedding took place at the Standard Parsonage, on Wednesday, April 25th, 1923, when Mary Millicent oldest daughter of Mr. and Mrs. Marsh McCutcheon, of Roblin, became the bride of Delmer Albert, youngest son of Rev. and Mrs. T. A. Seale. The ceremony was performed by Rev. T. A. Seale. The young couple were unattended, and only immediate relatives were present. The happy couple left on their wedding tour to Montreal and other Eastern points. On their return they will reside in Belleville.—Ottawa and Kingston papers please copy.

LENS.

Capt. Harry Ellis, of Belleville, who has been a frequent visitor in our neighborhood for the past year, has accepted a position on the steamer "New Dominion" of the O. T. Navigation Co., and will trade between American ports on Lake Ontario and the Bay of Quinte. The captain has the distinction of being the youngest captain sailing. He will return some time later to take another voyage with one of our most bright young ladies. We all wish him success in both his enterprises, as he is a real jolly good, genial fellow.

DEPEND ON THE FOREST.

When a man writes his name, reads his paper, puts on his shirt, his near-silk socks, his necktie, his shoes, his black suit, when he smokes his pipe, when he takes aspirin or quinine or when he takes acetanalid for a headache, when he goes hunting or to the movies, when he plays a phonographic record, when he uses his radiophone, when he paints his house, varnishes his floor, lights his fire, eats his sausages, he comes into contact directly or indirectly with the chemical utilization of the forest. The chemistry of the forest, the chemical utilization of wood, whether we know it or not, is part and parcel of our daily existence. The discovery of new uses for wood is keeping ahead of the discovery of substitutes for wood, which explains the necessity of governments and all forest authorities adopting a policy that will provide for the scientific handling of this great and rapidly diminishing natural resource.

GRACE CHURCH SERVICES.

The last week has begun auspiciously. The present weather just suits the meetings, and roads are good.

The old people's service in the morning, that for married people in the afternoon and for all last Sunday night, were largely attended, and the splendid addresses evoked great enthusiasm. It is very plain that when the gospel is preached brightly, and earnestly, and effectively, people will gather as eagerly on week nights as they will on any other night. The sight of the scores of cars about the streets every night is of itself an inspiration.

The song services led by Mr. Fisher, always culminating in a most suitable solo, sung with great feeling, are a most appealing feature of each meeting. The Saturday night service for this week is withdrawn. The Sunday morning service will begin at 10 instead of 10.30, and in the afternoon at 3 o'clock, Dr. Hanley will give his great Chautauqua address on "Anarchy, its Cause and Cure". This, like the address on the "Unpardonable Sin", and many others among his great addresses, will fill the church to the overflow. Sunday evening is the closing service. Topic, "Just Outside".

Gradually the public is being convinced that two great men are among us and men who revel in the variety and many sided human interests of a full life. Few will care to miss the opportunities of the last week, and when Sunday is past, the month will long be remembered as one of the greatest months in the history of Grace Methodist Church, and this is owed under God, largely to Mr. Hanley and Mr. Fisher. The remuneration to be given to the Evangelists is not a fixed sum, but a free will offering, and this is to be taken on Friday night, and at each of the three services on Sunday. As we have freely received, so do we mean freely to give.

OBITUARY.

Mrs. Mary Alkenbrack.

At Richmond, at the home of R. W. Kimmerly, on Monday, April 2nd, 1923, there passed peacefully away out of its earthly shadows up to that clearer light, Mary Alkenbrack, at the ripe old age of 91 years. Her maiden name was Mary Card, daughter of the late Stephen and Annie Card, who came to this country and settled about one mile and a half North West of Moscow, and the place was a forest. Through hard work, clearing up the land, he made a home for his wife and family. The deceased was born on the 25th of August, 1832, in Camden, near Moscow. At 16 years of age, on the 14th of March, 1848, she was united in marriage to the late James B. Alkenbrack, of the same place, who predeceased her 61 years ago. To their union was born eight children, of whom five survive, two sons and three daughters, to mourn the loss of a loving and a devoted mother, namely, J. W. Alkenbrack, Fort William, Ont.; James B. Alkenbrack, Hopkins, Minn.; Mrs. Henry Craig, Napanee; Mrs. John Finkle, Carrievale, Sask.; and Mrs. R. W. Kimmerly, Deseronto Road, with whom the deceased lived. Also two brothers and one sister, John Card, Napanee; William Card, Elm Creek, Manitoba, and Mrs. H. B. Sanderson, McGee, Sask. She also had twenty-four grandchildren, forty-six great-grandchildren, five great-great-grandchildren. She was a dear grandmother and a dear friend and neighbor to all who knew her. She was of sterling qualities. When very young was left to battle life alone and to bring up her family, the oldest only 13 years of age. She was a devoted Christian for a number of years serving her Master. A short time before the end came she longed to go to her home in Heaven. She was a member of the Methodist Church. The funeral was held at her late home, conducted by her pastor, Rev. A. J. Terrill. A large crowd of friends and neighbors gathered together to pay their last respects to the deceased. The remains were placed in Riverview vault to await interment in Moscow cemetery.

NEWBURGH.

Some time ago an offer appeared in the Sunday School paper, "Onward", of a prize to boys and girls from 11 to 16 years of age, who would give a correct rendering of a set of Bible verses. Harvey McNeely and James Yeomans, members of Miss Mitchell's class, have taken advantage of the offer, and have each received a beautifully bound volume of the New Testament and Psalms. No doubt these boys had the encouragement of their parents. This is as it should be, Sunday School workers and parents co-operating to encourage Bible memorizing. The prize is donated by a gentleman who withholds his name, but gave his offer through the Methodist Book and Publishing House.

Mr. Drew and Mr. Brown, of Napanee, visited with Mr. Albert Clancy, on Sunday.

Archie McGregor made a business trip to Napanee on Monday.

The people of Newburgh received a shock on Sunday morning, when it became known that Mrs. J. B. Aylesworth had died suddenly at the home of Mr. Ross Dougan. Mrs. Aylesworth had come from Napanee on the evening train on Saturday, where she had spent the greater part of the winter, waiting on her mother. After arriving at Newburgh she consulted Dr. Morence, who told her that her heart was in bad condition, and it would be necessary for her to suspend all activity and take special care of herself. Instead of going to her own home, where she would have been alone, she spent the night with Mr. and Mrs. Dougan, intimate neighbors. In the morning she was quite bright, but on the advice of Mrs. Dougan, decided to rest in bed a while. When Mrs. Dougan again went to the room to ask her about her breakfast, she was shocked to find her dead. Mrs. Aylesworth was a woman who had spent a lifetime of service for others and for every good cause, and the service she rendered was only equalled by the energy she brought to bear on everything she undertook. Her place will be hard to fill. large hearted people are not too plentiful.

At time of writing Mrs. (Rev.) Gandier is in quite a low condition, slight hope being felt for her recovery.

Go-To-Sunday-School Day May 20th This Year

For several years a Spring Rally Day, called "Go-to-Sunday-School Day", has been observed in several of the Provinces. It has now become an established National event, and will be observed throughout the whole Dominion on May 20th. The week preceding will be observed in Ontario as Children's Week, another important event belonging principally to the Children's Division of the Sunday School.

In view of the importance attached to the Sunday School to-day, both of these events will create a wide public interest, and should be taken up by every Sunday School in the County.

The special programme for Go-to-Sunday-Sunday-School Day this year is entitled "Building the Nation" and is prepared for use at the Worship Period of the regular School session, provision being made for an offering to be taken for the work of the Ontario Religious Education Council.

There is a place in the Sunday School to-day for every member of every family, and it is for the purpose of bringing more people to Sunday School, and creating a greater interest in the Sunday School that these important events are being carried out.

REV. C. W. DeMILLE.

What Travellers' Aid Means To the Local Community.

Travellers' Aid co-operation means:—

First—That any person leaving your community can be met at any other place having a Travellers' Aid, and can receive reliable direction and any necessary advice for her welfare.

Second—That you can obtain reliable information as to the good faith of persons at distant points, offering positions to members of your community; also as to the character of inducements to leave home, offered to your young people.

Third—That you are brought in touch with strangers arriving in your community, at the time when it is easiest to start them with agencies best suited to their developement and assimilation.

Over 200,000 persons have been assisted by Travellers' Aid in Canada during the year.

Children or the aged, sometimes are obliged to travel alone; also others who are not experienced in travelling, all needing assistance other than that given by the railway officials. During the year, in one of our small cities, 45 children travelling alone were helped in various ways by the station worker. One of our workers reported as her youngest case, a boy of two and-a half years old. He had come ninety-four miles. And the oldest case, an aged couple, the woman aged ninety-one and her husband ninety-eight years. The report stated "they were very feeble".

People who have travelled extensively, make it a point to get any information necessary upon arriving in a strange city, from the Travellers' Aid. Why should not those of us who are less familiar with the ways of the city and unaccustomed to travelling, use the precaution the more experienced travellers do?

OBITUARY.

Wilbur F. Gerow.

The tragic death of Mr. W. F. Gerow was a great shock to a large circle of friends and acquaintances. His name has been intimately associated with the dairying interests of this county for a great many years. He was a pioneer in the cheese industry and as a cheesemaker had few equals in the province. He was in charge of Excelsior Cheese Factory for the present season, and in the early morning of the 19th inst. gave the alarm of fire, and in a few minutes the building was enveloped in flames. He worked most energetically to save the contents and in a measure succeeded. He was missed for a time in the darkness and was then found lying upon some bedding which he himself had carried from the burning building and deposited on the roadside. He was removed to a neighboring residence where he passed away in a few minutes. Mr. Gerow had the enviable reputation of being a most conscientious good living man who had a kind word for everyone he met. He will be greatly missed in the business and social circles in which he moved, and particularly in the Masonic Order, where he has held many important offices. The love and esteem cherished for him by his brother Masons was amply testified by the beautiful floral tributes placed upon the casket, and the large number who turned out to his funeral on Saturday afternoon to pay respect to his memory.

The church service was conducted in Grace Church, by Rev. Mr. Terrill, assisted by Rev. Mr. Coleman, Rev. Mr. Foster and Rev. Mr. Wilson. This was followed by the beautiful and impressive Masonic service upon the church lawn. To mourn his loss he left his widow and four sons, Frank Gerow, of Newburgh; Allan Gerow, of Tilsonburgh; Donald Gerow, of Buffalo, and Grant Gerow, of Rochester.

WHAT MADE ME HAPPY

"I was congratulating myself that I had passed the winter without catching a cold, when I got one at the beginning of last May. It was because I was run down. Being run down I had some trouble in getting rid of this cold. I was a nervous wreck. I would wake up regularly mornings feeling that some terrible calamity would take place. Although we were comfortably off, I felt sure my husband was going to lose everything. The children worried me. If they made the least noise, I would get into a terrible temper. I would scold them so that I am sure they hated me. I would be mad with myself after it was over and make up my mind never to let it happen again. I would go to bed at night and begin to think and picture dreadful things which might happen to me and my family. I would lay awake for hours, sometimes until daylight, until I was so weak that I could scarcely raise my head. I would waken next day just as tired as when I laid down. After a while I got so that I didn't care what happened. The children annoyed me and I wouldn't have cared if they had left me for good. I felt that it was only a matter of time before I would lose my mind. I knew that my symptoms were due to a run down condition and that if I could only get something to build me up, I might be all right. I knew that there must be some good tonics but most of them made such foolish claims that I was afraid of them. Happening one day to run across a leaflet about Carnol, I was impressed with the moderate way this preparation was described, so I made up my mind I would try it. I did and today I am the happiest and healthiest woman living. I haven't a care in the world. Instead of running away from me, my children are now with me all the time. My husband tells me that my disposition is as near an angel's as any human being's can be, but of course he is prejudiced. I don't believe I have a nerve in my body now."

Carnol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him and he will refund your money. 6-C22

For several years a Spring Rally Day, called "Go-to-Sunday-School Day", has been observed in several of the Provinces. It has now become an established National event, and will be observed throughout the whole Dominion on May 20th. The week preceding will be observed in Ontario as Children's Week, another important event belonging principally to the Children's Division of the Sunday School.

In view of the importance attached to the Sunday School to-day, both of these events will create a wide public interest, and should be taken up by every Sunday School in the County.

The special programme for Go-to-Sunday-Sunday-School Day this year is entitled "Building the Nation" and is prepared for use at the Worship Period of the regular School session, provision being made for an offering to be taken for the work of the Ontario Religious Education Council.

There is a place in the Sunday School to-day for every member of every family, and it is for the purpose of bringing more people to Sunday School, and creating a greater interest in the Sunday School that these important events are being carried out.

REV. C. W. DeMILLE.

What Travellers' Aid Means To the Local Community.

Travellers' Aid co-operation means:—

First—That any person leaving your community can be met at any other place having a Travellers' Aid, and can receive reliable direction and any necessary advice for her welfare.

Second—That you can obtain reliable information as to the good faith of persons at distant points, offering positions to members of your community; also as to the character of inducements to leave home, offered to your young people.

Third—That you are brought in touch with strangers arriving in your community, at the time when it is easiest to start them with agencies best suited to their developement and assimilation.

Over 200,000 persons have been assisted by Travellers' Aid in Canada during the year.

Children or the aged, sometimes are obliged to travel alone; also others who are not experienced in travelling, all needing assistance other than that given by the railway officials. During the year, in one of our small cities, 45 children travelling alone were helped in various ways by the station worker. One of our workers reported as her youngest case, a boy of two and-a half years old. He had come ninety-four miles. And the oldest case, an aged couple, the woman aged ninety-one and her husband ninety-eight years. The report stated "they were very feeble".

People who have travelled extensively, make it a point to get any information necessary upon arriving in a strange city, from the Travellers' Aid. Why should not those of us who are less familiar with the ways of the city and unaccustomed to travelling, use the precaution the more experienced travellers do?

The tragic death of Mr. W. F. Gerow was a great shock to a large circle of friends and acquaintances. His name has been intimately associated with the dairying interests of this county for a great many years. He was a pioneer in the cheese industry and as a cheesemaker had few equals in the province. He was in charge of Excelsior Cheese Factory for the present season, and in the early morning of the 19th inst. gave the alarm of fire, and in a few minutes the building was enveloped in flames. He worked most energetically to save the contents and in a measure succeeded. He was missed for a time in the darkness and was then found lying upon some bedding which he himself had carried from the burning building and deposited on the roadside. He was removed to a neighboring residence where he passed away in a few minutes. Mr. Gerow had the enviable reputation of being a most conscientious good living man who had a kind word for everyone he met. He will be greatly missed in the business and social circles in which he moved, and particularly in the Masonic Order, where he has held many important offices. The love and esteem cherished for him by his brother Masons was amply testified by the beautiful floral tributes placed upon the casket, and the large number who turned out to his funeral on Saturday afternoon to pay respect to his memory.

THE Quaker flour motto means what it says. The Quaker standard is the highest in flour milling, and this standard is rigidly maintained in every bag. First comes the careful cleaning of the grain, then a milling process possible only with the most modern equipment, and finally the constant laboratory and baking tests.

The happy baker uses Quaker"— because its consistent uniform quality guarantees unvarying success. Equally satisfactory for bread, cakes and pies.

A ROYAL RECOGNITION

His Royal Highness the Prince of Wales has graciously added his contribution to the progress of forestry in Great Britain and the Empire generally, in his acceptance of the office of President of the Empire Forestry Association. He presided on March 1st at the annual meeting of the Association, which was held at the Guildhall, London, England. In moving the adoption of the annual report of the Council of the Association, he said in part:—

"I have had, the last three years, unrivalled opportunities of realizing the vast timber resources of our Empire and of actually visiting lumber mills in Canada and Australia. Without a cheap supply of timber, any progressive community must face disaster, having regard to the many needs we have for timber in every day life, for which a regular and cheap supply is essential. This, however, can be secured only by close attention to forestry in all its aspects.

"If we are to accept the evidence of those who have made a study of the rate of consumption of timber, the world within the next twenty years will be faced with a timber shortage, if not an actual famine. No time must be lost in making provision for future supplies, steps must be taken to replant the vast forest areas devastated during the war, estimated in Great Britain alone at one million acres, of which probably not five per cent have been replanted.

"The need for systematic forestry must be more fully realized and the doctrine of self-regeneration of forests no longer relied on as the sole means of propagation."

An Oil of Merit.—Dr. Thomas' Eclectric Oil is not a jumble of medicinal substances thrown together and pushed by advertising, but the result of the careful investigation of the healing qualities of certain oils as applied to the human body. It is a rare combination and it won and kept public favor from the first. A trial of it will carry conviction to any who doubt its power to repair and heal.

Bilkins had no love for his wife's little pet dog, but one day when it mysteriously disappeared he offered $25 reward for its recovery.

"But I thought," said a friend, "you hated that dog like poison."

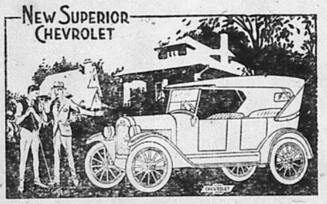

"So I did," replied Bilkins; "I could not bear it."

"Then why on earth did you offer such a big reward for its return?"

"I like to please my wife."

"Well, that may be, but $25 is sure to bring the dog back."

"I think not," answered Bilkins, "unless someone saw me bury it in the garden."

IN MEMORIAM.

In sad but loving memory of my dear father, John A. Tyner, who departed this life on April 27th, 1922.
You have left us dearest father,
And our hearts are lonely now.
But no trace of pain or anguish
Rests upon your peaceful brow.
In that land of song and beauty,
Parting hands are clasped no more.
When we meet again, dear father,
It will be to part no more.
His Daughter,
17ap —Mrs. John Morrison.

IN MEMORIAM.

In loving memory of our dear daughter, Dorothea Campbell, who passed away April 28th, 1922.
With quiet hands softly folded,
Eyes closed to never weep;
In God's own peace he wrapped
Her round to sleep her quiet sleep.
But our hearts they ache, forever ache,
Our eyes they weep and weep;
'Tis well that never a human tear
Can touch that last sweet sleep.
Still her voice we hear at midnight,
Though dead lips make no sound;
It is the blood that is calling,
Calling up from the ground.
Gone but not forgotten.
17a —Mother, Father, Brothers.

CANADA'S FORESTS

Sing me the song of her tranquil forests,
Silence eternal and peace profound,
In whose great heart's deep recesses
Breaks no tempest, and comes no sound.

Face to face with the deathlike stillness
Here, if at all, man's soul might quail,
Nay! 'tis the love of that great peace leads us
Thither, where solace will never fail.

—Robert Reid.

IN MEMORIAM.

In sad but loving memory of my dear father, John A. Tyner, who departed this life on April 27th, 1922.

You have left us dearest father,
And our hearts are lonely now.
But no trace of pain or anguish
Rests upon your peaceful brow.
In that land of song and beauty,
Parting hands are clasped no more.
When we meet again, dear father,
It will be to part no more.

His Daughter,
17ap —Mrs. John Morrison.

IN MEMORIAM.

In loving memory of our dear daughter, Dorothea Campbell, who passed away April 28th, 1922.

With quiet hands softly folded,
Eyes closed to never weep;
In God's own peace he wrapped
Her round to sleep her quiet sleep.
But our hearts they ache, forever ache,
Our eyes they weep and weep;
'Tis well that never a human tear
Can touch that last sweet sleep.
Still her voice we hear at midnight,
Though dead lips make no sound;
It is the blood that is calling,
Calling up from the ground.

Gone but not forgotten.
17a —Mother, Father, Brothers.

CANADA'S FORESTS

Sing me the song of her tranquil forests,
Silence eternal and peace profound,
In whose great heart's deep recesses
Breaks no tempest, and comes no sound.
Face to face with the deathlike stillness
Here, if at all, man's soul might quail.
Nay! 'tis the love of that great peace leads us
Thither, where solace will never fail.

—Robert Reid.

"Style, and Genuine Economy" have been most successfully combined in this exceptionally fine range of Spring Coats. In this lot of 25 Coats you have 5 different styles and each is truly a master-piece. Two of the five styles are essentially Misses' styles, while the other three are more suitable for women.

Silk stitching forms the chief method of trimming. This is used in various ways, its wonders to perform. One style has a wide box pleat running from collar to hem. Buttons are also used advantageously.

STEPHEN LEACOCK SPEAKS ON FORESTS.

Montreal, March.—Speaking before a convention of foresters, Prof. Stephen Leacock of McGill University pleaded for the adoption of a scientific system both of preservation and extension of Canada's forest heritage. "The human race," he said, "for a hundred years has been living on its capital. In the midst of wealth it has grown poorer. It is now beginning to find the limits of its boasted power over nature in the exhaustion of nature itself. The adoption of a proper policy of conservation needs the stimulation of public opinion."

Be PARIS-GOWNED at LOW COST!

Your *Craving* for a pretty SILK FROCK or SPORTS DRESS
~Why not indulge it?

A "Dress by McMULLEN"—so chic, so smart—and the cost so very reasonable!

BEFORE a single McMULLEN model was conceived, the designers studied advanced styles and tendencies—in Paris, New York, on the Riviera, at Palm Beach and Coronado—wherever the world's smartest women congregate.

With the one object, that YOU may *this* spring and summer wear wondrously lovely and exclusive designs in the newest silk and sports fabrics, of rare shades and colour blendings.

Impossible to give detailed description of the many McMULLEN creations—so varied, so modishly original, so finely fashioned and finished. *Really, you must see for yourself!*

And because no other Canadian maker can afford to buy such enormous supplies of imported silks and raw materials, you will find the prices a pleasant surprise.

The ONE frock, made for YOU, adapted to your figure, your taste, personality and pocket-book, awaits your inspection. See the McMULLEN Dresses at the store which advertises them in your local papers.

WHAT DO WE BURN WHEN WE BURN OUR TREES?

What do we burn when we burn our trees?
We burn the home for you and me,
We burn the carriage-house, barn, and shed,
The baby's cradle, the little boy's sled,
The bookcase, the table, the rocker of ease,
We burn all these when we burn our trees.

What do we burn when we burn our trees?
The daily comfort which everyone sees,
The wages of men for years to come,
In factories big where busy wheels hum—
For industries many depend on trees—
When our forests burn, we burn all these.

What do we burn when we burn our trees?
The homes of birds, and squirrels, and bees,
The homes of the brook, and the cooling spring
Where violets blossom, and bluebirds sing,
The beauties of nature, so fair to please—
We burn all these when we burn our trees.

Summer or Winter, day or night,
The woods are an ever-new delight;
They give us peace, and they make us strong,
Such wonderful balms to them belong.

—Stoddard.

Ready-made Medicine.—You need no physician for ordinary ills when you have at hand a bottle of Dr. Thomas' Eclectric Oil. For coughs, colds, sore throat, bronchial troubles, it is invaluable; for scalds, burns, bruises, sprains it is unsurpassed; while for cuts, sores and the like it is an unquestionable healer. It needs no testimonial other than the use, and that will satisfy anyone as to its effectiveness.

New Brunswick's forest industries are capitalized at some $45,000,000, and the annual pay-roll amounts to about $6,500,000.

Remember, if it is anything in Paint, Varnish or Wall Finishes, Sherwin-Williams' goods are in the front line. You get them at Hooper's.

The indications of worms are restlessness, grinding of the teeth, picking of the nose, extreme peevishness, often convulsions. Under these conditions one of the best remedies that can be got is Miller's Worm Powders. They will attack the worms as soon as administered and they pass away in the evacuations. The little sufferer will be immediately eased and a return of the attack will not be likely.

He Says He Can Now Do His Work

Quebec Man Used Dodd's Kidney Pills.

Mr. Aubin States That They Have Made Him Well and That His Kidneys Are Without Pain.

St. Nicholas Station, Que., April 23rd, (Special).—Claudias Aubin, a well known and respected resident here, is a sure friend of Dodd's Kidney Pills. He has tried them and found them good.

"I am now very well and my kidneys are without pain" Mr. Aubin states. "Since the time I started taking Dodd's Kidney Pills, I have not had any more pain and I have been able to get to my work."

That Mr. Aubin's trouble came from the kidneys is evidenced by the relief he got from Dodd's Kidney Pills. They are purely and simply a Kidney remedy. They heal and strengthen the Kidneys and put them in shape to strain all the impurities out of the blood.

It is easy to see how neglecting them may be the cause of serious illness. Rheumatism, Dropsy, Urinary Troubles, Diabetes and Heart Disease are some of the penalties that follow neglecting the call of sick kidneys.

Sound kidneys mean pure blood. Pure blood means good health.

Ask your neighbor if Dodd's Kidney Pills are not the best remedy for sick kidneys.

He has all that belongs to a Clydesdale horse to make him perfect and he only has to be seen to be appreciated. His breeding is the choicest as a perusal of his pedigree will show. Old Resident's Death.

Mr. Robert Pinney, an old time resident of Nanaimo, B.C., passed away at the Nanaimo Hospital on March 29th, aged 83 years. The late Mr. Pinney had been a resident of Nanaimo for the past twenty-three years, and resided at 247 Victoria Road. He was a native of Camden, Ontario, and is survived by his wife and two sons, W. R. Pinney, Nanaimo and N. R. Pinney, of San Francisco. The funeral took place on April 2nd, at 2 o'clock, from McAdie's undertaking parlors, being attended by many old time friends of the deceased. Interment took place in the Nanaimo cemetery, services being conducted at the parlors and graveside, by the Rev. D. Lister. The pallbearers were Messrs. T. Morgan, J. Willis, F. Porteono, J. Johnson, R. Grayshon and James Thompson.

Entered Into Rest.

A fine young man, in the person of Frank Babcock, passed away at Millhaven. His beautiful character endeared him to all who had the pleasure of his acquaintance. He always seemed to shed sunshine around him, and was so kind to dumb animals, never too tired to ease their suffering, feed and make them comfortable. Frank had many branches of business to attend and was very successful in everything he undertook to do, always ready to lend a helping hand to anyone in need. He will be greatly missed by his many friends, but his Heavenly Father, the giver of all good gifts, saw fit to take Frank unto Himself, and he has lifted him up and borne him away to that bright and happy land where there is neither sorrow nor suffering. He is sleeping that sweet sleep that knows no waking, and to the Heavenly Father we commend his spirit ever more.

Bay of Quinte Clerical Union.

The Bay of Quinte Clerical Union met in Napanee, on Tuesday and Wednesday, April 24th and 25th, the Bishop of Ontario and twenty-two clergy being present. The Rev. H. Pringle, of Adolphustown, gave a scholarly and comprehensive outline of Bishop Gore's teaching on many points of Christian doctrine and practise. Bishop Bidwell contributed a lucid and intensely interesting analysis of Gore's book, "Belief in God". At the public service in St. Mary Magdalene's Church, which was largely attended, the preacher was the Rev. Canon Broughall, of St. Catharines, who made a strong plea for loyalty to the Christian faith. Canon Broughall also gave a devotional address to the clergy at the concluding session, of a very helpful nature. Rev. Canon Armstrong and Rev. Rural Dean Coleman were re-elected respectively President and Secretary of the Union.

The Napanee Operatic Society will present their season's success, "The Nautical Knot", in Wonderland Theatre, on Thursday and Friday, May 10th and 11th, 1923. Admission, 50c. Proceeds in aid of Boy Scouts. Tickets may be procured from any Boy Scout. 17a

Death of Harold Armstrong.

One of the saddest events to come to the notice of the people of Napanee for some time was the word that was received on Saturday of the death of Harold M. Armstrong, only son of Hamilton and Mrs. Armstrong, Carman, Man., former residents of Napanee and district, where they retain a warm place in the hearts and affections of a large circle of friends and acquaintances.

Mr. Armstrong was just twenty-four years and six months of age. He had completed his science course in Manitoba University, graduating in Electrical Engineering last year. Since then he had been employed in the General Electric both in Peterboro' and Toronto, taking post graduate work of a practical character before entering definitely on his life's career. He had only one month longer to serve in this capacity when his preparatory course would have been completed.

On Saturday morning, when about his duties in the plant, in some way yet undetermined he came in contact with a live wire and was immediately electrocuted.

The body was taken to the undertaking chapel, where it was retained until his parents could arrive from the West. Then on Monday evening a service was conducted by Rev. W. R. Young and Rev. B. W. Thompson, of Trinity Church, Toronto, who was Pastor of Young Church, Winnipeg, during the period of the deceased's college life. Besides his relatives and friends, many of his fellow workers from Peterboro' and Toronto attended the service.

From Toronto the body was brought to Napanee on Tuesday, and the funeral services conducted from the Neely home, on Wednesday afternoon, by the Rev. B. W. Thompson, of Trinity, Toronto, who was an intimate friend of the deceased, and spoke with great feeling of the ideals and character of the young man's life and of the fine place he held in the estimation of his many friends and acquaintances among whom he was revered for his uprightness and many manly qualities.

Floral tributes were received from friends in Carman, Portage la Prairie, Peterboro' and Toronto, besides those from local friends and relatives of the family, and a very beautiful set piece from the Young Men's Club of Young Church, Winnipeg, of which he was formerly president.

The sympathy of the whole community goes out to the bereaved parents in the loss of their only son.

WHAT IS A "HARDWOOD" TREE?

From time to time there comes up to wood-users of all description (that is, to practically everyone) the question as to what constitutes a "hardwood" tree as distinguished from a "softwood" tree. Can we call the poplar a "hardwood" when its wood is so soft? And, conversely, can we speak of hard pine as a "softwood" when its wood is so much harder than that of the poplar?

This is a case where a term, apparently quite definite, has acquired an altered meaning in use. A "hardwood" tree is not necessarily a tree whose wood is hard, nor is every tree whose wood is hard a "hardwood" tree. Poplar, basswood, and tulip, or "whitewood", for instance, are all termed "hardwoods," although their wood is comparatively soft; and, on the other hand, hard pine and yew belong with the "softwoods", although their wood is much harder than that of the "hardwoods" just mentioned.

The usage prevailing in the forest services both federal and provincial in Canada (and the same may be said of those of the United States) is to apply the term "hardwood" to a tree that bears leaves, such as the maple, oak, and ash, as distinguished from those trees having needle-like foliage, such as the pine and spruce, or scale-like foliage, such as the cedar, which are termed "softwoods".

These latter are often described as "evergreens", though the tamarack, which is a softwood, sheds its foliage in the autumn, and the madrona in British Columbia, which is a hardwood, keeps its foliage all winter. Nor is the term "conifer" or cone-bearing tree, altogether satisfactory; the fruit of the yew (another softwood) has the external appearance of a berry. The botanical terms "Angiosperm" and "Gymnosperm" (as applied to trees), could they be popularized, would clearly define the groups of "hardwoods" and "softwoods" respectively.

In ten counties in Ontario the work of clearing has been so thoroughly done that only five per cent or less of the area remains under forest. In one case, indeed (that of Peel county) the area has been reduced to three per cent. In thirty counties the area in forest is only ten per cent or less. In continental Europe the proportion is far greater, even in the most densely populated countries, France, for example, has nineteen per cent of her area in forest, and Belgium seventeen per cent.

OBITUARY.

W. F. HALL.

The sudden passing of W. F. Hall on Wednesday, May 2d, came as a very painful surprise to the citizens of Napanee and surrounding country. He was in his office on Friday last, and only on Saturday did he yield to the advice of doctor and friends and take to his bed.

The late Mr. Hall was born in this county and was, for over fifty years, a citizen of Napanee, and was greatly respected, as he was well and widely known. He was a director and secretary-treasurer of the Napanee Paper Mills Company, which at one time did a very large business in the manufacture of pulp and paper. His tall and commanding figure was a very familiar one on the streets of this town, and it is not too much to say that few will be more greatly missed. He was for many years secretary-treasurer of the Napanee School Board, and was always in favor of the best for the schools for both scholars and teachers. His influence in educational matters was always in the interest of steady progress.

Mr. Hall was for over fifty years a member of what is now Trinity Church, and for forty-five years its recording steward. How deeply, vitally interested he was in the welfare of that church is a matter of common knowledge, but will be especially remembered by those who during that time have been its pastors. He was a man of strong convictions, but granted to others as freely the right to their opinions as he held strongly to his own. No other had been so long and actively identified with the official life of that church, or will be more generally missed, or more deeply mourned by the church itself.

Napanee has lost an honored citizen, and Trinity Church its oldest official and one of its staunchest and most devoted friends. He was a true friend, an unselfish neighbor, a high type of man. The sympathy of all classes will be given freely to his bereft wife and family.

TAMWORTH.

Rev. Mr. Wright, of Kingston, is calling on friends in town.—Fred Hall, Winnipeg, visited his father-in-law, L. P. Wells, last week. — C. A. Jones and wife, of Toronto, visited his sister the first of last week. — D. R. Fletcher was in Kingston on Saturday last.—J. A. Hunter and wife just returned from a motor trip to Toronto, where they visited their daughter.—The Cheese and Butter Factory has opened up in full blast, also the Belleville Creamery has an auto truck on the road.—Ford cars are selling very rapidly; Mr. Hunter has the agency. Ross Paul, of Parham, has moved into town. — Mr. McCallum has gone in with Mr. Fisher. — Paul Weighill has gone to Campbellford to take over a stock of gents' furnishings, which he just lately purchased.—George Summers, Mountain Grove, was in town on Wednesday.—W. B. Richardson was in town on Tuesday.—The remains in the vault were all buried last week. —Frank York returned from the hospital, passed away last week, the funeral being held on Monday at the Methodist Church. Rev. Mr. Clarke officiating.—The sad news was received on Monday last of the death of Mrs. Benjamin Loyst, of Marlbank, who died very suddenly. The funeral was held at the Methodist Church, Marlbank, and the remains interred in the cemetery at Tamworth.

EMPIRE FORESTRY.

Canada and its forests will this summer be visited by a large number of guests from all parts of the British Empire, members of the second British Empire Forestry Conference. The official meetings will be held in Ottawa, and visits will be paid by the delegates to the various forest regions of the country.

The first Empire Forestry Conference convened at the Guildhall, London, England, in July, 1920, and besides the sessions in the metropolis visits were paid by the delegates to the forests in various parts of the British Isles. Delegates were present from the mother country, the principal Dominions—Canada, Australia, New Zealand, South Africa, and Newfoundland—and India. The principal Crown colonies, such as Ceylon, in Asia; Nigeria and Uganda, in Africa; and Trinidad, in South America, were also represented. The forest resources of the Empire were reviewed, and matters of moment to forest administration throughout the Empire discussed.

The delegates to the 1923 Conference will comprise not only men connected with the administration and management of the forests of the various parts of the Empire, but also men prominently connected with the timber trade. The visit of the delegates will undoubtedly be of much advantage to Canada in familiarizing men from other countries with the extent and quality of the timber resources of this Dominion.

THE SERVICES AT GRACE CHURCH.

The interest of the great meetings was so sustained that in both attendance and enthusiasm they closed at the top. Week night and Sunday, cars lined and often almost blocked the streets; people coming from every direction and often an hour before the hour of service. It is a wonderful thing to be able to command the attention of a multitude of people of all ages and conditions and religious opinions to the things that matter most; until such time as they can courageously and definitely pledge their lives to God that they will seek to live at their best, and be guided to fulfilment of their ideas and that under the only possible augury of success, the help of the Spirit of God.

It is evident that many have abandoned evil habits, have given up censoriousness, slander, bitterness, blasphemy and unkindness. When men come to a consciousness of the seriousness of sin, find the sense of obligation deepened, when desperation is replaced by inspiration, mists dispersing before incoming sunlight, wishing becomes trusting, indefinite desire is transformed into pledged loyalty to Christ, and hostages are publicly given for future fidelity, all hearts must rejoice. Such things are the Lord's doings, and are wonderful in our eyes.

It was a great privilege to sit at the feet of men whom God has been able to use in so many places, and in so many ways to convince and to persuade men to turn to God. This is made possible only when men perceive how 20th century life and christianity can be happily and wholesomely fused. There has been nothing of the parochial in evidence, but only the larger aspects of the extension of the Kingdom of God.

The number of those influenced was beyond all record, and the quality of the spirit cultivated was of the finest. The Spirit of God was manifest in rich fruitage, and spiritual power was at the floodtide.

For the banquet being tendered on Friday night to the incoming members by the members of the Quarterly Official Board and Teachers and Officers of the Sunday School, more than two hundred places are set. Rev. Dr. Brown, of Belleville, will give the address.

On Sunday morning the reception service will be held at 10 o'clock. How men could by their winning ways and warning words more effectually capture the hearts of the people of Napanee than Hanley & Fisher did, is yet to be demonstrated.

Before the Evangelists left for London, arrangements were made to have them both with us at the anniversary tea on Tuesday, October 30th, 1923.

Appreciation of Commemoration of Zeebrugge Day.

The following letter has been received by Mrs. A. L. Harshaw, Regent, United Empire Loyalist Chapter, I.O.D.E., "Hillcrest", Napanee, Ont :—

Toronto, April 20th, 1923.

My Dear Mrs. Harshaw,—Many thanks for your exceedingly kind letter of the 18th inst., and, needless to say, I am glad beyond words that your Chapter has arranged for Commemoration Services to be held in Napanee on Sunday next.

In these days, owing to the strain and stress, one is likely to forget, not willingly I grant you, but nevertheless, to forget those who died that we might live. Therefore, the Navy League of Canada seeks to at least bring to the attention of all people once a year our gallant dead.

I remember well my last visit to Napanee, and the dark hours that confronted Canada at that time. As we worked together then for Victory, so let us all work together now, that this country may become the Free Land, serving God in its day and generation. If we do this our men will not have died in vain.

I shall be happy at any time, if you will give me reasonable notice, to come to Napanee again and speak for your Chapter. I do not think the people of Canada realize how important the sailor is to their welfare, not merely for defense, but prosperity.

With kindest regards,

Faithfully yours,

(Lieut.-Col.) Cecil G. Williams, Provincial Manager, Navy League of Canada.

DISTRICT DEPUTY PAYS VISIT TO NAPANEE.

Friday night last was a red letter event in the annals of Union Lodge, A. F. & A. M. It was the occasion of the official visit of District Deputy Grand Master, A. L. Lott, of Gananoque. The local Masons turned out in large numbers and nearly every Lodge in the county was represented. There were also a number of other distinguished visitors from Belleville, Deseronto, Kingston and Gananoque. Wor. Bro. Geo. Tustin received well merited congratulations upon the able manner in which he filled the Master's chair. About ten o'clock the assembled Masons, to the number of two hundred, repaired to the banqueting hall, which is conceded to be the most commodious and best equipped room of its kind in this district. The Lodge Orchestra discoursed sweet music while the brethren partook of the good things provided for them. This was followed by addresses, interspersed with songs. It was well into the small hours before they joined in "Auld Lang Syne", and all voted it one of the most delightful Masonic gatherings ever held in Napanee.

Address and Presentation.

On Friday night, April 27th, 1923, about seventy-five neighbors gathered at the home of Mr. E. P. Smith, and spent a very enjoyable evening. After refreshments were served Rev. P. A. Scott read the following address :—

To Mr. and Mrs. E. P. Smith.

Being aware of the fact that you are soon to take your departure from our midst and from the community in which you have always lived, we, your many friends and neighbors, take this opportunity of expressing our deep regret. We also desire to extend to you our heartiest "good will" and "wishes" as you take up your residence in Napanee. As a slight token of our esteem we take the pleasure of presenting you with this electric reading lamp, and pray that you may be spared to enjoy many years in your new home, and finally an eternal home above.

Signed on behalf of the neighbors.

Mrs. Frank Vandebogart
Mrs. Chas. Vanalstine.
Mrs. Mearle Sills.
Mrs. Albert Reid.

Mr. Smith made a suitable reply and invited all to their new home.

WHO IS MISS NICKAWA ?

Frances Nickawa is a talented young Red Indian girl, of the Bush Cree Tribe, which is a branch of the great Blackfoot Tribe of the West, of which the Prince of Wales is a Chief. She was born at York Factory, on Hudson Bay, and at an early age entered a Methodist Mission School at Norway House, where, under the care of Miss Riley, a member of the staff, she was educated and trained.

Miss Nickawa soon gave promise of exceptional talents and these have been developed until to-day she occupies an unique position on two continents as an interpreter of the best literature, and especially that relating to the Indian. Possessing undoubted dramatic powers, with a faultless enunciation, an attractive personality, natural and free as her platform work, she has unusual encomiums for her work.

Mr. Frank Yeigh says he cannot begin to fill the requests coming in from all parts of the country for Miss Nickawa.

The engagement for Grace Church was made last October or a Napanee audience would not have the privilege of hearing her. Those who have heard her cannot praise her too highly, so we urge everyone to leave Monday, May 14th, free for this rare treat. 18a

NEWBURGH.

The Newburgh L. O. L. will meet in regular session on Friday evening, May 11th, when the delegates to Grand Lodge will give their report. A good attendance of members is expected.

Rev. Captain Campbell, of Ottawa, preached to a large and appreciative audience in the Methodist Church on Sunday evening, and on Monday evening he spoke on Moral Reform. A goodly number were present.

Rev. Mr. Griffith, of Odessa, conducted the service in the Free Methodist Mission Hall, on Sunday afternoon.

Quite a number from this district intend to go to Odessa on Sunday next to attend the Quarterly Service to be held in the Free Methodist Church.

The Mission Band held their semi-annual open meeting on Tuesday evening, and gave a very enjoyable programme. The success of the meeting was due largely to the efforts of Mrs. T. I. Winter and Miss Ramsay.

Miss McGowan, teacher of the Junior room, is off duty at present, suffering from an effection of the heart.

Mail Orders promptly filled at Wallace's Drug Store.

Porter out again, after being confined to the house for two weeks.—Mr. and Mrs. Wilfred Unger and family called at Mr. and Mrs. Charlie Kellar's, one night last week. —Mr. and Mrs. Willis Sills and family and Mr. and Mrs. John Mastin, from East Lake, also Mr. and Mrs. Wilfred Unger and family spent Sunday with Mr. and Mrs. H. E. Sills.—Mr. and Mrs. Lewis Leavens spent Sunday with her sister, Mrs. Masters, West Lake.—Mr. and Mrs. Chas. Beaumount, High Shore, spent Sunday for tea with Mr. and Mrs. H. E. Sills.

On Friday evening about thirty neighbors and friends of Elmbrook gathered as a surprise party at the home of Mr. and Mrs. H. E. Sills and presented them with an aladdin lamp, and the following address :

Dear Mr. and Mrs. Sills,—It is with feelings of sorrow and regret we learned of your departure from us, and as friends and neighbors, coworkers in Sunday School and Church work, and every good work in the community, we could not justly let you leave us without gathering here to-night and showing in some tangible way that we have recognized your devotion and faithfulness to duty and also our good will toward you. We all regret your removal from among us, but every cloud has its silver lining, and we rejoice that you have not gone so far from us but that we can still claim you as members of our church, and Mr. Sills as our Bible Class teacher. You have been faithful, always ready and willing to do all that was required of you, and we believe your faithfulness will be rewarded in due time by Him who guides with His unerring hand. Little words of kindness, little deeds of love are not lost sight of by our Heavenly Father, and so we gather what we sow, so in proportion to our sowing will our reaping be. We ask you to accept, not in value, but in love, this lamp, as a token of our appreciation of your services. He lives best who lives for others.

Signed on behalf of the community.

There's time in the package

Time to do the many things ordinarily put off on wash-day. For Rinso does not keep you standing over the wash-tub, rubbing until your back aches and your hands are red and sore.

Rinso, an entirely different kind of soap, soaks clothes clean. Rubbing and boiling are unnecessary. The big soapy Rinso suds gently loosen the most ground-in dirt without weakening a single thread.

WEDDING BELLS.

Boothe—Hudgin.

A very pretty wedding took place at the home of Mr. and Mrs. Jas. E. Hudgin, Selby, on the evening of Wednesday, April 11th, 1923, when their only daughter, Margaret Grace, became the bride of Vernald Edmund Boothe, youngest son of Mr. and Mrs. Jas. Boothe, also of Selby. The marriage vows were received by their Pastor, Rev. T. H. P. Anderson. The bride, gowned in peacock blue velette, wearing the groom's gift, a gold wrist watch, and carrying pink carnations and ferns, looked very pretty as she joined the waiting groom under an arch of evergreen. Miss Evelyn Frisken, of Napanee, played the wedding march. After the ceremony the happy couple received the congratulations of the members of the families and a few girl friends. The register being signed, the company enjoyed an excellent wedding supper. In the dining room the decorative scheme of pink and white was artistically carried out. The groom's gift to the pianist was a gold brooch. The young couple motored to Napanee, where they entrained for Detroit. The bride's going away gown was navy tricotine with beige brocade crepe de chene blouse, with large picture hat. The community joins in best wishes for the young couple who will take up their residence on his farm West of Selby.

Miller's Worm Powders do not need the after-help of castor oil or any purgative to complete their thoroughness, because they are thorough in themselves. One dose of them, and they will be found palatable by all children, will end the worm trouble by making the stomach and bowels uninhabitable to the parasites. And not only this, but the powders will be certain to exert most beneficial influences in the digestive organs.

NEWBURGH.

The farmers in this vicinity are well along with their seeding. The lack of rain is very much felt, there not being any rains to penetrate the soil for six or eight months.

Notwithstanding the fact that Newburgh has at least two more stores than usual, all report a fair business, and the village is assuming a more lively appearance than for years.

We are hoping that our Town Fathers will not neglect oiling main street this year, as already the autos are raising a tremendous dust as they pass through. Experience teaches that oiling the much used streets means economy.

Miss Switzer, Science Master in the High School, who has been off duty for some weeks through sickness, is back at work again. During her sickness the Board was fortunate in securing the services of Mrs. Joyce, of Rochester, who as Miss Edna Madden, taught in this department of the school some years ago. The Board are under obligation to Mrs. Joyce for responding so readily to their need at a time when teachers are hard to secure.

We didn't count last week how many places in which cleaning house was "the order of the day", but to all such we extend our congratulations, as they must be through by this time with that trying time.

A Resolve.

No more I'll write a moral poem
On gaudy, shapely Easter hats,
Nor cause my mind beneath to roam
On comfy, needful winter spats,
I'll pass.

Should any influence me betray,
Or put such thoughts within my mind,
I'll gird my loins without delay,
And bid farewell to all my kind,
I'll skip.

No more a moralist I'll be,
Or try to teach the human race
The path of duty clear to see,
Or state a moral virtuous case,
I'll stop.

No more I'll tread on tender toes,
Nor rouse the ire of honest folk,
No more I treat on human woes,
Nor perpetrate a timely joke,
I'll quit.

But, after all what harm can be
In little squibs of jocose rhyme,
To state our thoughts untrammeled, free,
E'en though we mention place and time,

I'll see.

Corns cripple the feet and make walking a torture, yet sure relief in the shape of Holloway's Corn Remover is within reach of all.

In his long journey from Montreal to the mouth of the Mackenzie river, and again to the Pacific ocean, made respectively, in 1789 and 1793, Sir Alexander Mackenzie, while faithfully noting the condition of the country through which he travelled, mentions only thirteen places where the forest had been destroyed by fire. The past one hundred years, with the settlement, railway construction, and increased travel it has brought, has wrought such a change that anyone who followed Mackenzie's route across the continent could hardly lose sight of the vast brules since created.

LETTER TO THE EDITOR.

Springfield Cottages, Polton,
Midlothian, Scotland,
April 18th, 1923.

The Editor Napanee Beaver.

Dear Sir,—Once again I take the liberty of writing you to let you and all the old friends know that we are all alive and fairly well. Mrs. Cooper and John are both well, and for myself I am beginning to feel more like my old self again. My wound is now healing up O. K., and I hope to soon be fit again. The winter here has been very mild. We have had no snow at all this year. John is sailing for your old home town on the 18th August. I know he will be glad to get back to Canada again, and more so to Napanee and Camden East.

Must close, with best wishes and kindest regards to all the folks.

Believe me
Yours sincerely,
THOMAS C. COOPER.

Grazed Shins Lead to Crippling BLOOD-POISON.

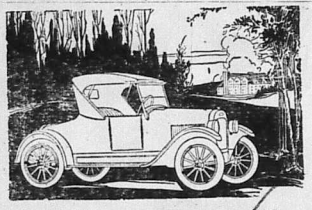

Zam-Buk Saved My Legs!

MR. H. M. RYALL, First Mate, of the S.S. Boston, Yarmouth, N.S., writes:—"After a fall, when I badly cut my shins, both legs began to swell and part badly. Doctor who said the wounds were poisoned, gave me salve and an antiseptic wash to use. But in spite of all care the poisoning got rapidly worse. *My mates fear was that the doctor would ultimately decide that it needed amputation to stop the poisoning.*

"On a friend's urgent advice I began with Zam-Buk. After the first application of this soothing, herbal balm I felt the change taking place. As I continued to use Zam-Buk the wounds were cleared of all poisonous matter, they thoroughly healed with new skin. Nothing but this wonderful Zam-Buk could have saved my legs."

The week, starting Saturday, May 5th, will be celebrated throughout Canada as Gold Seal Congoleum Week. CONGOLEUM RUGS ARE SATISFACTORY IN EVERY ROOM THE DESIGNS ARE EXCEPTIONALLY ARTISTIC.

During the last ten years "Congoleum" has made wonderful strides as a satisfactory floor-covering. Congoleum manufacturers have paid special attention to patterns, to colors, and color combinations. Hence you can choose a Congoleum Rug for every room in your home, and the effect will be as artistic and as beautiful as could be secured from expensive Wilton and Axminster Rugs. Beneath this surface you will find a base that is wear resisting to a wonderful degree. In actual daily service for years it has proven its worth. We know of Congoleum Rugs that have been in service for six and seven years. Then, too, your Congoleum Rug will lie flat on the floor, it requires no tacking. Water does not effect Congoleum as it does other floor-coverings. It is absolutely rot-proof.

Be PARIS-GOWNED at LOW COST!

Stores with a reputation for Fine Merchandise will gladly show you the newest McMULLEN Styles.

Throughout Canada this Spring and Summer

Well-Dressed Women Will Wear McMULLEN Dresses

—prices asked are so very reasonable!

PARIS creates clothes ideas, and upon these McMULLEN relies for the exquisite smartness of all frocks and sports dresses bearing his label—*a Silver Swan on Turquoise-Blue background.*

But this smartness depends upon the lovely texture, the beauty and lasting quality of the silk fabrics just as much as upon the styling of the many pretty models.

The silk and fabrics, all the materials and fine workmanship that McMULLEN puts into a frock or dress for sports or afternoon wear are rarely found in any but the most expensive garments—each a thing of beauty exquisitely made.

And yet all this refreshing newness of design, these winsome materials and colour blendings of rare beauty are combined into the Parisian chic of a McMULLEN model at a price within the reach of all!

See the McMULLEN Dresses at the store which advertises them in your local papers.

At Left: Popular pleatings on Canton Crepe skirt brightened with inset border of Caravan. Loose blouse of same material. Turned-down cuffs match demure lines of this summery model. Navy, Sand, Havana Brown. 16, 18, 20; 36 and 38.

At Centre: Free, graceful Sports Model combining Alliyme with Canton Crepe. Skirt and sleeveless coat—Alliyme, bodice and sleeves—Canton. Lanvin Green trimmed White, Ceramic Blue trimmed White, Nymphea trimmed White. 16-20, 36 and 38.

At Right: Sporty 3-piece suit of White Alliyme Crepe. Bloused jacquette with embroidered border of contrasting shades foreshadows a coming vogue. 16, 18, 20; 36 and 38.

TOO LATE NOW.

When Doctor Osler said that men
Of forty years or more
Could never do the work again
They'd done in days of yore,
And that when middle-age decay
Began to sap their powers,
T'were best to ease them on their way
To better worlds than ours,
We sadly bounced an anvil off
Our aged grandad's chest,
And, with a faint reproachful cough,
He entered into rest.

And though it often made us weep
To see his vacant chair
Where afternoons he used to sleep
The sunlight on his hair.
Though home seemed quite a different place
Without the gentle cheer
Reflected in his kindly face,
For many a happy year,
That duty had been firmly met
'Twas comforting to know,
And so we stifled our regret
And said, "Tis better so".

But now we learn that forty years
Finds people in their prime
And that thereafter their careers
May well become sublime,
And that with goat-gland's artful aid
A man of seventy-two
Can very easily be made
As young and strong as new.
With an uneasy, haunting doubt
Our hearts begin to quake;
We fear that easing grandad out,
Perhaps was a mistake.

An Oil for All Men.—The sailor, the soldier, the fisherman, the lumberman, the out-door laborer, and all who are exposed to injury and the elements will find in Dr. Thomas' Eclectric Oil a true and faithful friend. To ease pain, relieve colds, dress wounds, subdue lumbago and overcome rheumatism, it is excellent. Therefore, it should have a place in all home medicines and be amongst those taken on a journey.

TREES AND POTATOES.

How shelter-belts can increase potato yields on the prairies was well illustrated by an experiment recently carried on at the Experimental farm at Scott, Saskatchewan. In 1920 Gold Coin potatoes in the open field yielded at the rate of 166 bushels per acre, while within the shelter-belt the yield was at the rate of 479 bushels per acre. The following year that variety yielded at the rate of 249 bushels in the open field and 761 bushels inside the shelter-belt. Another variety, the Everitt, in 1920 gave 121 bushels per acre in the field and 413 bushels inside the shelter-belt, and in the following year the yields were 166 and 576 bushels respectively.

In Norway and Finland forest fire insurance is in successful operation. The Norwegian company charges a premium of five to fifteen cents per $100 worth of insurance, and the Finnish company ten to twenty cents per $100 worth of insurance. Both are conducted on the mutual principle. The reason that this class of insurance can be written in these countries and not in Canada is because enlightened public opinion has, in Norway and Finland, enabled the forest authorities to establish adequate fire protection whereas Canadians are not yet sufficiently alive to its importance and necessity.

The idea has been developed in this country that whatever has been done in the guise of clearing land for new settlers was, and is, excusable. This idea, together with general carelessness and lack of interest in the public property, has resulted in the destruction of an incalculable quantity of timber through fires started from brush-burning and land-clearing.

EXCRUCIATING PAINS, CRAMPS

Entirely Remedied by Lydia E. Pinkham's Vegetable Compound

Eberts, Ont.—"I started with cramps and bearing-down pains at the age of eleven years, and I would get so nervous I could hardly stay in bed, for I had such pains that I would scream, and my mother would call the doctor to give me something to take. After I got married, and I have four healthy children, but I still have pains in my right side. I am a farmer's wife with more work than I am able to do. I have taken three bottles of Lydia E. Pinkham's Vegetable Compound and I feel that it is helping me every day. My sister-in-law who has been taking your medicine for some time and uses your Sanitive Wash, told me about it and I commenced it now, as I have received great relief from it."—Mrs. Nelson Yott, R. R. 1, Eberts, Ont.

Lydia E. Pinkham's Vegetable Compound is a medicine for ailments common to women. It has been used for such troubles for nearly fifty years, and thousands of women have found relief from it as did Mrs. Yott, by taking this splendid medicine.

If you are suffering from irregularity, painful times, nervousness, headache, backache or melancholia, you should at once begin to take Lydia E. Pinkham's Vegetable Compound. It is excellent to strengthen the system and help to perform its functions with ease and regularity.

She Recommends Them to All Who Suffer

And Sings the Praises of Dodd's Kidney Pills.

Quebec Lady is Now Strong and Healthy, Thanks to Dodd's Kidney Pills.

St. Henri, Que., April 30th. (Special).—The value of Dodd's Kidney Pills is shown by the statement of Madame Roch Martel, a well known resident here.

"After five years of suffering in my back and lower part of my body, I was obliged to take to my bed. I resolved to try Dodd's Kidney Pills. Three boxes restored me to good health. I am now quite strong and healthy and recommend them to all who suffer."

It is statements like this that have made Dodd's Kidney Pills a household remedy all over Canada.

Ninety per cent. of the ills from which women suffer come from weak or diseased kidneys. They are the organs that strain all the impurities, all the poison of disease out of the blood. If they fail in this work the impurities remain in the blood and are deposited all over the body. The results show themselves in weakness, weariness, nervousness, headaches, backaches, dropsy and rheumatism.

Dodd's Kidney Pills strike right at the seat of the trouble, the kidneys. Ask your neighbors if all these diseases cannot be avoided by using Dodd's Kidney Pills to strengthen the kidneys.

The 104th anniversary of the founding of Oddfellowship in America was observed on Sunday last by the attendance at public worship of the local lodges, Napanee No. 66, Argyll No. 212, and Mt. Ararat Encampment No. 16. St. Mary Magdalene's was the church attended this year, and a very large number of Oddfellows were present. The church was prettily decorated and the service, with its dignified liturgy and bright hymns, was entered into very heartily. The Vicar, Rev. J. H. H. Coleman, in his sermon made a plea for the firm holding of the Christian faith as the only substantial foundation of those principles for which Oddfellowship stands, and especially of the loving sympathy which it teaches.

Official Convention Will be Held in Napanee, October 23rd, 24th, 25th

In the year 1921, the then Mayor, Mr. M. P. Graham, and the Council extended a cordial invitation to the above Association to hold their annual 1922 Convention in Napanee. The several Sunday Schools of the town at the same time endorsed the invitation of the Napanee Town Council.

It is up to Napanee now to make good and to show outsiders what a wonderfully hospitable people we are. The Napanee homes will be asked to supply bed and breakfast, the delegates being expected to buy their own luncheon and dinner. About 500 delegates will attend.

The 1922 Convention was held in Massey Hall, Toronto. The 1921 official convention was held in Brantford, and the delegates of that year went home saying to each other what a wonderful time they had, and how much they would like to live in Brantford. Let us decide that we, the people of Napanee, will make this year's convention the most delightful ever held.

Rev. C. W. DeMille, the General Secretary, held a preliminary meeting one day last week with the Sunday School Superintendents of Napanee.

Annual Report of the Napanee Women's Institute.

During the year ten regular meetings of the Napanee Branch of the Women's Institute have been held in the Agricultural Rooms. In the course of the year 127 members have been enrolled, the average attendance at the meetings being thirty. Members of the Society, together with non-members, have assisted in making the meetings a success.

Four addresses and five demonstrations have been given during the year. The addresses were as follows:—"Food Problems of To-day", Miss Hopkins; "How Branches may assist each other", Mrs. Haight; "The Franchise", Mr. W. S. Herrington; "Children's Rights", Mrs. G. Switzer.

The demonstrations were all given by members of our Institute. These proved very helpful and instructive. They were: — "Millinery", Miss Baughan; "Carving a Fowl", Mrs. Holmes; "Upholstering a Chair", Mrs. Creighton and Mrs. Detlor; "Drop Cookies", Mrs. R. Myers.

The Society has proved its worth to the community as is shown by the following:—

During the three days of the Napanee Fair, a Child Welfare Clinic was held in the palace, through the efforts of the Women's Institute, and no doubt proved helpful to many mothers.

The Institute has also been the means of assisting in bringing about a medical survey of over thirty school rooms of our county, with the view of having a permanent nurse in the near future.

An interest has also been taken in the betterment of the appearance of our town. The Council has again been requested to place utensils for waste paper at the street corners. Ways and means of beautifying our town have been discussed. Among other things it has been suggested that the Eastern entrance to the town might be greatly improved by placing shrubs in the park by the river. Professor MaCoun, of Ottawa Experimental Farm, has been written to with reference to the price of shrubs.

A two weeks' course in Food Value and Cooking was given under the able leadership of Miss Hopkins. This course was well attended, and forty-one members were added to our roll.

The Department has been requested to send Miss Hopkins back as early as possible in the New Year to give a night course for women and young girls who were unable to attend the day course.

We are closing a very successful year, with bright prospects for the future.

The following are the officers for the ensuing year:—

President—Mrs. Alpine Woods.
1st Vice Pres.—Mrs. Geo. Switzer.
2nd Vice Pres.—Mrs. S. C. S. McKim.
Secty.-Treas.—Mrs. W. J. Trenouth

Ontario Election June 25 Nominations June 14

Following Fixing of Date of Polling the Drury Government Sent Formal Request to Lieutenant-Governor to Dissolve the House.

Speculation concerning the date of the approaching Provincial general election was set at rest yesterday afternoon, when the Drury Government definitely selected Monday, June 25th next. The date was agreed upon by the Cabinet members, after which it was incorporated in the former Order-in-Council asking the Lieutenant-Goeernor for the dissolution of the present Chamber. With the granting of the request by His Honor, a mere formality, the Fifteenth Parliament will have lost even the fictitious standing which it enjoyed up until the time of the passage of the dissolution order.

The dissolution Order-in-Council itself is brief and purely formal. It simply acquaints His Honor with the Government's desire for the immediate dissolution of the present House, and for a general election to be held on June 25th. Nomination day is also specified for Thursday, June 14th, the statutory eleven days before the election itself.

The Fifteenth Parliament of Ontario, which thus passes out of existence, was elected on Oct 20th, 1919, and has held four sessions. When it rose on May 5th last, 55 members were sitting on the Government side of the Chamber, 29 were among the Conservative benches and 27 were with the Liberals.

NEWBURGH.

It is really wonderful how people can accommodate themselves to either the hardships or the luxuries of the time. It is within the memory of men living when the lumber wagon was, particularly in rural Canada, the main vehicle on which people rode for pleasure or business. This was replaced largely by spring vehicles of different styles, the horse being the sole motive power. To be a good driver of a horse was something of an art. Poor drivers usually laid the blame of any accidents on the poor horse or team. But things are greatly changed now, nothing short of an automobile is considered worth while, and speed is considered the main object, particularly by poor drivers, and as there is no beast to lay the blame of accidents on, they are laid at the door of the corporation which is expected to smooth down the hills, elevate the hollows and leave the road without corners. In fact, it would require the prodigality of a Biggs and the resources of a Province to meet the situation even in a small municipality.

Another means of locomotion is the bicycle. This in the hands of thoughtless boys becomes a nuisance. In Newburgh it seems to be the habit of some boys from outside to come into the village on Sunday evenings on these machines and not only make themselves conspicuous on the streets by riding round in all manner of curves, but by shouting and chattering like a lot of monkeys. The parents of these boys ought to know where they are, if they don't they will likely find out when they are brought into court to answer for their conduct if this kind of thing continues We have not yet arrived at the time when we have lost all idea of the fitness of things.

There was a large gathering at the quarterly Communion service in the Union church on Sunday. The service was impressive and helpful.

Miss McGowan, of the Public School staff, who was under the weather for a couple of days, is back at work again.

There is considerable movement in real estate and the citizenship of Newburgh is undergoing a complete change. In fact the only place where the old families are largely represented is in the cemetery. Still things move.

Mr. Corkill, I.P.S., made his official visit to the school on Tuesday.

Mr. Lorne Fox, Jr., who was recently married to Miss Vealey, of Mountain Grove, was presented, he and his bride, with a kitchen shower, on Tuesday night, when they received many useful and valuable presents. After the presents were viewed and discussed, dancing was engaged in. The Railway Orchestra, of which young Mr. Fox is a member, was present and added much to the enjoyment of the evening. The young couple will live in Newburgh, Mr. Fox being employed on the C. N. R. as a mechanic. We offer our congratulations.

"HOFFMAN SETTLEMENT"

The Founding and Establishing of "Hoffman Settlement", Moscow, Ont., Addington County, 1823.

Perhaps it would be interesting to our many readers before giving any details regarding the establishing of the "Hoffman Settlement" one hundred years ago, to retrace a minute history of the family just a few years back of this, which might enlighten you as to who these two brave young brothers were.

In a recent issue of the "Hoffman Genealogy", composed by the late Mrs. M. C. Bogart, (daughter of the late Isaiah Hoffman, of Napanee), while in her usual health, and has come from the press since her death in October last, as a very fitting memorial to her relatives and friends, we find she has traced her ancestors back three hundred years while still in Holland.

The writer wishes however to confine his remarks to the "Hoffmans in Canada", which begins about 1773, and we are told in Mrs. Bogart's book that no trace is found of any brothers or sisters, but just one young man named Elias Hoffman, coming over in company with the Carscallens of Napanee, as United Empire Loyalists. From other sources, and I believe from reliable quarters, I've been informed that he was the first white man married in Upper Canada, to Miss Nancy Reed, hence the descendants of six generations.

Elias Hoffman, U. E. L., settled on a farm bordering Napanee, in about 1790. This farm was inherited by his youngest son, Isaiah, and at his death by his daughter, Mrs. M. C. Bogart, and is known to a great many now as the Bogart farm.

Upon the death of Mrs. Bogart, last October, 1922, the farm passes (after Mr. Bogart's death) to Ralph Hoffman, eldest son of Morley Hoffman of the "Hoffman Settlement", Moscow, and a great great grandson of Elias Hoffman, or the 5th generation as it has always been the desire to keep the farm in the Hoffman name.

On this farm Elias Hoffman reared six stalwart sons and four daughters. When the boys became old enough to seek homes for themselves, Elijah being the eldest, started on foot to explore the country farther north with a compass in his pocket, a bag over his shoulder containing provision in one end and an axe-head and auger in the other end, and his gun completed the outfit.

He took a north-easterly course, following the Napanee river, crossing it at or about Newburgh, and continued his journey twenty miles before finding a locality to his satisfaction. He could find plenty of good farms, but not enough in one location to make a settlement. He did not want to live without close neighbors as is evidenced from the fact that "Hoffman Street", as it has commonly been called, is the most thickly settled and most picturesque country locality in the county.

Upon returning home Elijah told such glowing accounts of his discoveries that his brother Jacob took up the pursuit and together they traversed the trail to make homesteads for themselves in 1823. Can young or old in this day and age picture the struggles of these two young men one hundred years ago, tramping twenty miles through wilderness and swamps, wading rivers, and their only protection at night being the trees and their guns to ward off the beasts of prey and unfriendly neighbors, as every evidence indicates that they were the first white men to inhabit these parts.

The writer has often heard his grandfather relate their experiences of killing wolves and bears. They received enough bounty money from the government to build a piece of road near the Moscow cemetery.

Elijah was the father of two sons and six daughters, and Jacob's family consisted of six sons and one daughter. Out of the fifteen children Mrs. Emily VanLuven, (mother of the late F. E. VanLuven, Napanee), remains, who was a daughter of Elijah, and is at present residing with her daughter, Mrs. M. C. Dunn, 29 Mack St., Kingston, Ont.

Elijah Hoffman, in those days better known as "Squire Hoffman", was one of the first magistrates appointed in the County of Addington, in 1840. He did not stand on ceremony when he felt his services were required in the administration of Justice.

Jacob Hoffman was very ambitious and prosperous in his undertakings. Aside from farming he made a business of floating timber down the Napanee River and thence to Montreal. He was known to be a large property owner.

Cherishing the memory of our forefathers and proud to be the descendants of such sterling and patriotic grandparents, also realizing and appreciating our goodly inheritance, we feel we would be undeserving of such should this occasion be allowed to pass unnoticed.

Preparations are under way to fittingly observe and commemorate the establishing of Hoffman Settlement, on the grounds of the old original home of Elijah Hoffman, the founder, now owned and occupied by a grandson, Amos E., on June 20th, 1923.

SYDENHAM GIRLS WON THEIR NAPANEE GAME.

Defeated High School Team 41-32 in Well-Fought Match.

The girls' senior basketball team of Sydenham Street Methodist church, Kingston, journeyed to Napanee, on Saturday afternoon last to meet the team of Napanee High School and defeated their opponents 41 to 32, after a well-fought game which was nip and tuck all the way. By superior shooting the Kingston girls took a lead in the first half and their half-time score was 21-15; six points ahead. In the second half they increased their lead by three points though the Napanee girls pressed hard and made a great attempt to even things up.

The Napanee team played without substitutes, while Sydenham used Misses M. Asselstine and A. Ada frequently.

The Kingston party travelled on a truck loaned through the kindness of a Kingston firm, and enjoyed the trip all the way through.

"I have suffered with my kidneys for the last six years", Mr. Ploude states. "The pains at times were so intense, I was unable to work. An Oil That Is Famous.—Though Canada was not the birthplace of Dr. Thomas' Eclectric Oil, it is the home of that famous compound. From here its good name was spread to Central and South America, the West Indies, Australia and New Zealand. That is far afield enough to attest its excellence, for in all these countries it is on sale and in demand.

Make the Rinso liquid first

Do not put Rinso direct from the package into the tub. Mix half a package of Rinso in a little cool water until it is like cream. Then add two quarts of boiling water, and when the froth subsides you will have a clean amber-coloured liquid. Add this liquid to the wash tub until you get the big lasting Rinso suds. Then soak the clothes clean.

Address and Presentation.

At the regular monthly meeting of the Maple Leaf Institute on April 26th, at the home of Mrs. Wesley Cummings, Big Creek, the following address was read to Mrs. J. B. Miller, the President, by Mrs. Arthur Carle, and the presentation made by Mrs. W. R. Smith.

Dear Mrs. Miller,—We, the members of the Maple Leaf Institute, were very sorry to hear of your departure from our midst, early in the year. We thought we could not let you leave us, without showing in some tangible way, our appreciation of your good and noble work in our society. During the nine years we have been organized you were always a valued and faithful member, more so during the term of your presidentship. our Institute has been an inspiration to each and every member, through your untiring efforts to make each meeting a decided education for all of us who attended. Although our society has had ups and downs and drawbacks, by us all putting our shoulders to the wheel and sticking together, and with the one aim in view, "as is our motto for home and country", we have passed through that period and came out triumphant. No one knows but yourself the sacrifice it has been on your part to get out to the meetings, since you were left a widow, we know it has been no easy matter for you, but we feel it has been a comfort and a blessing to you to have been connected with the Institute in that respect. Each meeting has been made very interesting by you, so it made us all feel we did not care to miss one of them. We could easily count on one hand the number of meetings Mrs. Miller has not been with us. Mrs. Miller, we feel that it will be a very difficult task for us to replace the vacant spot in our Institute which will be left when your genial and pleasant smile is not welcomed by all our members, in looking at your place in our meeting. But in those beautiful verses which reads thus, "the best of friends must part", so it has come to our society to lose one of its very best members. We now ask you to please accept this electric reading lamp, as a slight token of our appreciation of your noble work in our society. We ask you to have a warm spot in your heart, and a kind thought for the members of the Institute as you mingle with your new associates, and when you are sitting by its light in your new home in Napanee, may it recall to you the happy remembrance of your many friends in the Maple Leaf Institute, and may God in his goodness, bless you with health and strength until your work is finished here below.

Signed on behalf of the Maple Leaf Institute.

Mrs. Miller, taken completely by surprise, replied in a very feeling manner, her regret on leaving our midst. "Blest Be the Tie That That Binds", was then sung heartily by all. The business of the meeting was then proceeded with.

Requisite on the Farm. — Every farmer and stock-raiser should keep a supply of Dr. Thomas' Eclectric Oil on hand, not only as a ready remedy for ills in the family, but because it is a horse and cattle medicine of great potency. As a substitute for sweet oil for horses and cattle affected by colic it far surpasses anything that can be administered.

"A 15 cent Long Distance call enabled us to get 12 cents more a pound for our butter in a nearby city"—writes a farmer.

"Long Distance is the cheapest way to sell ice cream."

"We purchased over $100,000 worth of cheese by Long Distance at a cost of .3% or .016c. This cheese we sold by Long Distance at a cost of .03% or .03% and never saw the buyer."

"We sell thousands of dollars of surplus milk by Long Distance."

For fifty years Dougall's varnishes have been acknowledged by coach builders, by makers of the finest furniture and pianos, by motor car producers, by architects and master painters as the highest grade procurable. "Univernish" is the same standard applied to household use.

Make your Thresholds Smile a Welcome

SHINING floors and gleaming woodwork—what a tribute they render to the housewife! Nothing else can make a house look so well-kept, so—so immaculate!

How invitingly they reflect the sunlight streaming in through doors and windows; the soft glow of shaded lights! How they bring out the beauty of rugs and furniture! How *clean* they are! How sanitary! And how easy to *keep* clean—if you can wash them fearlessly with soap and hot water!

Such shining, sanitary surfaces are easy to obtain:—

A can of *Dougall's Univernish*, a soft brush, and in a few minutes the scuffed, shabby, dirt-retaining roughness is buried under the clear clean radiance of a protection to both health and surface—a protection that will not mar nor scratch white under the hardest wear; that soap, boiling water, alkali, even ammonia will not affect.

Dougall's Univernish has an additional outstanding advantage. It alone is a stain and a waterproof varnish in one. With it, in one operation, you can change the appearance of any piece of furniture or woodwork to any one of six beautiful wood finishes; for Univernish is made in light oak, dark oak, and bog oak, in mahogany, walnut and green, besides "clear."

Spring-Time is Curtain-Time. We Are Ready With Wonderful Assortments at Reasonable Prices

Then, too, it is washable, and will stand repeated washings. Comes in Ecru shade, and in a wonderful range of exclusive, neat designs. Priced 40c., 50c., 60c., 75c., 90c. and $1.00 per yard.

Three-Piece and Some Two-Piece Suits Are Generously Reduced for Immediate Selling

Those of you who are in quest of something that is unusually smart in style, that is out-of-the-ordinary-exclusive, yet reasonable in price, need look no farther, as in this special clearance of high grade suits you will find "just the garment you want".

These Suits are in two and three-piece styles; some favor the Jaquette vogue, while others are loose-back. "Peter-Pan" and "Tuxedo" collars, clasps, metal ornaments, embroideries, tucks, and rare thread traceries create beautiful and harmonious decorations.

Tricotine and Poiret Twill are the materials used. Navy Blue the only color. Each garment is elegantly lined and beautifully finished in every detail.

The "June-Bride" will find the savings very advantageous when selecting her trousseau. No two styles are alike.

Beautiful Washable Summer Frocks Are Here in Wide Array of Styles and Colors

This season finds Ratine, Voile, Box-loom Crepe and Gingham much in evidence for summer dresses. Each fabric is supreme in its own sphere for frocks that are wearable for certain occasions and at certain times.

"Box-loom" is a new cloth this season. It belongs to the Crepe family and lends itself most suitably for drawn-work trimmings. Comes in a wide range of soft neutral shades as Grey, Sand, Rose and Blue.

"Ratine" for sports wear offers a wide variety of styles and colors. Usually this extremely desirable cloth comes in straight-line styles with but simple decorations. Sometimes drawn work and sometimes embroidery work creates the ornamentation. The colorings are bright.

"Voile" for cool, comfortable wear cannot be excelled. This year Fashion is sponsoring the use of plain shades. These are embroidered in contrasting shades. Dark grounds with colored patterns are also popular for practical wear. Voiles this year are most reasonable in price.

"Gingham" for dependable wear, no one can be too enthusiastic over the advantages of Gingham dresses. We are showing dozens of wonderful styles in dozens of beautiful colorings. All sizes from tots of 4 years to women's O.S. sizes. Many remarkable values are obtainable.

The SILK DRESS you have *always* wanted —*at such a little price!*

NEVER before in Canada, in the history of silk dress manufacturing, have such decidedly reasonable—*almost revolutionary*—prices been asked for silk frocks and sports dresses, *Paris-styled!*

In their trimmings, their needling, their finishing, those last-minute niceties of workmanship; in their exclusively modish lines so flatteringly trim; in their exquisite silk fabrics of newest shades—McMULLEN dresses express every refinement of good taste.

Their amazingly low price—so welcome to many women of innate taste but modest means—is the happy result of an intensely *specialized* knowledge of silk buying in the world's markets, of expert designing by fashion authorities.

Few makers could afford to buy such enormous supplies of imported silks and raw materials. None other has the wonderful manufacturing facilities nor the style artists necessary for exclusive creations.

Your McMULLEN silk or sports dress this spring and summer—with its chic truly Parisian—is *wonderful* value. See McMULLEN dresses at the store which advertises them in your local paper.

SO ILL HE COULD NOT LEAVE HOUSE

Mrs. W. Arnold, of Mt. Hamilton, Ont., Tells of the Wonderful Results Obtained Through Two Bottles of Dreco—Her Husband Had Been Ill for Years.

Stomach trouble, indigestion, gastritis and the resulting constipation and sluggish liver, persisting throughout several years, had brought W. Arnold, of 68 East 33rd street, Mt. Hamilton, Ont., to such a condition that he had not been able to leave the house for some time. He had dizzy spells and all those other warning symptoms and they responded to no treatment administered.

"We had almost given up hope of finding anything to restore his health," says his wife, "and then came Dreco. Two bottles and he is like a new man." Mr. and Mrs. Arnold are enthusiastic over the results, but theirs is the same story that is told by every user of Dreco.

"We think Dreco a wonderful preparation," says Mrs. Arnold. "It can't be beaten. My husband has been sick for several years and hadn't been able to leave the house for a long time until he started taking Dreco. His trouble was stomach and liver complaint. Everything he ate would sour and cause indigestion, gas and heart burn. He had dizzy spells and spots floated before his eyes. He always had to take medicines to keep his bowels open. His nerves were in bad shape and his system was weak and run down. We heard about Dreco and decided to try it. After two bottles he is much stronger and goes for daily walks. We are pleased to recommend this wonderful medicine."

There are many men well on the road to such a condition as Mr. Arnold found himself in—fast approaching the day when ill-health will confine them to the house and deprive them of their power to earn a living for themselves and their families. Dreco will prevent this condition. Dreco tones up the system and helps the organs, the stomach, liver, kidneys and bowels, to function correctly. Try Dreco to-day.

Dreco is being specially introduced in Napanee by Wallace & Co., and is sold by a good druggist everywhere.

AVOID STATIC MENACE IN HANDLING GASOLINE

Ontario Safety League Warn Motorists Against Its Dangers.

To safeguard motorists by enabling them to eliminate the static menace in the handling of gasoline, the Ontario Safety League have just issued the following instructions:

(1). Before commencing to supply automobiles and trucks with gasoline see that the engines are stopped.

(2). Always use a metal or a metal lined hose of the non-static type. See that this makes metallic contact with the supply tank. Rest the nozzle at the hose end in the opening for filling tank or can. See that the cap of gasoline tank rests on the tank while filling is in process.

(3). Use always a metal tank or can. Use only approved containers.

(4). Use always an unpainted metal funnel.

(5). In pouring from an open mouth can, rest the can on the funnel. Be sure that the funnel is in metallic contact with the receptacle being filled.

(6). Under no circumstances allow a chamois skin to be used in handling gasoline.

(7). Never let a stream of gasoline fall any distance to any receptacle from a valve or a nozzle above. Remember gasoline passing through the air generates static electricity.

(8). In filling tank wagons, if the funnel is suspended from the filling pipe, allowance must be made for the lowering of the tank in consequence of the compression of the springs.

(9). Containers should be painted red on the outside, and properly labelled.

(10). Always use a spotlight when working around cars. Never use matches.

THEY CALLED HIM AN "OLD PILL"

THAT was years ago when he packed a terrible grouch, a mighty irritable stomach and a liver that refused to do the things that all good livers should. No wonder his friends called him an "old pill" and stayed away.

But that was years ago—long before he discovered Beecham's Pills and learned that two at bedtime can bring sunshine into a man's life. Today he's an optimist, a hero to his wife, and a staunch believer in Beecham's Pills.

The cheer that Beecham's Pills bring into a man's disposition, is the incomparable cheer of sound digestion, active liver, and the regular habits that make good health.

The Secret of a Beautiful Skin

Cleopatra knew it. That was the secret of her power. Every day her skin was thoroughly cleansed with palm and olive oils. Then as now these oils were famed for their mild, soothing, cleansing qualities.

She too used other cosmetics, but every day these were removed by thorough cleansing. In this way she was able to keep her skin smooth, firm, fresh and youthful.

Today these same oils are scientifically blended in famous Palmolive Soap. They give it mildness, wonderful soothing qualities, profuse creamy and refreshing lather.

Powder and rouge will not harm the skin if you wash daily with a mild soap. A thorough cleansing with Palmolive will tone your skin and help it do its own beautifying. Smoothness and a charmingly natural color will result.

You can buy Palmolive Soap at all first class dealers.

Palm and olive oils—nothing else—give nature's green color to Palmolive Soap.

Trees on County Roads.
County Solicitor W. G. Wilson has commenced proceedings in Police Magistrate Ruttan's Court to recover penalties for those who have cut and destroyed trees on Highways of the County — Provincial County Roads Nos. 54, 35 and 25, and other County Roads. Two cases have already been heard, in one case the defendant settled, and the other is still pending. All owners of property on County Highways and other parties should from this take warning, and not interfere with shade trees on such roads or they will be cited before court, and in future the extreme penalties of the law will be asked of the courts. Secretary Government member of the Hydro Commission, in a letter states as follows:—"Regarding the Provincial Government paying the fifty per cent. subsidy on rural primary transmission lines to small villages and hamlets. I took this matter up with the Hydro-Electric Power Commission and am advised by the Secretary of the Commission that the Commission has approved of the principle of including hamlets and police villages as customers of Rural Power Districts, and these are now included as such in the Commissioner's application to the Government for hamlet lines constructed in such Rural Power Districts, so that as far as this phase of the situation is concerned, hamlets and police villages are now receiving the benefits of the fifty per cent. bonus on primary lines, and villages and hamlets may co-operate with the farmers in the district in obtaining sufficient revenue to warrant the construction of Rural Lines."

Electric Lights for Farmers.
The result of County Clerk Wilson's correspondence with the Government, at the instance of the County Council, is that Col. Carmichael, Government member of the Hydro Commission, in a letter states as follows:—"Regarding the Provincial Government paying the fifty per cent. subsidy on rural primary transmission lines to small villages and hamlets. I took this matter up with the Hydro-Electric Power Commission and am advised by the Secretary of the Commission that the Commission has approved of the principle of including hamlets and police villages as customers of Rural Power Districts, and these are now included as such in the Commissioner's application to the Government for hamlet lines constructed in such Rural Power Districts, so that as far as this phase of the situation is concerned, hamlets and police villages are now receiving the benefits of the fifty per cent. bonus on primary lines, and villages and hamlets may co-operate with the farmers in the district in obtaining sufficient revenue to warrant the construction of Rural Lines."

LACROSSE DANCE.
The officers of the Napanee Lacrosse Association gave a very successful dance in the Armouries on Wednesday evening of this week. The hall was tastefully decorated with bunting, flags and coloured balloons, and Ben Hoken's Hawaiian Orchestra played very attractive music for the dancers. At an intermission, an impromptu concert was given by the Orchestra, assisted by Mrs. Fred Hosey and Miss Georgie Hosey, who are both artists at playing the steel guitar.
At the supper hour the Boy Scouts, with the promptness and efficiency for which they are noted, served refreshments, after which the dancing was resumed.

OBITUARY.
Thomas McCallum.
On Thursday last the funeral of the late Thomas McCallum took place at the family residence in the northern end of the town. The services were conducted by the Rev. A. J. Wilson, after which the Middletown, of which Mr. McCallum for many years had been a member, held their burial ritual outside the home.
Mr. McCallum had practically all his life been an employee of the Grand Trunk Railway, and was well known not only in the immediate vicinity but by the large fraternity of railroad men who pass to and fro through the town.
Mr. McCallum has been in ill-health for some time, and last summer was forced on this account to give up his active duties on the railroad. Throughout the winter he failed to improve, and on Tuesday last passed quietly away.

FUNERAL OF THE LATE W. F. HALL.
The funeral of the late W. F. Hall was held on Friday last, and was marked by a genuine show of sympathy on the part of the whole town, the citizens by their presence at the service, and by the many floral tributes testifying to the warm place which Mr. Hall held in the hearts of the townsfolk.
A private service was held at the house, from which the cortage proceeded to Trinity Methodist Church, where the public service was held. The large auditorium was filled to capacity, and on the platform were ministers of the Methodist Church in Canada with whom Mr. Hall had been associated during his long and intimate connection with that religious organization. Dr. Young, of Toronto; Mr. McCall, of Montreal; Principal Baker, of Belleville; Dr. Shorey, of Picton, and the two local pastors, Mr. Foster and Mr. Terrill, all took some part in the service, while the funeral address was given by Dr. Young, of Toronto. He spoke of Mr. Hall as a business man, a citizen, and a church man, and showed by a survey of his work in these fields how nearly Mr. Hall had lived up to the prophetic standard of Micah "to do justly, to love mercy, and to walk humbly with God".
The business houses of the town were closed during the service out of respect to his memory, and the Board of Trinity Church, of which Mr. Hall had been the recording steward for many years, were present in a body. The School Board, of which he had been the secretary for a long time, decreed a half holiday in the schools, and they along with the teachers and staffs of the various schools, paid their homage by their presence in a body. Altogether the service was a most impressive expression of the esteem in which Mr. Hall was held by his fellow citizens.

AIR TANK EXPLODED. TWO MEN HAD CLOSE CALL.
Mishap in the Service Station of Ross Bertrim at Verona.
When an air tank blew up in the service station of Ross Bertrim, at Verona, on Friday last, Mr. Bertrim and another man, who happened to be in the station at the time, had a close call from being seriously injured and perhaps killed. The station uses a tank to supply "free air" to customers, and it appears that the tank being used was not of the regulation type, with the result that when a pressure of fifty pounds was put on, it blew up. The tank was lifted to the second storey, where Mr. Bertrim and another man were engaged, and it is stated that it is a miracle that they escaped injury.

WEDDING BELLS.
Coulter—Rooks.
A very pleasing event took place at Grace Church Methodist Parsonage, Napanee, on Saturday, May 5th, 1923, when Marion Georgiena, eldest daughter of Mr. and Mrs. John A. Coulter, and Arthur Clifton Rooks, only son of Mr. and Mrs. Henry Rooks, were united in marriage, by the Rev. Mr. Terrill. The bride was becomingly gowned in brown canton crepe, beaded in purple and gold, and wore a hat of sand colored satin and gold cloth. The groom's gift to his bride was a Hamm piano, to the bridesmaid, Miss Evelyn Coulter, a string of pearls, and to the groomsman, Mr. H. Pringle, a gold watch chain. The young couple left on the noon train for Kingston, Brockville and Watertown. On their return they will reside at the groom's former home, on the Slash Road, near Napanee.

YARKER.

On Tuesday evening about 7 o'clock smoke was seen coming from the roof of the schoolhouse, and the alarm was soon given by ringing of bells and blowing of whistles, and soon there was a large crowd of fire fighters on hand armed with pails, which is the only thing we have to fight fire with. The fire originated in the northwest corner on the inside, and as the building is of stone it did not gain much headway, although the heat and smoke was terrible, making it necessary to fight the fire from the outside until it had cooled down somewhat. The damage is considerable, although school will continue until holidays, when it will be repaired. It was lucky that it was noticed when it was, as in half an hour more it would have been a total loss.—The C. N. OBITUARY.

Elias Jackson.

The Methodist Church at Enterprise was not large enough to hold the many friends and acquaintances of Elias O. Jackson, when they met there last Sunday afternoon to pay their last tributes of respect to one who had proven himself to be an industrious, upright and useful citizen of this part of the Province.

The late Elias Jackson was born in Camden Township, near Enterprise, on April 5th, 1848. In early life he was bereft of a mother's care, but in meeting some of life's hard experiences, learned to lay the foundations of a successful life. Fifty years ago on April 6th, he was united in marriage with Sarah Jane Bell, of Desmond, who has been a very great help to him in all his undertakings. During his busy life, he has, in addition to working the farm near Enterprise, carried on extensive lumbering business in the northern parts of the Counties of Hastings, Lennox and Addington and Frontenac, and in that business always retained the highest respect of all his employees. For nearly forty years he has been a member of the Methodist Church and an earnest supporter of its activities. Three weeks ago he was stricken with paralysis, and passed away early on the morning of May 11th. Besides his widow and their one son, Norman, there survive four brothers, Alvin, Trueman, William and Ard., all of Enterprise; one sister, Mrs. A. Youmans, of British Columbia, and one half brother, Irvine, of Toronto. One sister and two brothers predeceased him.

The funeral services were conducted at the home and the church by his Pastor, Rev. M. W. Leigh, B.A., who preached from the text 2 Peter 1:11, and paid fitting tribute to his sterling worth. The pall-bearers were Henry Reid, Sandford Degroff, Wm. Ritchie, James Evans, Rufus Wagar and Alex. Curl, and the body was laid to rest in the White Church cemetery, near Moscow.

ODESSA EAST.

Cleaning house is the order of the day, and owing to so much cold weather, housecleaning has been a drag.—The farmers are all busy on the land, most of them being through seeding.—Mrs. A. Rose spent Saturday in Kingston, visiting friends. — Mr. and Mrs. E. Babcock, of Wilton, spent Sunday afternoon at their uncle's, Mr. T. Storey, near Odessa.—Mr. Vernon Smith and Miss Venton, of Kingston, took dinner at his brother's, Mr. Hervey Smith.—The Napanee cream truck has just made its first trip through here.—Our worthy milk drawer has given up his route, so there is no wagon through this way to the factory, so the farmers have to choose the next best, the cream truck.—Mr. and Mrs. Roy Rose visited on Sunday at Mrs. Erkerson's, on Sunday.—Mrs. E. Lucas called on Mrs. T. Storey and Mrs. Rose, on Monday.—Mrs. T. Storey, sick for some time, is better at time of writing.—The steam rollers are busy on the public highway, which makes it very inconvenient for people to travel with horses.—At time of writing the weather is very cold and rainy for this time of year.—Mothers' Day service was well attended in Odessa on Sunday.

RUPTURE RELIEF.

APPLIANCE EXPERT COMING.

You need not suffer another day from ill-fitting trusses. Correct retention with comfort will relieve you at once and afford lasting benefit. Greatest success where others fail. If you have tried most everything, now is the time you need personal scientific service. So says Thos. Y. Egan, Surgical Appliances, 1057 College Street, Toronto, who will visit Kingston, British-American Hotel, May 26th-27th; Napanee, Campbell House, Monday, (all day and night) 1 day only, May 28th; Belleville, Crystal Hotel, May 29th.

The Egan "Curatrus" with new "Easyfit" retentive shields (as now used and approved) are nature's own method. They retain with perfect ease, and allow nature to close the opening quicker and better than any other known appliance or non-operative method, and at small cost—prepared to measure (men, women, children, infants) for all conditions before and after operations. Nothing in the world to equal these new surgical inventions for style, neatness, lightness, reliability and quick results.

If interested, do not fail to call in full confidence no matter how long you have suffered. Note dates, tell others. Ask at Hotel office for Mr. Egan's private sample room. Tear this out now as a reminder. (Advt.) 20b

JOHN B. BLANCHARD PASSES AWAY

One of the oldest and best known residents of Napanee and Lennox County, passed away Wednesday, in the person of John Bell Blanchard, who died after several weeks' illness. The late Mr. Blanchard was in his 87th year, and had always lived in Napanee or the immediate vicinity. He was a successful farmer for a number of years, and since coming to Napanee had carried on a farm implement and general agency business. He was widely known and much respected throughout the County. He is survived by two daughters, Mrs. H. E. Smith, of Napanee, and Mrs. J. J. O'Connell, of New York.

Funeral will be held this (Friday) afternoon, at 3 o'clock from Grace Methodist Church.

A DELIGHTFUL CONCERT.

Grace Church was filled with a large and appreciative audience on Monday night, May 14th, when Miss Frances Nickawa made her first appearance in Napanee. Miss Nickawa is a real artist. One of her principal charms is her pleasant, unaffected manner. She has a sweet, well-modulated voice, which was heard to good advantage both in reading and in singing.

Miss Nickawa delighted her audience from her first appearance on the platform. She was, however, even more attractive in the second half of the programme, when she appeared in her native costume. Her introductions to her readings were unique—original, humorous and entirely delightful. Her numbers were all so excellent that it is impossible to single out any for particular mention. Those who had the privilege of hearing her enjoyed a treat which they will long remember.

Miss Nickawa was assisted by some of the best local talent. The vocalists were Mesdames Bradley, Elliott and Seymour, and Messrs. Black and Paul, who appeared in trio and quartette, and who, as usual, gave pleasure to their audience. When Mrs. Black and Miss Aletha Scott took their places at the piano we expected something good, and we were not disappointed. Miss Rowena Smith's piano solo was very greatly enjoyed, and Mrs. Wilson's violin selections added to her already great popularity.

Mr. F. L. Hooper made a very efficient chairman.

Miller and family called on his mother, Mrs. Jas. Miller, Switzerville, on Sunday.—Mr. and Mrs. C. L. Sharp spent Sunday with her parents, Mr. and Mrs. J. Alb. Bell.—"The Helping Hand" Bible Class met at the home of Mr. B. Hamm, and elected their officers for the following year, as follows:—President, Mr. D. R. Hicks; Vice-President, Mr. I. Glass; Secretary, Mrs. J. F. Lake; Treasurer, Mr. B. Hamm; Teacher, Mr. J. F. Lake; Assistant, Mr. J. Ayl. Bell.—The election of officers for the Ladies' Aid took place in the White Church, on Wednesday afternoon, as follows: President, Mrs. George Clark; Vice-President, Mrs. Fred Burley; Secretary, Mrs. J. Seeding is the order of the day with the men, and housecleaning with the women.—The play, entitled "Farm Folks", put on in the Town Hall, by a number of young people from Tamworth, on Friday, May 12th, was a great success. The funeral was held in the Methodist Church on May 14th. The remains were placed in the Methodist cemetery. She will be greatly missed by her parents, as she was the only child remaining at home.—Irene Gendron was the guest of Miss Hazel Greene, on May 13th.—Clair Hayes motored to Tichbourne, on Sunday last.—Mrs. (Dr.) Morgan and two children, of Roslin, spent the week end the guest of Mrs. C. LACROSSE.

Schedules for Group I. Juveniles and Midgets Are Drawn Up.

A meeting was held at Deseronto on Friday evening, called by Mr. Harry M. Moore, Convener, to draft schedules for the Juvenile and Midget series in the Ontario Amateur Lacrosse Association. Representatives were present from Belleville, Deseronto and Napanee. Trenton was unrepresented, but informed the Convener by letter that they were satisfied with the suggested draft sent them. Some changes were made from that draft, but in justice to the delegates present it must be said they they endeavored to deal as justly with the unrepresented team as if their delegates had been present.

The players in the Juvenile series are boys who are 18 years of age or under on January 1st, 1923, and those in the Midget series are 15 years of age or under on the same date.

The management of the teams in this new group are doing their utmost to put Canada's National Game back on the map in the Bay of Quinte district, and are confident that the result will be a series of splendid games. It is to be hoped that the citizens of Napanee and surrounding country will show their good-will by attending the games and assisting the management in every way possible to make this venture a success. Lacrosse is the best of physical exercise for the boy and tends to create a feeling of sportsmanship that is good for him. Following are the schedules:—

NAPANEE AT DESERONTO.

The local midget team visits Deseronto on Thursday next, May 24th, for their opening game. Play starts sharp at 2.30 p.m., and a large number from Napanee are expected to go up and see the game, and cheer our boys on to victory. The "at home" in the Armouries last week provided a tidy sum of money, the major portion of which has been expended in order to purchase necessary playing material to outfit the boys.

If you are looking for a good time on Victoria Day, a run in your car to Picton's Big Victoria Day Celebration will make for an ideal day's outing. If you are fond of good Horse Races, Picton's program will please you, as there will be a 2.15 Class, 2.20 Class, 2.24 Class, and a Named Race. If you are fond of Baseball, there will be an exciting double header, Picton and outside teams. If you are fond of dancing, the Victoria Day Dance in the Armouries on the night of May 24th promises to be the most enjoyable event of the season. Plan to be in Picton for this great day. 20a

LETTER TO THE EDITOR.

Winnipeg, Manitoba,

May 11th, 1923.

To Editor Napanee Beaver.

Find enclosed $1.50 for the renewal of The Beaver.

This is a late, backward spring. One thing I would like to advise the Ontario farmer if there is any farmer buying grain of any kind from this country, to be sure and fan it before it is used, as there is a Russian thistle came into the country about three years ago. It is the worst weed I have ever seen. It grows in a bush about the size of a parasol, covers the land and chokes out everything. Has one stem, that is the root. When it gets ripe it breaks off and blows for miles.

Yours truly,
GEO. TOWNS.

Chevrolet Challenges Comparison for Economical Transportation

CHEVROLET is the world's lowest priced *fully equipped* car. It is not necessary to spend a dollar more than the purchase price to make it complete. There are no extras to buy.

Chevrolet economy is still further evidenced after its purchase. It costs least per mile in consumption of gasoline, oil and tires. It also costs least per year for maintenance.

Every Chevrolet model delivers the most economical transportation available in motoring. Yet, in construction and appearance, it is a credit to its builders and a source of continuous gratification to its owners.

Before you buy a car at any price be sure to investigate and thoroughly examine Chevrolet.

She Received Great Benefit From Them

That's Why Nova Scotian Lady Recommends Dodd's Kidney Pills.

Mrs. Leo Gaudett Found Relief and Tells All Sufferers to Use Dodd's Kidney Pills.

Saulnierville Sta., N.S., May 15th, (Special). The value of Dodd's Kidney Pills as a household remedy is shown by the following statement of Mrs. Leo Gaudett, a well known resident here

"I suffered with kidney trouble," Mrs. Gaudett states, "I took Dodd's Kidney Pills and have received great benefit from them. I think they are very good."

What Mrs. Gaudett states is all that has ever been claimed for Dodd's Kidney Pills—that they are good for sick kidneys. The road to good health lies through the kidneys. If they are kept strong and well, all the impurities are strained out of the blood. If they are weak and out of order the impurities stay in the blood and disease is the sure result. Dodd's Kidney Pills keep the kidneys in good condition to do their work of cleansing and purifying the blood.

Ask your neighbors if Dodd's Kidney Pills do not make sound, healthy kidneys.

Why You Should Use a Mild Soap

Harsh soap dries the natural oils and is apt to irritate the skin and make it scaly.

In the mild, soothing, creamy lather of Palmolive you have an ideal cleanser. It is lotion-like in its action. It soothes while it cleanses.

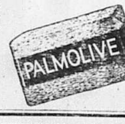

Artful application of rouge and powder may lend your skin the appearance of smooth freshness, but when this is washed off, what a cruel revelation!

You can easily possess a fine complexion by giving your skin proper care. Instead of putting your skin to sleep with cold creams and cosmetics, wake it up with soap and water. Cleanse each tiny pore and skin cell, revive sluggish circulation. Get rid of the blackheads which are only accumulated dirt.

Use Palmolive Soap and apply it with your two hands. Massage it thoroughly into your skin and remove with many warm rinsings. This treatment makes your skin fresh as a rose.

You can buy Palmolive Soap at all first-class dealers.

Palm and olive oils —nothing else—give nature's green color to Palmolive Soap

All 3 for the Price of the Bed

Do you realize the tremendous importance of sound, restful sleep? Such sleep is not possible on a worn out and lumpy Mattress, a Spring which sags like a hammock, or a Bedstead which rattles, creaks and groans every time you move.

This special "Simmons" Bed outfit, which we are offering for thirty days only, is at a price lower than an outfit of similar quality has ever been offered at, even in that much talked of pre-war period.

This is an outfit that will give you many years of sleep-comfort at a cost of less than one cent a night.

The Bed is made of steel and finished in walnut. The Spring is of heavy double woven wire with rope edges and rope supports underneath. The Mattress is covered with an art ticking of neat pattern.

REMEMBER! FOR THIRTY DAYS ONLY!

Yours for a perfect night's rest.

SPENT HUNDREDS OF DOLLARS

Mrs. Rice Found Relief at Last In Dreco—Earnestly Wishes All Sufferers Would Give This Wonderful Remedy a Trial.

Mrs. J. Rice, of 91 Napier street, Hamilton, suffered so severely from indigestion, gastritis, pains in the back and dizzy spells that for years she hardly knew what it was to enjoy a well day. Medicine after medicine she tried, spending hundreds of dollars, without the slightest improvement in her condition until she finally heard of Dreco and tried it. Let her tell you what two bottles of this splendid herb and root corrective accomplished.

"For years I have suffered from stomach, liver and kidney trouble. I had chronic indigestion and gas would always form in my stomach after meals. Would also get severe pains across my back and, at times, got terrible dizzy and spells. Would get before my eyes. My bowels were never regular. I was intensely nervous, could not sleep and my appetite was very poor. I spent hundreds of dollars trying different medicines, but my suffering continued unchecked until I started taking Dreco. It was just what I needed, for it seemed to go to the very root of my ailments right from the start. I am a new woman now and very thankful that I can recommend Dreco to all who suffer as I did."

Wonderful as her recovery seems to Mrs. Rice, it is but typical of the effect of Dreco on internal disorders such as hers. Dreco compounded of Nature's own roots, herbs and leaves, tones and regulates the system in a natural way. It quickly disperses noxious gasses, restores the appetite and brings soothing, restful sleep by making stomach, kidneys, liver and bowels function normally, as Nature intended. No matter how long standing or obstinate your case is, Dreco will help you.

Dreco is being specially introduced in Napanee by Wallace & Co., and is sold by a good druggest everywhere.

SELBY W. C. T. U.

On April 13th, 1923, the monthly meeting of the W. C. T. U. was held in the Methodist Church, President in the chair.

After a hymn was sung and prayer offered by Mrs. Anderson, Mrs. Dudgeon read the scripture lesson.

The President then gave a report of Rev. Mr. Hanley's address to women on "Morals".

Mrs. Burnell Denison wrote thanking the women for their many kindnesses to her during illness, and wished to be relieved of being Superintendent of Evangelistic department because of ill health. She also reported a letter from Picton re devotional part of convention on May 31st and June 1st.

Treasurer reported 33 members and scattered helpers. Five removed, one by death, five members dropped, and one new member. Total receipts $66.73, expenses $42.63.

The following officers and committees were constituted:

President—Mrs. Sidney Pringle.
1st Vice President—Mrs. H. Martin.
2nd Vice President—Mrs. J. M. Rose.
Rec. Sec'y—Mrs. Allen Wood.
Cor. Sec'y—Mrs. Melville Windover.
Treasurer—Mrs. D. McKim.
Evangelistic Supt.—Mrs. Dudgeon.
Anti-Narcotic Supt.—Mrs. Jno. Grange.
Citizenship Supt.—Mrs. J. C. Hudgins.
Exhibition and Fairs Supt.—Mrs. M. Windover.
Flower, Fruit and Delicacy—Mrs. L. Innes, Mrs. H. Martin.
Law Enforcement—Miss E. Roberts.
Poster Contest Committee—Mrs. Benj. Denison, Mrs. J. M. Rose, Miss Lucille Hudgins.
Supt. of Moral Reform—Mrs. Anderson.

Supt. Travellers' Aid—Mrs. H. Martin.
Supt. L. T. L.—Mrs. Benj. Denison.
Press Reporter—Mrs. A. Wood.

Soap Wrapper Supt.—Mrs. Tummon.
Programme Committee — Mrs. Amey, Mrs. Richmond, Mrs. Albert Sexsmith.
Ways and Means Committee (for raising funds)—Mrs. Pringle, Mrs. Wilde, Miss Abbott, Mrs. Marlin, Mrs Anderson.

Mrs. Pringle was asked to take the devotional work at the Picton convention. Mrs. Anderson was appointed a substitute.

Plans were made for the W. C. T. U. to attend church service in a body on "Mothers' Day", asking for loose collection at that service.

The Fruit and Flower Committee had received some criticism re spending so much for their department. A member told an incident of a man buying a very beautiful boquet of flowers. "Is your wife dead?" asked the seller. "No. Why do you ask such a question?" "People don't generally buy such expensive flowers unless someone is dead".

Meeting closed with hopes for considerable increase in funds before closing of the year, and better work for next year.

Closing prayer by Mrs. Dudgeon.

Some people (including not a few of those going into the wilds) seem to think that the forests of Canada exist wholly for the pulp and paper manufacturer. The truth is that, despite the use of steel and cement in construction and in a great many other ways, the consumption of wood has not been lessened, but has rather been increased. Forestry authorities contend that there is no likelihood that the Canadian people will ever be able to do without wood. Wood enters into everything. City dweller and farmer alike require it for innumerable purposes. Hence, in aiding the preservation of the forests, the Canadian, wherever situated, is doing something for himself, as well as for his country.

WOMAN SUFFERED FOR MONTHS
Weak and Nervous. Made Well by Lydia E. Pinkham's Vegetable Compound

Webbwood, Ont.—"I was in a very weak and run-down nervous condition, always tired from the time I got up until I went to bed. Sleep did not rest me at all. My sister recommended Lydia E. Pinkham's Vegetable Compound to me and others told me about it, but it was from my sister's advice that I took it. It did not take long until I felt stronger, headaches left me and my appetite came back to me. I am a farmer's wife and have many things to do outside the house, such as milking, looking after the poultry, and other chores. I heartily recommend the Vegetable Compound to all who have the same trouble I had, for it is a fine medicine for women."—Mrs Louis F. Elsasser, Hillcrest Farm, Webbwood, Ont.

Another Nervous Woman Finds Relief

Port Huron, Michigan.—"I suffered for two years with pains in my side, and if I worked very much I was nervous and just as tired in the morning as when I went to bed. I was sleepy all the day and didn't feel like doing anything, and was so nervous I would bite my finger nails. One of my friends told me about Lydia E. Pinkham's Vegetable Compound, and it helped me so much that I soon felt fine."—Mrs. Charles Beeler, 501-14th St., Port Huron, Mich.

Women who suffer from any feminine ailment should try Lydia E. Pinkham's Vegetable Compound. C

You Just Get What You Pay For

It is poor economy to buy the cheapest in anything. You can't expect to get a White Lead and Linseed Oil Paint cheaper than you can buy the lead and oil. Therefore use B. & H. Resigns, But to Stay in City.

A. L. Davis, sales manager for the Canadian Oil Companies, Kingston, for the past three years, has resigned, but will remain in that city. "Al" as he is known by his friends, and they are legion, lived in London, Ont., for many years, but is a native of Odessa, and is widely known all over Canada and the United States, as he has travelled extensively. He is a prominent member of the Kingston Rotary Club and also very prominent in Masonic circles. His friends in Kingston are pleased to learn that he will stay in the city.

Correcting an Error.

Owing to a misleading impression obtained from a part of the notice inserted in The Beaver, relating to Miss Gordon's address before the Ladies' Conservative Association of Lennox, that the above speaker came to Napanee under the auspices of the Daughters of the Empire, the Executive of the "U. E. Loyalist" Chapter, I.O.D.E. wish it to be distinctly understood, that the Chapter had nothing whatever to do with Miss Gordon's appearance in Napanee on Saturday last, the Imperial Order, Daughters of the Empire, being a strictly non-political and unsectarian organization.

Late F. W. VanDusen.

Mr. F. W. VanDusen, a former old resident of Napanee, died in Toronto on Wednesday, following a stroke. Mr. VanDusen carried on a harness business here for a number of years, and always took a prominent part in public affairs. He was a member of Napanee Lodge I. O. O. F. and a member of Trinity Methodist Church. The remains were brought to Napanee, and the service held at the residence of his son, Mr. W. J. VanDusen, yesterday afternoon, the Oddfellows attending in a body. The remains were placed in Riverside cemetery.

Wedding at Arden.

The home of Mr. and Mrs. Geo. M. Kirk was the scene of a quiet but pretty wedding, on April 30th, when their only daughter, Leila Mae, became the bride of David Ezra Weese, only son of Mrs. B. F. Detlor. The ceremony was performed by Rev. Robt. Stocker, in the presence of a few immediate friends. The bride, who was given in marriage by her father, looked lovely in her gown of white kitten's ear crepe with silver trimmings, and wore the customary veil fastened with orange blossoms. Her only ornament was a pearl necklace, the gift of the groom. Miss Florence Weese, cousin of the groom, was bridesmaid, and wore pale pink silk crepe-de-chene. Mr. Donald Kirk, brother of the bride, acted as groomsman. The groom's gift to the bridesmaid was a ring, and to the groomsman a pearl tie pin. After the ceremony the bridal party preceded the guests to the dining room, where a dainty luncheon was served. Mr. and Mrs. Weese left in the afternoon for Montreal, the bride travelling in navy suit with hat to match. On their return a reception was given at the home of Mr. and Mrs. B. F. Detlor.

MEETING OF U. F. O. OF LENNOX COUNTY.

A meeting of the U. F. O. of Lennox County was held in the Town Hall, Napanee, on Saturday afternoon last.

At a meeting of the Executive held in the morning, it was decided not to put a candidate in the field at the coming Provincial Election, and to leave the decision of the Executive to be ratified by the open meeting in the afternoon.

The meeting in the afternoon was fairly well attended, and was noted principally for the large number of Liberal stalwarts present from the rural districts, Adolphustown representation being especially noticeable, and when H. M. Johnson, Adolphustown, moved, and Fred Perry, Napanee, seconded, that the decision of the Executive be adopted, the Liberals arose en masse and quite outnumbered the sprinkling of Conservatives and a few genuine U. F. O.'s of former Liberal tendencies, who voted to the contrary.

A vote of confidence in the Drury administration was unanimously carried, and failure to put a candidate in the field to support such a good Government, fully shows the appreciation in which the Drury Government was held.

Another Liberal stalwart, Mr. Sherwood, who addressed the meeting, expressed his opinion that he thought it only fair that no U. F. O. run against Dr. Vrooman, and at the next Dominion election the Liberals should run no candidate against Mr. E. J. Sexsmith.

Mr. J. L. Haycock, Sr., of Adolphustown, among his remarks, stated to the effect that the U. F. O. party was not through, but resting. We predict a very long rest for it a "rest in peace" along with the Patrons of Industry, as far as the riding of Lennox is concerned.

A Conscientious U. F. O.

LESS DRUNKENNESS IN LOWER PROVINCE.

S. A. Adjutant Also Finds Vice More Prevalent in Ontario Than Quebec.

Quebec, May 15.—"In my experience there is considerably less drunkenness throughout the Province of Quebec than in Ontario, despite the fact that liquor may be purchased here openly, whereas it is not so easy to obtain a supply in the sister province."

The above statement was given out to-day in an interview with Adjutant Harding, in charge of the social bureau of the Salvation Army headquarters on Palace Hill. The official has been here for the past three months.

"I have found it much easier to handle the men of Quebec than any other city in Canada in which I have been located," he stated. "One of the worst forms of degradation with which we have to contend is attributed to drunkenness, but I wish to say most emphatically that I saw more drunkenness and other forms of vice in Ontario than I have met with in Quebec."

Schooner Jamieson, Coal Laden, Sinks Near Emerald.

The first loss since the opening of navigation was the foundering of the schooner Jamieson in forty feet of water, about a quarter of a mile from Emerald, Amherst Island, at 3.30 p.m. on Tuesday. Capt. Savage and his crew of four men and a woman cook, were safely landed.

The schooner Jamieson belonged to Picton and was returning from Oswego with 350 tons of hard coal. She sprung a leak after passing the Ducks, and the captain tried to make Picton, but was unable to do so. The water increased steadily in her hold and when it was evident that she could not be kept afloat, the crew took to the life boat and reached the shore just above Emerald.

The Jamieson was formerly owned by Capt. McCullough, Napanee.

LETTER TO THE EDITOR.

Napanee, May 17th, 1923.

To the Editor of The Beaver.

Dear Sir,—A regular scheduled baseball game was to have been played between Tamworth and Newburgh, at Newburgh, on Wednesday last.

Through a misunderstanding between the Secretary of the Lennox and Addington Baseball Association and the Tamworth Ball Club, Newburgh Ball Club was not notified that this game had been postponed.

I can assure the Newburgh Club and all those who came to Newburgh to witness the game, that the Executive regret very much that many were disappointed in this case, and steps have been taken which will prevent anything of this nature occurring again.

This postponed game has been called for Saturday afternoon next, the 19th, at the regular hour.

Thanking you, Mr. Editor,
MARK P. GRAHAM,
President of L. & A. Baseball Asso.

THE ROADS THAT BIGGS BUILT.

(By Dr. J. W. Edwards)

There's a Wentworth road that Biggs built,
A costly road that Biggs built;
It starts right at Biggs Senior's door,
And runs by Frank's as smooth as a floor;
It has cost the people money galore,
This expensive road that Biggs built.

There's another road that Biggs built,
A private road that Biggs built;
It runs right through Frank Biggs' farm,
Between Biggs' house and Biggs' barn,
It doesn't do Frank Biggs any harm,
This wasteful road that Biggs built.

There's another road that Biggs built,
A public road that Biggs built;
It passes right by Biggs' land,
With Biggs' property on either hand;
It was built for Biggs you understand,
This convenient road that Biggs built.

There's the "Paradise Road" that Biggs built,
The H. and B. road that Biggs built;
It cost eighty thousand dollars a mile,
The tenders were let in secret guile,
The Warren Company wears a smile
Re this heavenly road that Biggs built.

There are other roads that Biggs built,
All are costly roads that Biggs built;
There's the Ottawa-Prescott patched affair,
The old York road done here and there,
There are many places will make you swear
When you drive on the roads that Biggs built.

They have widened the roads that Biggs built,
Moved houses and barns where Biggs built;
They have planted trees alive and dead,
Have covered the highway with oil thick spread,
The farmers' horses fear to tread
On the slippery roads that Biggs built.

There are jobs on the roads that Biggs built,
Easy jobs on the roads that Biggs built;
Trees to water and holes to fill,
Sand to spread and oil to spill,
They take their time and work when they will,
On the jobs on the roads that Biggs built.

Who pays for the roads that Biggs built,
The extravagant roads that Biggs built?
The farmers whose taxes equal a rent,
Provide the millions so rashly spent
By Drury's spendthrifts who seem content,
With the wasteful roads that Biggs built.

Cataraqui, May 14th, 1923.

Brown was making a visit to a girl who lived in the country, and they were walking through the fields when they noticed a cow and a calf rubbing noses in bovine love. He spoke up: "The sight of that makes me want to do the same thing."

"Go ahead," she replied, "it's father's cow."

MR. HAMBLY'S STAND ON TEMPERANCE.

Napanee, May 23rd, 1923.

Mrs. Murney Parks,
Napanee, Ont.

Dear Mrs. Parks,—I take pleasure in following the suggestion made in your letter to me of the 21st, that I should publish a reply to your request for information as to my stand in regard to temperance and to the Ontario Temperance Act.

I repeat what I have already stated in public that at any time I have had the privilege of voting on any question relating to temperance, I have always cast my ballot on the side of temperance, and I consider this the wise course for any voter.

In regard to the Ontario Temperance Act, which was enacted by a Conservative Government, I will support its enforcement.

I would like to have the opportunity in the House of Assembly of assisting in having the sale of vanilla extract, lemon extract, etc., so limited that these household commodities could be no longer used or sold as a means of producing drunkenness in our boys and men.

I do not believe that the principles of the act should be interferred with, except by a special vote or referendum of the people.

I hope you will accept this frank statement.

Yours sincerely,
C. W. HAMBLY.

HOW AND WHEN TO DESTROY WEEDS

The best time to destroy weeds is within two or three days after the first pair of leaves has formed on the seedling plant, says the Dominion Seed Commissioner in his bulletin on "Weeds and Weed Seeds". In friable soils the "weeder" is a useful implement for that purpose. The "tilling" harrow is also satisfactory for comparatively loose soils and is preferred as a weed destroyer on firm or clayey land. Weeds are irregular in time of germination, consequently it is necessary to apply the weeder or harrow frequently throughout the growing season. Potatoes, or fields of corn and cereal grains when sown with a drill, may advantageously be cultivated with such implements once or twice before the crop distinctly shows above the ground, and again, with corn and ordinary grain crops, when the plants are three to six inches high. Even relatively heavy harrows ordinarily in use will do little damage to the potatoes, corn or grain plants if the land is not wet, while the loosening of the surface soil benefits the crop in addition to the destruction of the weeds.

For perennial weeds, or seedlings that have become well rooted, a cultivator having diamond-shaped or other relatively broad shares is needed for hoed crops. The disc is a favored implement for destroying weeds in a summer fallow or in preparing seed bed. When, however, it is desired to unearth and remove the rootstocks of perennial weeds, such as couch grass, a narrow-toothed cultivator that will loosen the soil and bring the underground vegetation to the surface, is preferred to an implement that will cut the rootstocks, the small cuttings of which may be exceedingly persistent in growth.

OBITUARY.

John L. Wagar.

It does not frequently occur that the place of one's birth and the place of one's death is in the same house, but such is the record in connection with the birth and death of John Leonard, second youngest son of Michael O. Wagar and his wife, Elizabeth Babcock, who were among the pioneer settlers of the Township of Camden. John was born on March 6th, 1846, and spent the first eighteen years of his life in the associations of home and school and friends in his native township. New York State was the next scene of his activities, and there he found profitable employment and congenial friendship. He married Miss Margaret Calkins, and finally settled at Covert, Michigan. In 1917 his wife died and the remaining years have been spent in Florida during the winter and in Michigan, until last summer, when he returned to the old home where he quietly passed away on May 15th. Of the family of ten, one brother, Hamilton M., is the only survivor. John Wagar was a man of charitable disposition, loved and respected by his many relatives and friends. The funeral services were held at the home and the Methodist Church, Enterprise, and interment at Centreville, on Thursday, May 17th.

NEWBURGH.

Death, when it comes unexpectedly, as in the case of the late Henry Allen, of this village, produces a shock and people are inclined to speak low and wonder who will be next. Mr. Allen had not been well for sometime, but not being a man who advertised his ailments, little thought was taken of the matter by his neighbors and friends. He was taken to the General Hospital, Kingston, on Wednesday evening last, quite able to look after himself, with little assistance, and his body was brought home the following evening, the disease from which he died (cancer on the lung), having completed its work. There was no operation, as it was considered by the Doctors consulted as useless, and so it proved. Mr. Allen was a good neighbor and a man who always minded his own business. His loss therefore is very much felt, not only by his family, but in the neighborhood. He leaves a wife, and one son, (who was recently married to Miss Weese, of Selby), at home; two sisters, Mrs. Huffman, of Moscow, and Mrs. Galbraith, of Lindsay, and one brother, William, of Moscow.

The saying that things run in families like broken legs has been verified in the case of Mr. Geo. Paul, whose little daughter, Celia, was knocked over by a dog, breaking her leg, and his wife while attending to her household duties, fell and broke her leg above the ankle, all within a few days' time. While we introduced this item with a joke, the situation in the Paul household is certainly no joke, and we sympathize with them very much.

Rev. Mr. Dickinson was not able to conclude the services in St. John's Church on Sunday evening last. Mr. Dickinson has been in delicate health for some time, and is forced to resign the work of the Parish, the resignation taking effect the last of June. Rev. Mr. Dickinson has the sympathy and good wishes of many friends in Newburgh.

Our baseball boys lost to Tamworth in a game here on Saturday, by a score of nine to fourteen. Better luck next time, boys.

A full deputation attended the Liberal Conservative Convention in Tamworth, on Tuesday.

Rev. Mr. Gandier and Mrs. Gandier are both in a very frail state of health.

TOWN COUNCIL.

The regular meeting of the Council was held in the Council Chamber on Monday night.

Members present — Councillors Burgess, Hartman, Huffman and Tustin.

Mayor MacGregor presided.

A communication was received from the Manager of the Bank of Montreal, complaining of the condition of the sidewalk in front of the bank, with the request that the same be repaired. Referred to Streets Committee.

Mr. Cruikshank, representing the United States Fidelity and Casualty Company, addressed the Council with respect to public liability insurance. This class of insurance indemnifies the town for damages claimed by persons injured on the street or sidewalks where the town is liable. It does not include employees of the corporation while at work. The premium would be $4.50 per hundred of population, maximum claim payable to any one person $5,000.

Reeve Hambly and Coun. Perry entered and took their seats.

From the Returning Officer in the coming Provincial Elections, requesting Council to appoint polling places for Napanee.

The following places were appointed for polling :—

East Ward—Geo. Switzer's, and John Robinson's.

Centre Ward—No. 1, Town Hall; No. 2,

West Ward—No. 1, Frank Kinkley's and Fred Thompson's; No. 2, at the Library.

It was moved and seconded, that the Collector be notified to return his roll at next meeting of Council, June 5th. Carried.

Moved by Coun. Perry, seconded by Coun. Huffman, that the Chairman of Streets instruct the Chief of Police to have all obstructions between the sidewalk and the street in front of residences, or otherwise, removed. Carried.

Moved by Coun. Hartman, seconded by Coun. Burgess, that the Street Committee look into the matter of the gasoline pump in front of Paul's garage, and bring in a report at next meeting. Carried.

Moved by Coun. Hartman, seconded by Coun. Tustin, that the Police Committee be authorized to purchase a new uniform for the Chief Constable. Carried.

A by-law was passed, appointing Geo. A. Cliff assessor at a salary of $300.00.

Previous to this by-law being passed, Coun. Burgess asked the chair if the Council had any other application for the position of assessor. If not he was of the opinion that applications should be advertised for. This, he said, was the only proper way to dispose of an important office such as that of assessor.

Coun. Burgess was informed that no other application was made for the office, and it seemed to be the opinion of a majority of the Council that an assessor should be appointed at this meeting.

Moved by Coun. Perry, seconded by Coun. Burgess, that the 7-acre field owned by the town, situated north of the Condenser, be rented for pasture or otherwise disposed of, and that the Town Property Committee be given power to deal with the matter on their discretion. Carried.

The question of public liability insurance was taken up, and it was decided to take no action in the matter at present.

It is poor economy to buy the cheapest in anything. You can't expect to get a White Lead and Linseed Oil Paint cheaper than you can buy the lead and oil. Therefore use B. & H. English Paint, 70 per cent. lead and 30 per cent. zinc white, mixed in pure linseed oil and turpentine. For sale at Wallace's.

Progressive "Economists".

To Editor of The Mail and Empire :

Sir,—On February 8th, Mr. Shaw, the member for Calgary, moved in the House of Commons the following amendment to the address on the speech from the throne : "That this House views with alarm the substantial increase in the national debt of Canada and that efforts should be exerted to economize expenditures and to lessen the burdens which fall on the people of Canada."

For the benefit of voters in Ontario it may be interesting to note that of the 22 Progressive members at Ottawa of the Province of Ontario, three of them—Messrs. Elliott of Dundas, Pritchard of North Wellington, and Sexsmith of Lennox and Addington, are recorded as placing themselves in opposition to this sound and sane policy embodied in Mr. Shaw's resolution. Doubtless in the coming elections the above three gentlemen will be found at their respective ridings preaching the doctrine of good government under Drury, as Premier of the Province of Ontario. Mr. Pritchard, M.P., distinguished himself the other day by being the only one of the 22 U.F.O. members from Ontario by voting to give Mr. Wm. Pugsley $9,000 a year and expenses to look into claims against the Germans.

Yours, etc.,

Mr. Cleary Tells of Dodd's Kidney Pills

They Relieved His Kidney Trouble and Other Sufferers Can Learn From His Experience How They Can Find Relief.

Pointe Bleue, Que., May 22nd, (Special). Simple and straight to the point is the statement of Mr. Louis Cleary, of this place. He has tried Dodd's Kidney Pills and found them good and he wants everybody to know it. Mr. Cleary says :

"Before taking Dodd's Kidney Pills I was not able to walk. Thanks to your pills I am now perfectly well. I find them very good." One simple statement like this is worth a dozen learned dissertations on Kidney disease. It tells the sufferer from Kidney trouble just what he or she wants to know — that relief can be found in Dodd's Kidney Pills.

For Dodd's Kidney Pills are no experiment. They are purely and simply a Kidney remedy. The reason why they relieve Rheumatism, Lumbago, Diabetes, Bright's Disease, Heart Flutterings, Dropsy, Pain in the Back, and other diseases is that all these are caused by disordered Kidneys.

Dodd's Kidney Pills make men and women feel young again because they spread good health all over the body.

If you haven't used Dodd's Kidney Pills for Kidney troubles, you should do so at once. Hear what your neighbors have to say about them.

Here's A Green Blind Paint That Fades Darker

That's exactly what it does. Instead of growing lighter and lighter and finally looking like a washed out blue, it starts in a vivid green and then gradually turns darker until it's reached a rich deep green.

Then it gets no darker, nor lighter. Just stays the way you want it to stay. Neither the salt spray of the seashore, nor the hot pelting sun have any effect upon it. Its name is Lowe Brothers Permanent Green.

You can't get it everywhere, but you can get it here. Drop in and we'll show you the color.

Addington Liberals Nominate W. J. Haines.

The Liberals of Addington at Tamworth, on Wednesday afternoon, May 16th, nominated W. J. Haines, brick manufacturer, Tamworth, as candidate for the Ontario Legislature.

Mr. Haines accepted the nomination. Two other candidates were nominated, Jerome Thompson, Sharbot Lake, and W. D. Donaldson, Donaldson's Mills, but both declined, and the selection of Mr. Haines was made unanimous. W. H. Vanness, the President of the Liberal Association, presided.

It is understood that the U. F. O. will not put a candidate in the field, so the contest will be a straight fight between the Conservatives and the Liberals.

BAY VIEW.

(For last week).

The friends and neighbors of Mr. Wm. Miller, who passed away at the Kingston General Hospital, on Monday evening, were shocked to hear of his death. Although he had been ailing for some time and no hope of recovery, his death came with a shock. His funeral was held at his home on Victoria St., on Wednesday morning, at nine o'clock, hence to Bath for burial. Mr. Geo. Miller and daughter, Lillian, of Buffalo, were with Mr. Miller when he passed away. Mr. Miller and daughter are now visiting Mr. Miller's sister, Mrs. Geo. Fleming, and brother, Thos. Miller.—Mr. James Fleming is on the sick list.—Mr. and Mrs. Walter Frink have taken their little daughter, Pauline, to Kingston General Hospital for treatment. —The Woman's Institute held their monthly meeting at the home of Mrs. T. D. Fairfield, with a good attendance, and the officers for the coming year were elected. The Institute intends building a community hall on the property given by the Fairfield estate, and on the site of the old Fairfield saw mill.—The meeting of the Ladies' Aid for Wednesday last, at Mrs. Thos. Miller's, was postponed on account of the death and burial of Mr. Miller's brother. — Miss Hilda Lewis, Toronto, is at her parents', Mr. and Mrs. Geo. Lewis, for her holidays. - Miss Alecia Proutt left on Monday morning to resume her duties as nurse in New York. Miss Proutt is a sister of Mrs. James McDonough, of this place.—Mr. and Mrs. David Hinton, Kingston, spent Sunday at Geo. Fleming's.—Several from this vicinity attended the Masonic supper at Bath, on Monday evening, and report a great time.

THE OLD MAN TALKS

Edgar A. Guest, in Detroit Free Press

I know it's right an' proper,
  An' I know it's young folks' way.
An' I ain't the man to stop her
  Cos she's named her weddin' day;
An' I'll be there gay an' cheery,
  In my go-to-meetin' coat,
But jes' how my eyes are teary
  An' a lump is in my throat.

You ain't undergone that feelin'
  I should jedge from what you said;
You ain't felt your brain go reelin'
  An' yer cheeks get white an' red,
An' seen everything go swimmin'
  As your eyes with tears get dim.
When you hear it from your women
  That she's going to marry him.

You don't know the way it strikes you
  How it knocks you galley-west,
When that little gal who likes you
  An' the one you love the best;
Comes an' whispers, "Daddy, dearie,
  I am going to marry Joe";
Then you try to answer cheery,
  But you wish it wasn't so.

Oh, there ain't no use in talkin';
  Me an' mother did the same.
An' I mind her father walkin'
  Up an' down, the day I came;
Then I didn't know what ailed him,
  When he shook me by the hand,
But I mind that his voice failed him—
  An' to-day I understand.

Jes' a week ago I had her,
  An' I called her mine, an' O,
There was no man any gladder—
  Now she's going to marry Joe.
An' she's his, an' that is proper,
  An' I've shook him by the hand;
Though I'm weepin', I'd not stop her,
  Later on they'll understand.

A Girl's Face Is Her Fortune

Because it is the greatest of all womanly charms, a skin which is fresh, smooth, and alluring with the radiance of health, predicts a happy future.

Don't be content to have a lifeless, sallow and blemished complexion—begin at once to remedy these defects.

Every girl can have a beautiful attractive skin if she will only learn to give it proper care.

Thorough cleansing with a fine mild soap once a day, is the secret. Cold cream is beneficial when applied to a clean skin, and rouge and powder are harmless beautifiers—but—start fresh every day on a clean foundation.

Keep your skin active and it will be clear, fresh, youthful and attractive.

Soap to be thorough need not be harsh. The mildest toilet soap is the most thorough of cleansers, as you will know after you try Palmolive.

Its mildness and thoroughness are due to the same source—the scientific blending of Palm and Olive oils, the natural cleansers discovered thousands of years ago in ancient Egypt and made use of by Cleopatra.

Palmolive freshens, livens and stimulates the skin, leaving it delightfully fresh and rosy.

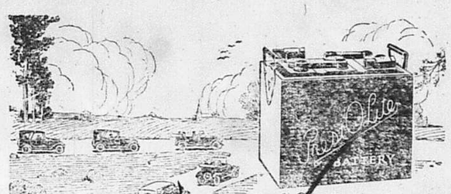

You can buy Palmolive Soap at all first-class dealers.

Palm and olive oils —nothing else—give nature's green color to Palmolive Soap.

IN MEMORIAM.

In sad but loving memory of our dear wife and mother, Mrs. E. J. Williams, who departed this life on May 31st, 1922.

She has never quite left us, our darling who passed
Through the shadows of death to the sunlight above;
A thousand sweet memories are holding her fast
To the place which she blessed with her presence and love.
The work which she left and the books which she read,
Speak mutely, though still with an eloquence rare;
And the songs that she sung, and dear words that she said,
Yet linger and sigh on the desolate air.

Tim O'Brien had unfortunately figured in one or two accidents, but this time he was one of the occupants of the car who were considered seriously injured, and was rushed off to the hospital to be operated on. He had partially recovered from the anaesthetic, and was looking round in dazed condition. As the nurse approached his bedside, he asked feebly:
"Where am I? What is this place?"
The nurse took his hand gently.
"You have been very badly injured in an automobile accident, but you will recover," she replied.
"Recover!" said Tim, in a high-pitched voice, and tried to raise himself up. "Recover! How much?"

Overland

Sturdy--Comfortable Powerful

YET A MARVEL OF ECONOMY

At present low prices the Overland provides comfortable, reliable motoring at the lowest cost for which such motoring can be had. The Triplex Springs absorb shock and side-sway, and prolong the life of the car. The motor returns twenty-five miles—and with some drivers thirty miles or more—to the gallon of gasoline. The gear shifts easily, steering becomes second nature, the driver's seat is comfortable, and the good looks of the Overland commend it everywhere.

All 3 for the Price of the Bed

Do you realize the tremendous importance of sound, restful sleep? Such sleep is not possible on a worn out and lumpy Mattress, a Spring which is like a hammock, or a Bedstead which rattles, creaks and groans every time you move.

This special "Simmons" Bed outfit, which we are offering for thirty days only, is at a price lower than an outfit of similar quality has ever been offered at, even in that much talked of pre-war period.

This is an outfit that will give you many years of sleep-comfort at a cost of less than one cent a night.

The Bed is made of steel and finished in walnut. The Spring is of heavy double woven wire with rope edges and rope supports underneath. The Mattress is covered with an art ticking of neat pattern.

REMEMBER! FOR THIRTY DAYS ONLY!

Yours for a perfect night's rest.

ROD AND GUN IN CANADA.

The brotherhood of anglers ought to be particularly pleased with the June issue of Rod and Gun in Canada, because it is the Fishing Number, and because it features that splendid sport generously. In fact, the June issue, which is now on sale, is so chock-full of attractive material that it is certain to be an absolute treat for fishermen all over Canada. But non-fishermen are not forgotten in this number, and there are other features. There is a big, generous Guns and Ammunition department, W. C. Motley's new "Outdoor Talk" department, as well as the other regular departments, and a large collection of miscellaneous material that rounds out a top-notch magazine.

Rod and Gun in Canada is published monthly at Woodstock, Ontario, by W. J. Taylor, Limited.

Mrs. Key was visiting some friends and left the following note for her nearest neighbor:

"Dear Mrs. Garrison,—Would you please put out a little food for the cat I have been feeding this winter? It will eat almost anything, but do not put yourself out."

RUPTURE RELIEF.

APPLIANCE EXPERT COMING.

You need not suffer another day from ill-fitting trusses. Correct retention with comfort will relieve you at once and afford lasting benefit. Greatest success where others fail. If you have tried most everything, now is the time you need personal scientific service. So says Thos. Y. Egan, Surgical Appliances, 167 College Street, Toronto, who will visit Kingston, British-American Hotel, May 26th-27th; Napanee, Campbell House, Monday, (all day and night) 1 day only, May 28th; Belleville, Crystal Hotel, May 29th.

The Egan "Curatrus" with new "Easyfit" retentive shields (as now used and approved) are nature's own method. They retain with perfect ease, and allow nature to close the opening quicker and better than any other known appliance or non-operative method, and at small cost—prepared to measure (men, women, children, infants) for all conditions before and after operations. Nothing in the world to equal these new surgical inventions for style, neatness, lightness, reliability and quick results.

If interested, do not fail to call in full confidence no matter how long you have suffered. Note dates, tell others. Ask at Hotel office for Mr. Egan's private sample room. Tear this out now as a reminder. (Advt.)

ROD AND GUN IN CANADA.

The brotherhood of anglers ought to be particularly pleased with the June issue of Rod and Gun in Canada, because it is the Fishing Number, and because it features that splendid sport generously. In fact, the June issue, which is now on sale, is so chock-full of attractive material that it is certain to be an absolute treat for fishermen all over Canada. But non-fishermen are not forgotten in this number, and there are other features. There is a big, generous Guns and Ammunition department, W. C. Motley's new "Outdoor Talk" department, as well as the other regular departments, and a large collection of miscellaneous material that rounds out a top-notch magazine.

Rod and Gun in Canada is published monthly at Woodstock, Ontario, by W. J. Taylor, Limited.

Mrs. Key was visiting some friends and left the following note for her nearest neighbor:

"Dear Mrs. Garrison,—Would you please put out a little food for the cat I have been feeding this winter? It will eat almost anything, but do not put yourself out."

E. J. Sexsmith's Speech in the Ontario Legislature on the Budget

Mr. Speaker, I am persuaded that my contribution to this verbal deluge will not, perhaps, be of very great value. Still, on account of the importance of the subject before the House I feel it incumbent upon me to express some of my opinions in connection with this budget.

I admit that the task of discharging the duties of a finance minister is a tremendous one, involving perhaps more labour and care and ability than many of us have a true conception of. Therefore I find mingled in my sugestions this evening feelings of sympathy and respect for our worthy Finance Minister (Mr. Fielding). Perhaps in my remarks to-night I may deviate somewhat from the general line of discussion that has been followed. I desire not to be specific but to talk along lines of general principles.

Canada has a debt of approximately two and a half billion dollars. If we consider this debt in comparison with her undeveloped abilities or her resourceful wealth we have grounds for optimism; but if we consider this debt in comparison with her volume of business and her population this problem is a bit more serious. Yet I take it, Mr. Speaker, that every statesman, every representative should have a determination and express that determination that this debt can and must be paid. Indeed every citizen should feel that Canada is his country and that the defeat or success of Canada means his personal defeat or success, that the distinguishment of the country means his distinguishment. A national debt means a depreciation in the value of individual possession. Therefore, every one should feel that it is his imperative duty to endeavour to pay this debt of the country. In order to make this privilege proportionately possible governments have as far back as we can remember resorted to taxation.

In raising the revenue there are certain fundamental principles to be observed. Governments try if possible to bring down a balance budget, or to do one better and bring in a surplus, but when large war debts accrue and post-war conditions obtain I appreciate, Mr. Speaker, that to bring down taxation proposals that would produce a surplus in one fiscal year might not be the wisest policy to follow. It might create demands that would discourage and lower the morale of the people and retard national progress. We, however, both governments and citizens, should try to decrease the deficit. In the report brought down by the Finance Minister for the fiscal year 1922-1923 we were told that the revenue estimated upon the then existing method of taxation amounted to something like $322,000,000 and that the expenditure was $340,000,000 odd. This convinced, or should have convinced, the people of Canada of the necessity of accepting the burden of additional taxation, but I am free to state that no man, gentleman here decided within his own mind that we would have a balanced budget, that there would not be an increase in the deficit. In talking to many people in my riding I estimated that there would be a deficit of perhaps twenty or thirty million dollars. I regret, however, to learn that that deficit amounts to about forty-five million dollars. Now we are facing a condition. The business of Canada will not permit an increase in taxation. Neither would it be wisdom to decrease our revenue from taxation. Then whence is relief to come?

I wish by way of constructive suggestion to refer to two well-tried principles that are fundamental in this connection; First, an increase in national business, and secondly economic retrenchment in financial expenditure. It is necessary for Canada to have more people. You cannot have a greater business unless you have more people. Our population is about nine million; the population of the United States is about one hundred and twenty million. I would therefore suggest that the federal parliament and the provincial legislatures should co-operate in a vigorous policy of an effective kind to induce immigrants to come into our country. No matter what their vocation in life, so long as they are not abnormalities—speaking in the broad sense of the word, let them come. We are not importing machines; we are importing men and women, men who are eager and willing to start at the bottom of the ladder. Men who start at the bottom of the ladder generally look up, but men who starts at the top generally looks down. If we get enough people who will appreciate the great privileges that the Dominion of Canada has for them, and will take hold of these privileges, that will be a great help in increasing our business. Along with that I would suggest that the government of Canada and in every possible way to develop our natural resources. Canada is rich in minerals, and I was pleased to hear the Finance Minister speak of the efforts put forward for the mining of copper. I hope that there will be efforts put forward for the mining of coal, for I believe that we have coal mines in Canada capable of supplying our people with all their fuel requirements. It is true that in its early development any mine or any works might not pay, but if we persevere the time will come when the output will be prolific enough that it will pay. The development of the natural resources and more people in this country mean more business.

Let me now take up my second thought, economic retrenchment. It is true that in the development of a country the spirit of parsimoniousness must be forgotten. We must carry on necessary public works, but it does seem to me sometimes and to others who have spoken to me that parliaments have paddle around the million of dollars seem to forget the value of the hundred dollars. Of course, we know that all departments try in every possible way, or at least they ought to, to curtail unnecessary expenditure, but I sometimes think that the members do not try very hard to do this. They come here with requests from the different provinces and from the people of their riding for all manner of new public works, post offices, dry docks and so forth.

I think it is only right that members should consider the financial condition of the country and not encourage those who ask them to try and further such works. It would be a help to the men who have the responsibility of carrying on these works.

Let me mention a few things that, perhaps, may not be very popular. Aside from the expenditures on public works, economies might be effected in other directions which would save, I think, millions of dollars to the treasury. With all due respect to the late government, as well as to the present government, the administration of the country's affairs is far too expensive and has been for some years. I am well aware that my suggestions for retrenchment may be unacceptable. They certainly will not be very popular in the city of Ottawa. However, I want to make a few remarks as to the cost of government here and if I am wrong in any respect I am quite ready to be corrected. First of all, there must be a retrenchment in expenditures in connection with the Civil Service. I voted for an investigation into the salaries, classification and numbers of the staff of the Civil Service. It seems to me that the investigation which is being conducted into these matters ought to result in a very substantial saving. Salaries are disproportionately high. They have been increased from time to time because it was the custom so to do. In that respect we have been following a practice which obtains in other countries, with the result that the stipends are in very many cases too high.

Then I would restrict, in great measure, the expenditure on superannuation and retiring allowances. Why should men who have been receiving large salaries for the greater part of their lives receive a retiring allowance when quitting the service when hundreds of thousands of people who are following vocations that are essential from the standpoint of the national well-being and who are in every way good and commendable citizens get no such allowance when the time comes for them to quit work. This question has been impressed upon the public mind by the very large amounts granted to officials of the government railways on retirement. The electors are asking why, for example, a railway president who has been receiving a salary of from $35,000 to $50,000 should be retired on an allowance of $25,000. If the expenditures of the public departments are carefully studied it will be found that there are many directions in which retrenchment is possible (and, possibly, causing a saving which could be devoted to the reduction of our national debt.

I want to speak now for a moment or two on the question of taxation. As fair minded citizens we cannot rebel against just and equitable taxation, but we can protest against extravagance and we, as a parliament, can show the lead to the rest of the country by practising economy ourselves. To my mind when budget proposals are brought down the effort should be to relieve the burden of taxation where it bears heaviest upon the great mass of what I might term unprivileged people, and to impose such taxation as is necessary in the interests of the revenue upon those best able to bear it. At the same time I do not believe in the doctrine of equality which we often hear preached; I think that is something which ought to be discouraged as undemocratic. On the other hand, men who are responsible positions should do their utmost to discourage that spirit of selfishness and graft, too often practised in the human character, and which in the past has resulted in oppression, the oppression of the financially weak

by the financially strong. I know, Mr. Speaker, that it is exceedingly difficult to arrange equitable methods of taxation. There are some methods that commend themselves to all of us; there are other methods that we do not approve of. It seems to me, for example, that there could be no fairer tax than the income tax. Nevertheless we find people who have never paid a cent of income tax in their lives raising the greatest outcry in regard to it. I also believe that a business tax is fair. If a man is conducting a good business he certainly can afford to pay a tax of some kind. Then there is a consumer's tax. If it is absolutely such as represented and can be made workable I cannot see that there is anything so particularly wrong about it, provided due regard be paid to the principle of which I have spoken. I had intended saying something about the sales tax because in calling upon different business concerns in my own riding complaint was made that it was unworkable. I understand, however, that the Minister of Finance, having had various deputations wait upon him has made the necessary changes so that the same ground for criticism no longer exists. There are some methods of taxation of which I certainly do not approve. The tax, whether direct or indirect in its nature, which builds up one industry at the expense of another is unfair. It is based on special privilege, which is unjust and will result in bringing about an unbalanced economic condition.

In 1878 or 1879, Sir John A. Macdonald introduced his National Policy, a policy to build up cities. I remember hearing a speech delivered by him in our county town, to the effect that if you build up your towns, your cities, you build up home markets, and thereby you build up your country. All this, however, had to be done at the expense of the rural districts. Nobody ever built up a city from above, nor from below. This, to my mind, has obtained too long in the interest of the cities' wealth and the cities' privileges, and it has resulted in the neglect of rural interests. People are expecting a revision of this policy. Not only have I heard men who believe in the Liberal platform or in the Progressive platform, but I have talked during the last year to men who professed to be Conservatives, and they say emphatically that there must be a downward revision of this protective feature.

Leaving for a moment this campaign football, the tariff, let me say that there are other questions of momentous concern for men who are in responsible positions as ministers of the Crown or even as representatives of the people. There are forceful organizations which are national octopuses, and they are chaining the hands of governments and parliaments. In North America, governments are strangled; they are helpless. The forceful feature, for instance, in the labour unions—and I say this with all respect to labour—has become reactionary. There was a time when labour was not recognized as it should be. I know that because for several years when I was younger I worked as a mechanic; I have associated with such men and I know whereof I speak. But silently and subtly, this union has been working until the plumbline has gone the other way. Strikes are unprofitable from the fact that they throw men into idleness for a certain length of time during the season, and they keep up the high cost of living the whole season around. Vigorous efforts should be made to try, by commission work and in every other way, to see if there cannot be some conciliation between labourers and their employers. During the height of the coal strike in the United States, President Harding is reported as saying that the United States government would take over the mines and they would see that the people were supplied with the necessary fuel. Immediately after that he received word that he had better go slowly and be considerate, or transportation would be stopped. This is a serious condition. It is a more important matter to occupy the minds of men in responsible positions than for them to play party politics.

There are other unions which are fixing, maintaining and controlling prices, and it is a problem to know how to manage them. Reliable reports that in many lines of merchandise their price is fixed from above, and that price is maintained by controlling the output. Would it be justifiable, if it were possible, for those engaged in agricultural pursuits to form unions, combines, and monopolies, and to fix the price of the foodstuffs of the world? Certainly that would not be right. That is the very feature of protection or monopolies in any respect that we as Progressives stand against. I am sure that organizations or industries that are financially strong enough to form combines of that nature do not need protection. It will be to the eternal honour of some government to sit some time make this decision and, in spite of any influences whatever, act upon it.

Let me speak for a moment on agriculture. After hearing the Minister of Agriculture (Mr. Motherwell) talk for two hours and a half, I do not know but that I might almost feel optimistic. I will, however, make this statement, that farmers have not come to parliament to have glass beads hanged about their necks, nor to receive bouquets for the farming interests and nothing else, and then to run home like children. Those who are engaged in agricultural pursuits are broad enough to know that there is a diversity of industries in Canada, and that every industry, no matter whether it be great or small, must have its status. Since I have been in Ottawa, I have arrived at some conclusions in connection with the duties of parliament. One is this—and I say this conscientiously and with due respect—that the man who has been brought up in a city has a very slim conception of what it means to farm. Another conclusion to which I have come is that partisan politics in conducting this country too much, and people are beginning to find this out. The trouble with the agricultural industry to-day is, plainly speaking, that the prices of all the supplies that the man who is engaged in agriculture purchases requires, are so governed by combines that he has nothing to say. If he cannot afford to buy those supplies, there is no use in saying so; the prices are fixed, and it will be observed that when prices can be controlled, they are not fixed, maintained and controlled without a commensurate profit being given. On the other hand, if an agriculturalist has anything to sell, there appears an army of respectable people, of course, whom you could not coax or persuade in any way to go out on a farm. They stand between the consumer and the product of the farmer. They have to be kept, and this creates a spread. They cannot ask too much because the consumer cannot buy the article, so they have to go the other way and force the price down on the agriculturist until it is almost impossible to coax or persuade young men to continue in agricultural pursuits. We hope that the very effective work of the different parliamentary committees, together with the Combines Act, will tend to relieve conditions. At any rate they will reveal those conditions, which will be realized by the public, and will create a sentiment which may perhaps have the effect of ameliorating matters.

As regards the budget, I must confess that I am very much disappointed. We were told some things last year that we thought justified us in supporting the minister's budget at that time. We realized that it was the government's first year in office and that there were post-war conditions and difficulties in the way, and we had a promise that there would be a reduction in the tariff. I do not know that I object to the tariff so much as to that feature of it which is called protection, and which continually exploits one class of the community to build up another. That is the part I object to. The amendment is more elaborate than I should like, but there are principles in it which I feel will compel me to give it my support.

The afternoon was spent only too quickly in games and contests and music, after which the hostess served a very dainty supper, including a handsome birthday cake and ice cream. After spending a very pleasant afternoon and evening all departed to their homes, wishing Miss Lillian many happy returns of the day.

THOUGHT HIS CASE WAS HOPELESS ONE

But Dreco Soon Helped John Lawlor Overcome Billousness and Dizzy Spells — Bowels Were Never Regular Until He Used Dreco. Just What He Needed.

John Lawlor, of Rebecca Street, Hamilton, Ont., an employee of the Freeman Fertilizer Co., suffered for years from stomach trouble, pains in the back and dizziness, whenever he stooped. His breath was bad and his appetite poor—in fact, his general condition was such that he thought his case was hopeless. Now Mr. Lawlor is among those who have discovered in Dreco that wonderful health builder that overcomes those ills from which so many suffer.

The story is told in Mr. Lawlor's own words. He says: "For years I have suffered from stomach trouble and had pains in my back and joints. Every time I stooped over I would get billious. I had bad breath and my bowels were never regular and I always had to take medicine to keep them open. My appetite was poor and food would sour after meals. I could not sleep and rolled all night. I often had to stop along the way to get my breath. I started to believe my case was hopeless, as I had tried so many times, but after talking with the Dreco expert, I decided to give this new herb and root medicine a trial. I have taken only one bottle and feel much better. It has done more good for me than anything I have ever taken, so intend to complete the treatment, as it seems Dreco is just what I needed."

There are many John Lawlors in Hamilton and all over Canada, going through life suffering unnecessarily. Dreco will bring health to you if you are one of them.

Dreco is being specially introduced in Napanee by Wallace & Co., and is sold by a good druggist everywhere.

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health

River Desert, Que.—"I used to have a severe pain in my side. I would be unable to walk far, and could not stand for any length of time to do my ironing or washing, but I would have to lie down to get relief from the pain. I certainly got good results from it, too, as the last time I had a sore side was last May and I have not had it since. E. J. Sexsmith's Speech on the Budget

(Continued from page 6).

by the financially strong. I know, Mr. Speaker, that it is exceedingly difficult to arrange equitable methods of taxation. There are some methods that commend themselves to all of us; there are other methods that we do not approve of. It seems to me, for example, that there could be no fairer tax than the income tax. Nevertheless we find people who have never paid a cent of income tax in their lives raising the greatest outcry in regard to it. I also believe that a business tax is fair. If a man is conducting a good business he certainly can afford to pay a tax of some kind. Then there is a consumer's tax. If it is absolutely such as represented and can be made workable I cannot see that there is anything so particularly wrong about it, provided due regard be paid to the principle of which I have spoken. I had intended saying something about the sales tax because in calling upon different business concerns in my own riding complaint was made that it was unworkable. I understand, however, that the Minister of Finance, having had various deputations wait upon him has made the necessary changes so that the same ground for criticism no longer exists. There are some methods of taxation of which I certainly do not approve. The tax, whether direct or indirect in its nature, which builds up one industry at the expense of another is unfair. It is based on special privilege which is unjust and will result in bringing about an unbalanced economic condition.

In 1878 or 1879, Sir John A. Macdonald introduced his National Policy, a policy to build up cities. I remember hearing a speech delivered by him in our county town, to the effect that if you build up your towns, your cities, you build up home markets, and thereby you build up your country. All this, however, had to be done at the expense of the rural districts. Nobody ever built up a city from above, not from below. Not only have I heard men who believe in the Liberal platform or in the Progressive platform, but I have talked during the last year to men who professed to be Conservatives, and they say emphatically that there must be a downward revision of this protective feature.

There are forceful organizations which are national octopuses, and they are chaining the hands of governments and parliaments. In North America, governments are strangled; they are helpless. The forceful feature, for instance, in the labour unions—and I say this with all respect to labour—has become reactionary. There was a time when labour was not recognized as it should be. I know that because for several years when I was younger I worked as a mechanic; I have associated with such men and I know whereof I speak. But silently and subtly, this union has been working until the plumbing has gone the other way. Strikes are unprofitable from the fact that they throw men into idleness for a certain length of time during the season, and they keep up the high cost of living the whole season around. Vigorous efforts should be made to try by commission work and in every other way, to see if there cannot be some conciliation between labourers and their employers. During the height of the coal strike in the United States, President Harding is reported as saying that the United States government would take over the mines and they would see that the people were supplied with the necessary fuel. Immediately after that he received word that he had better go slowly and be considerate, or transportation would be stopped. This is a serious condition. It is a more important matter to occupy the minds of men in responsible positions than for them to play party politics.

There are other unions which are fixing, maintaining and controlling prices, and it is a problem to know how to manage them. Wednesday Half-Holidays.

A joint meeting of the Town Council and members of the Board of Commerce held on Wednesday, May 23rd, passed the following resolution:—

"Resolved that May 24th, June 4th, and each Wednesday afternoon from June 13th to August 29th, inclusive, be observed by all business houses and retailers as holidays. Carried.

The public are requested to take note of these dates and to endeavor to assist our merchants by shopping as early as possible on the days to be observed as half-holidays. 21c

Suggests a Pilgrimage.

In connection with the U. E. L. celebration in Belleville in 1924, W. S. Herrington, K.C., Napanee, suggests a pilgrimage to Adolphustown, where the first settlers landed in 1784 in a large company under officers who had led them in the revolutionary war. "In no place in Ontario have families so remained on the land which was taken up by their forefathers as here", said Mr. Herrington.

Wednesday Half-Holiday.

We, the undersigned practising Solicitors in the Town of Napanee, do hereby agree each with the other that we will close and keep closed our respective offices except in cases of emergency, on Wednesday afternoons during the months from June to September, inclusive.

Wilton Vesper Service.

Under the auspices of the Y. P. S., a memorable Vesper service was held at Wilton Methodist Church, Sunday, May 20th, at 3 p.m. Rev. Soford F. Dixon was in the chair, and the meeting opened with a "sing-song" and the young people's choir chanted the Lord's Prayer. A Scripture lesson was read by the President, Miss Gladys Wallace. The young people's choir rendered two choruses in excellent shape, and Miss Lillian Babcock sang sweetly, with auto-harp accompaniment. Mr. James Baines gave a clear-cut address on the aims of the Y. P. S. The Pastor gave a brief address on "The Age of Speed", showing that speed and bigness are comparative, but that "act well your part" should be the aim of all. After the collection and Mizpah Benediction all engaged in hand shakes. The Vespers are not like ordinary church services, but are mass-meetings with music and brief speeches. The next one will be on the King's Birthday, Sunday, June 3rd.

BANDIT LEO ROGERS LAID LOW BY BULLET.

North Bay Desperado Is Run to Earth After Sensational Re-appearance at His Home, Where He Killed a Second Police Officer, Hot on His Trail, and Dashed Away, Driving Off an Armed Posse With His Rifle.

North Bay, May 30th.—Leo Rogers was shot dead by members of Inspector Storey's party in the bush, about eight miles from Nipissing, some time between 3 and 6 o'clock this afternoon. His body was brought to North Bay. A telephone message announcing the end of the man-hunt was received at 8 o'clock to-night by Chief of Police Moreby. All parties of Provincial Police are being re-called, as the famous chase is ended.

Provincial Police, under Inspector Storey, of Sudbury, reached this city at 10.15 p.m., with Rogers' body, which now lies in the local undertaking parlors. According to first reports, Inspector Storey fired the first shot when Rogers was discovered washing his hands in the lake near the small village of Nipissing. The desperado was caught unawares, and had no opportunity of answering the fire.

Wounded, Rogers fell on the shore, and the members of the posse, which numbered seven, shot the fugitive to death.

Address and Presentation.

A happy gathering took place on Tuesday night, May 22nd, when over a hundred friends and neighbors met at the home of Mr. Henry Rooks, Slash Road, to welcome his son and bride. Various gifts were showered on them, most conspicious being a pair of Japan grass chairs and table to match. The groom feelingly thanked his friends for the gifts, and the remainder of the evening was spent in social intercourse, congratulations and dancing. Houle's Orchestra, of Deseronto, furnished excellent music.

A dainty lunch, consisting of sandwiches, cake, oranges, tea and coffee, was served at midnight, and later on the company dispersed to their respective homes, all wishing Mr. and Mrs. Arthur Rooks every happiness.

To Mr. and Mrs. Arthur Rooks.

Dear Friends,—We, your neighbors and a few of your many friends, have gathered here with you to-night to wish you joy, happiness and bon voyage on your married journey. Also to extend to you, Mrs. Rooks, a glad welcome to our neighborhood and Slash Road.

We have watched you, Arthur, grow from boyhood to manhood, and must say we are proud of you. And to-night we heartily congratulate you on your choice of your life partner. Though only having a short acquaintance with your bride, we feel that to know her is to love her.

We simply could not let this event which we had anticipated for some time, pass without showing you in some little measure our estimation and love.

On behalf of the friends (whose names you will find listed below), we would like you, Arthur and Marion, to accept this gift as a slight token of our good wishes. May your future life be long spared and crowned with health, happiness and blessings.

CAMDEN EAST.

The weather is quite cool yet, and not much growth in the ground. — Miss Beryl Wilson, of Enterprise, spent the 24th of May with her friend Miss Gretta Saul, having come home with her from Newburgh High School to remain until Friday morning. — Miss Burgoyne spent the past week with her cousin at Trenton.—Mr. and Mrs. M. Wagar, of Ernesttown, visited her parents, Mr. and Mrs. Jas. Henderson, one day last week.—Mr. Norman Blakely, of Sharbot Lake, spent last week end with his family.—Mr. R. Saul, of Corbyville, spent last week end at home with his family.—Mrs. Jas. Kilpatrick spent several days last week with her mother, Mrs. Macdonald, and on Sunday the children and grandchildren spent the day with her. On Monday Mrs. Macdonald went to Strathcona to visit her daughter, Mrs. McGarvey, for several days, and her daughter, Mrs. Kilpatrick, of Port Colborne, left for Tamworth to visit her brother, Mr. Jas. Macdonald.—Mr. Jessie Card, of Arnprior, spent last week end with his family.—Mrs. Sexsmith and Mrs. Switzer, delegates for the W. C. T. U., are in Picton attending the convention.—Rev. and Mrs. Dickinson took tea with Dr. and Mrs. Huxtable and Mrs. Stover on Tuesday evening last. —Mr. Geo. Babcock is seriously ill in Kingston hospital, where he underwent a serious operation on Monday last. His many friends hope for his speedy recovery.

MARLBANK.

The weather is very favorable and the farmers are all busy planting corn and potatoes.—Death has again visited this village, taking for its victim Mrs. Dan. Alban, on May 21st. She was sick only a few days. All that medical aid could do was done. She was 28 years old and was dearly beloved by all her friends and neighbors as was testified by the number who attended her funeral to the Church of Assumption, Erinsville, where a solemn high mass was sung by Rev. Father O'Farrell, after which her remains were laid in the family plot. She leaves to mourn her loss a loving husband and one little son, her mother and one sister who live out West and one brother from Sault Ste. Marie attended her burial.—A number of men from here have gone to Havelock to work in the mines.

LACROSSE.

Belleville 8, Napanee 6.

Lacrosse fans were given a rare treat on Wednesday evening at the Driving Park, when a Juvenile game was played between Belleville and the home team. The game was advertised for 4 o'clock, but on account of a misunderstanding among the Belleville boys the local team was not notified until late that the visitors could not get here until 6 o'clock.

Play started at 6.25, with Mr. Harry Moore, of Deseronto, as referee. Belleville scored shortly after play had commenced, followed later by Napanee netting one, and before the period closed Belleville made it 2-1.

The second period was all for the visitors as far as scoring was concerned, although Napanee had possession of the ball considerable of the time. Half-time score, Belleville 4, Napanee 1.

The third period furnished some real lacrosse on both sides. It was a strenuous fifteen minutes, resulting in each side scoring 2. Score, Belleville 6, Napanee 3.

The locals came back strong in the fourth, and outplayed their opponents at almost every turn of the game, winning the period 3-2.

Full time score, Belleville 8, Napanee 6.

For Belleville we would especially mention Facer, outside home, and Cole, at centre. They are speedy boys and figured largely in the scoring. Arnold Rogers and Bill Sweet, who had the arduous task of checking these men, turned in a very creditable performance and were better at the finish than when the game started.

Bentley, in goal, although it was his first appearance, did well, and gained experience which will be valuable to him in games to follow. Russell Grass and Tom McGraw played their positions well for a start, and will improve as the season advances. The Fraser brothers, on the defence, surprised the crowd by their stellar work, and are the makings of a good pair of lacrosse players. Dave Stinson and Jack Stewart, home players, were in good form, especially the latter, who played rings around his check. Ward Huffman, inside home, gave a splendid exhibition of crafty playing and was responsible for more than one of Napanee's goals.

The line-up was as follows:—

Belleville—Curry, Crozier, Oaks, Colling, Scott, Cole, Ross, Faulkner, Facer, Donohue. Spares, Moffat, Weir, LaBarr.

Napanee—Bentley, Grass, McGraw, C. Fraser, E. Fraser, Sweet, Stinson, J. Stewart, Rodgers, Huffman. Spares Sager, P. Stewart, Lucas.

Referee—Mr. Harry Moore, Deseronto.

Timekeepers—Messrs. B. Simpson, Napanee; F. B. Panter, Belleville, and Mr. Whitton, Deseronto.

Napanee Defeated at Deseronto.

The local Midget team journeyed to Deseronto on the Queen's Birthday and were taken into camp by the home team by a decisive score. This being their first game of lacrosse the Napanee boys deserve credit for the manner in which they held Moore's Miracles, with the exception of Cole and Green, who are the two star players of the Deseronto Juvenile team.

Games Next Week.

Monday, June 4th—Napanee at Deseronto (Juvenile).

Wednesday, June 6th—Belleville at Napanee (Midget).

ENTERPRISE.

The farmers are all smiles these days, seeding through and waiting for the showers of blessing.—Quite a number attended the celebration held at Tamworth on the 24th. For fast horses, Enterprise showed up well, taking first in all races. Our ball team is also coming up to the front. May they continue their good work.—Mr. Harten, who has been in the employ of Dr. Horton, resigned his position, and is now under the protection of Uncle Sam. Dr. Horton has secured the service of Miss Laura Peters, who answers all phone messages, at Bell's Hotel. The people of this vicinity need not suffer any more from their teeth, if they will go to Bell's parlors, at the Bell Hotel, every Friday. Teeth extracted painless.—W. S. Fenwick & Sons are now operating their saw mill, with considerable cut ahead.—Mr. George Nelson has moved in our midst, and giving his attention to the garage business. —Mr. O. B. Jackson has given his Pierce Arrow auto a new coat of paint and a general overhauling, and intends to make Kingston in fifty minutes.—I guess the butchers of our town have gone on strike. For a nice cut of beef go to Centreville. — Mr. Howard Smith, employee of the Imperial Oil Co., lost a most valuable horse, and following day lost a most valuable dog, which he had the misfortune to run over with his new auto truck. He passed his blessing upon him before taking him to his last resting place.—Mr. E. R. Wilson is talking strongly of installing a radio set. Says Kingston is too far to go and return home in the wee hours of the morning.—Mr. S. S. Wagar is doing a rushing business in milking machines, and by their appearance may be useful in many other ways.—Mr. Thompson Wagar has purchased a new residence, and making extensive repairs. Drury and Raney Now Attempting to Divert Attention From Misdeeds, Hon. G. H. Ferguson Declares in Speech Defining His Position on O.T.A. Following His Nomination for Grenville

Spencerville, Ont., May 28.—Hon. G. Howard Ferguson received the unanimous nomination at the Grenville County Conservative convention here to-day, as candidate for the forthcoming Provincial general election. Rt. Hon. Arthur Meighen, Federal leader of the Conservatives, and who represents Grenville County in the Dominion House, delivered a short address.

Nomination of Hon. Mr. Ferguson was made by A. Langstaff, of Kemptville, who recounted the candidate's political achievements and forecast the premiership for the Provincial Conservative leader.

"A determined effort is being made by Messrs. Drury and Raney", said Hon. Mr. Ferguson, "to divert public attention from their record of wasteful misgovernment by endeavoring to make temperance an issue in this election. They seek with the aid of certain newspapers to create in the minds of the public the impression that the cause of temperance is not safe in the hands of the Conservative party. They assert that they themselves are the only sincere consistent friends of this great cause who can be trusted to safeguard it. A favorite method is to single out and name certain Conservatives, some of them members of the Legislature, who have expressed personal views upon the subject, and by innuendo suggest to the public that for this reason the Conservative party is unsympathetic toward the cause of temperance and, therefore, should not be entrusted with the administration and enforcement of the temperance law.

Critics on Drury Benches.

"Why do they single out the Conservative party for such an accusation?" asked Mr. Ferguson. "What about the many supporters of the Drury-Raney Government? There have been no severer critics of present conditions than Edgar Watson, J. M. Webster, K. K. Homuth, Thomas Tooms, and even J. J. Morrison himself. If you turn to the Liberal party you will find no scarcity of opponents and critics, both inside and outside the House. Yet the public hear not a word from Drury or Raney in criticism of any but the Conservatives. This obviously political criticism is in full accord with the habit of these two gentlemen of dealing in half-truths and the suppression of facts. How do their present professions compare with their conduct in the past? Let us examine their record. What is the story of the birth and develop-

RECEPTION AT TRENTON.

Canterbury Hall was the scene of a hearty reception on Wednesday night, when the congregation of St. George's Church met to welcome the Rev. A. L. McTear, Mrs. McTear and family, to their new home in Trenton. The hall, which was filled to capacity, was beautifully decorated with palms and spring flowers, for the occasion. After a splendid musical program, the Church Wardens, Mr. C. K. Temple and Mr. C. W. Lott escorted Mr. McTear to the front and read him the following address of welcome:—

Trenton, Ont., May 23rd, 1923.

Rev. A. L. McTear,
Vicar St. George's Church,
Trenton, Ont.

Rev. A. L. McTear,—We, the officers, members, and adherents of St. George's Church, Trenton, desire to take advantage of the present social congregational gathering to extend to you, to Mrs. McTear, and to the members of your family, a very cordial welcome to Trenton.

Owing to the regrettable illness of Canon Armstrong, who has presided over this Parish for the past thirty odd years, it has been necessary for the Bishop of the Diocese to appoint one, to pick up and carry on the work that Canon Armstrong for some months has been physically incapable of doing. You have come to us as the appointee of the Bishop, and as such we greet you, and extend to you the right hand of fellowship.

We are fully aware of the heavy demands that will be made upon your time and energies by the duties which you have been called upon to assume. You have been among us sufficiently long to realize that the position is no sinecure.

The bounds of the Parish are wide, and the membership, if all are to be gathered in, is large, and you will require at all times a courageous heart, and a firm trust, born of an unquenchable enthusiasm for the great cause to which you have devoted your life, if you are to come through successfully.

We realize that the work of the Parish is not yours alone. While there are responsibilities that are peculiarly yours, there are also responsibilities that are peculiarly ours, and if the success, for which we all hope, is to be attained, it must be through mutual and cordial co-operation. We must all pull together and give our united effort to the work of our parish, if St. George's, Trenton, is to do its part in the human uplift.

We promise you in your work here, our prayers, our sympathy, and our practical co-operation at all times, and we trust that your sojourn amongst us may be mutually happy, and full of blessing to us all.

Signed on behalf of the congregation.

C. W. LOTT, People's Warden.

C. K. TEMPLE, Vicar's Warden.

Mr. McTear responded in his usual pleasing manner, and on behalf of Mrs. McTear and family, thanked the congregation for the hearty manner in which they had welcomed them. Refreshments were then served and after a social hour, the National Anthem brought to a close a most delightful evening.

SWITZERVILLE.

Planting is the order of the day. The weather being very cool, has kept the grass and clover back.—Baseball has again started, making great sport for our boys.—Mr. and Mrs. Ray Kayler spent Sunday at her father's, Mr. J. Spafford. — Mr. and Mrs. John Jaynes spent Sunday at her father's, Mr. J. Craig.—Mr. and Mrs. Breault and daughter, Annie, spent the week end at Mr. Vernon Paul's.—A number from here attended the burial services of the late Mrs. Funnell, whose remains were brought to Napanee on Monday last.—A stork has visited the home of Mr. Ross Lewis and left a little daughter.—League was held at the home of M. N. Empey, on Friday last, and was well attended. League this week at Mr. Earl Craig's, in charge of Mr. R. Empey. Everyone is welcome.

NEWBURGH.

This is really an age of rush, and people are carried on by force of circumstances. But some are not even willing to wait for circumstances, they are not satisfied to be abreast of the times, they want to go faster. Three weeks ago we made some comparisons with regard to the conveyances used by our fathers and those used now. In earlier days eight miles an hour was considered good time to make on the road and very few attained that speed. Now some are not content with twenty-five or thirty miles an hour, and are willing to run all kinds of chances in order to show how fast they can go. There is no merit in that, any drunk or crazy man can do as well. The sooner that kind of thing is stopped on the streets of Newburgh the better for all concerned. Although we have no policeman on hand to regulate such things, we have a way of getting after reckless boys, and sometimes men, who follow this hazardous practice.

The High School Baseball and Basketball teams played with Tamworth teams on the 24th, at Tamworth, the games both going in favor of Newburgh, the following being the scores, Basketball 14 to 28; Baseball 8 to 9.

The Masons had a large gathering on Monday night, the occasion being the visit of the District Deputy. A supper was given in the Bank Hall by the local lodge, after which the usual "feast of reason and flow of soul" took place, and a good time enjoyed generally.

Mr. Percy Madden, wife and family, of Rochester, paid a short visit to his mother and sister here last week.

Mrs. Roy Pybus, of Montreal, is here taking care of her mother, Mrs. John N. Madden, who is in a frail state of health.

Mr. Frank Clancy, of Vancouver, is visiting his sister, Mrs. Shier, for a few days.

Mr. Shannon, who bought Mrs. J. B. Aylesworth's home, is now moving in.

The pupils of the High and Public Schools have arrived at a season of deep reflection, and the problem is facing them as to whether a full session of steady work or three weeks of plugging towards the end is best.

OBITUARY.

M. W. Bradshaw.

The village of Selby received a shock on the 20th April, when it became known that Martin Wesley Bradshaw, of that place, had passed away. He suffered a light stroke of paralysis about a year ago, but was enjoying good health until on the Wednesday before his death, when he was taken suddenly ill and despite all the love and care given him, he passed peacefully away on Friday night. He was of a very quiet disposition, a most loving and affectionate husband and father, and a carpenter by trade. He will be greatly missed in the home, also in Selby, where he has been a resident for the past twenty-five years. Besides his widow, there are left to mourn two daughters, Mrs. Robert McFarland, Miss Patience, Belleville Road; Ernest and Jeff, Napanee; Elmer, Montreal; and Crossley and Clarence, of Selby; also two sisters, Mrs. J. Sharpe, Foxboro'; Mrs. J. Jaynes, Kingsford; two brothers, John, of Tamworth, and David, of Deseronto. The funeral took place on Sunday afternoon, from his late residence to the Methodist Church, Selby, where a large number of friends and relatives gathered to pay a last tribute to the deceased. The remains were then conveyed to Napanee, and laid to rest in Riverview cemetery.

UTILIZING TEMPERANCE ISSUE TO CLOUD GOVERNMENT ERRORS

(Continued from page 1.)

ment of temperance legislation in Ontario? In 1894, Sir Oliver Mowat submitted the question of prohibition to the people and promised that he would enact a law to carry out the wish of the people as expressed at the polls. Out of a total of about 300,000 votes there was a majority of 82,000 in favor of prohibition. Again, in 1902, Sir George Ross, responding to popular demand, submitted a referendum to the electors upon the same question. In neither case was the expressed will of the people enacted into law. Notwithstanding this distinct breach of faith, Drury and Raney found no conscientious difficulty in continuing to support their leader and party. What a great struggle there must have been between their party principles and their temperance principles! But their robust hereditary party allegiance was too much for the frailty of their temperance professions and they remained steadfast in their political faith.

Sane and Sound Course.

"In 1905," continued Mr. Ferguson, "the Conservative party, under Sir James Whitney, came into power. The Conservative leader properly appreciated the trend of public sentiment upon this important question and at once set out upon a sane and sound course that would stabilize public opinion. When enunciating his policy shortly after his election, Sir James said: 'I believe that no man worthy of the name of a good citizen who understands and realizes the nature and extent of this great evil can fail also to realize that it is his duty to bend his energies not in a narrow and bigoted spirit, but with malice towards none and charity to all, toward the solution of this great problem.' Acting upon this principle, Sir James began a campaign to educate public opinion along the lines of progressive temperance. He sought permanency and stability for the movement. He realized that legislation that does not command public sympathy can be neither permanent nor successful. To secure a proper enforcement and observance of the law it must be founded upon sympathy and approval. From year to year during his whole term of office he enacted laws that met with general approval and observance because he always saw to it that a public sentiment was created that buttressed the law and frowned upon its violation."

Conservative Party's Record.

Hon. Mr. Ferguson gave a record of the Conservative party, showing, he said, how it steadily and surely broke and held new ground for the cause of temperance.

Expresses Conservative Policy.

"The last public utterance of Sir James," said Mr. Ferguson, "dealt with this great moral issue, and accurately expresses the view and policy of the Conservative party to-day. Speaking to the people of Ontario in Massey Hall on June 23rd, 1914, after nine years' faithful stewardship, he said:—'We have kept the faith and promise as we have always promised. I promise now, for the fourth or fifth time, that this question shall never be let out of our sight, and that from time to time as the opportunity arises we will be watchful and seize those opportunities and go further in the direction of minimizing the evils of the liquor traffic.' This was no empty statement. From 1905 to 1914 Sir James Whitney's policy of progressive legislation, based upon the enduring foundation of educated public opinion, had made two-thirds of Ontario voluntarily dry. The great war broke out in 1914. Shortly after Ontario's grand old man passed away. Sir William Hearst took up the reins of office, and announced that he would follow the lines laid down by his illustrious predecessor. As the days went by the stress of the war struggle increased until it became imperative that all our energies must be conserved and devoted to the one important purpose of winning the war and preserving our national existence.

"In 1916 the Ontario Temperance Act was passed as a war measure," continued Mr. Ferguson. "When the subject was before the Legislature, the Premier announced it would endure only as a war measure, and promptly upon the conclusion of the war and the return of the soldiers a referendum would be taken and the public will as expressed at the polls would become the law. Sir William Hearst carried out his promise to the letter. In doing so he sacrificed his public life and high position to maintain his public honor. Where did Mr. Drury stand in that crisis? Was he one of those who promised support to the man who did give them the law they asked for and then in the secrecy of the polling booth ruthlessly assassinated him? Is Drury one of those who has shouted temperance when it accorded with his historic political creed?

Consistent Temperance Course.

"The Conservative party has steadily pursued a consistent course on the temperance question," Mr. Ferguson emphasized. "It has contributed more to the cause of temperance than any other party ever did. If again entrusted with the reins of government the Conservative party will maintain the same consistent attitude and policy upon this question. The people of Ontario by their votes declared for prohibition. Prohibition must prevail and be observed until the people by their votes pronounce against it. The people must accept the situation which they themselves created, and the Government of the day must see that the law is actually and rigidly enforced. If at any time there should be a sufficiently manifested desire for a change in the law to warrant the Government in believing that there is a real public demand for such a change it will be the duty of the Government to ask the people by their votes to pronounce upon the subject. To ignore or refuse such a request would be autocratic and in direct violation of the spirit of our institutions.

"Trust the people' has always been the democratic policy of the Liberal-Conservative party." Mr. Ferguson said. "Such a course should commend itself to every reasonable citizen of the province, whether he be for or against prohibition. Public sympathy is essential to the stability and observance of any law. To secure that support it is the duty of a Government to remove as far as possible dissatisfaction and irritation. Upon the question of law enforcement there can be no two opinions. Ontario wants her laws enforced, and the Government that is remiss in its duty in that respect will not long be tolerated. The successful enforcement of the law depends upon the spirit in which it is administered. Different men differ widely as to the methods that will secure the best results.

"Hon. W. J. Hanna in the Conservative government pursued a sane and satisfactory method.

"Hon. W. E. Raney in the Drury government has a method all his own.

"The difference in the two men is reflected in their respective attitudes towards this question. Hanna was a big-hearted sympathetic human being who believed there was some good in every man that would respond to a proper appeal. Raney is lacking in human sympathy, narrow in his views and tyrannical in temperament. Hanna sought to awaken and stimulate the manhood of the offender. Raney searches always for the opportunity to convict. The one viewed the unfortunates as damaged pieces of humanity that could be repaired. The other regards them as criminals to be penalized for their offences.

"Hanna's method was curative. Raney's method was punitive.

Debauched Dignity of Law.

"I believe in the Hanna method," Mr. Ferguson proceeded. "His was the policy that was continued until 1919. Why is it that during that period there was less dissatisfaction, more efficient law enforcement and better moral conditions than exist to-day? Is the reason not to be found in the fact that Hanna had a proper conception of the problem and employed better methods? There was a constant education of public opinion along moral lines that enlisted and brought support to the law. It was not thought necessary in those days to debauch young boys with whiskey to entrap offenders and secure convictions. There were no women of questionable repute engaged at the public expense to help improve the morals of the province.

"These things, coupled with the employment of law breakers of the lowest type to enforce this moral law have debauched the dignity and majesty of the law and created disrespect and contempt for the law. Fortunes are being made in rum running and bootlegging and our general moral conditions are most deplorable.

"Surely," concluded Mr. Ferguson, "all right thinking people will believe these things can be improved and are prepared to assist in an effort to assert our self-respect. If honored with the responsibility of forming a government, I will surround myself with men who will command the confidence of the public and in whose hands the laws of the province will be strictly enforced.

"There will be no retrograde step but our course will follow the progressive lines that have made for the Conservative party such a splendid record."

Hon. Mr. Ferguson was loudly applauded at the close of his speech. A vote of endorsation of the policy of Rt. Hon. Arthur Meighen and Hon. Mr. Ferguson and expressing appreciation of their efforts was passed by the meeting.

Desired By All For Very Evident Reasons

THE reasons for the remarkable popularity of Chevrolet are very evident to anyone who has examined the New *Superior* Models and compared them with other cars selling at or near their price.

Chevrolet, as a pleasant, comfortable, efficient economical means of transportation, leaves nothing to be desired. Its construction ensures comfort on the longest trip; its mechanical design makes certain that it will perform as a good car should; its economy of operation is too well known to need comment.

Not only is Chevrolet desired for its ability to do things well, but also for its looks. It is a handsome car—long, low lines, high radiator and cowl, drum type headlamps, crown fenders—and its equipment is absolutely complete and modern.

PROPHECY OF THE ANTI-CHRIST.

Remarkable Document Written in 1600 by Brother Johannes.

The Globe on July 13th, 1915, first printed the remarkable document below, which was published in the Paris Figaro and is a prophecy written in 1600 by a monk whose name was Brother Johannes. So many requests have come from Globe readers for its reproduction that it is given again herewith:

The veritable Antichrist will be a monarch of his time, a son of Luther, he will invoke God's name, and proclaim himself his enemy, this prince of His will take his oath on the Bible, and will exploit himself as the arm of the Most High, sent to chastise the corrupted people of the world. He will be one-armed, but his army, which will be as the sands of the seashore, will take for their device, "God with us". For a long while he will carry out his policy, by ruse or by felony; his spies will cover the countries of the world, he will be master of the decrees of the powerful.

He will have in his pay doctors and professors, who will prove and certify his celestial mission. War will give him an opportunity to disclose himself. This will not be made against a French wing, but another well known, and it will be so violent that in two weeks the conflict will become universal. It will draw in all Christian people, Mussulmans, and even men from distant lands.

The armies will gather from the four quarters of the world, for the angels will open the souls of men, and in the third week they will realize that Antichrist has come and that slavery will be the fate of the conquered. He will be recognized by several traits. He will massacre, above all, priests, monks, women, children, and old men. To none will be show mercy. Torch in hand, he will pass like a savage, invoking the name of Christ, and, while his words are those of a Christian, his acts will be the acts of Nero and his Roman persecutors.

He will have an eagle for his arms, and an eagle will be the crest of his accomplice, the other wicked monarch. This latter, however, is a Christian, and will die with the curse of Pope Benedictus, who will be elected at the outbreak of Antichrist.

No more will priest and monk confess and absolve the combatants; for the first time in the world's history they will take their place in the combat with other citizens, and Pope Benedictus having pronounced his malediction upon Antichrist, his holiness will proclaim that those who fall in battle will rise as martyrs.

The bell will resound throughout the world, giving courage to the soldiers, and sounding the knell of Antichrist's accomplice. To vanquish Antichrist will require more men that Rome ever held. The efforts of every kingdom, "the cock", "the leopard", and the "white eagle" will not avail, without the prayers of the Christian world assist them. Never will the human race have met so great a peril, for the triumph of Antichrist would be the victory of the devil.

It will come to pass in the twentieth century, after the incarnation of the Word, that the beast will menace the earth with its scourge. Toward the two-thousandth year the great army of Antichrist, numbering in its ranks some who are Christians, will oppose the armies of the Lamb, with whom will fight Mohammedans and "savage" soldiers. All will be blood red, the heavens, the earth, the sea, the air, for blood will flow in all the elements.

The "black eagle" will hurl itself against the "cock" and rob it of many plumes, but the "cock" will fight gallantly with its talons. It would be crushed but for the claws of the "leopard". The "black eagle" will surprise and invade the land of the "cock", covering almost half of its territory; while the "white eagle" in its turn will overrun the realm of Antichrist from boundary to boundary. Then the "black eagle" will be forced to leave the "cock", to engage the "white eagle"; the "cock" will pursue it to give aid to its ally. When the "black eagle" sees all is lost it will grow furious, and the "white eagle's beak, the "leopard's" claw, and the "cock's" talons will be buried in its flesh.

Rivers will run blood, and only the princes and the great captains will be buried. The dead, piled high, will seem like hills and divert the streams from their course. In the carnage the brave will fall, and those who survive the battle will succumb to pestilence and famine. Several times will Antichrist seek to make peace, but the seven angels that march before the Lamb have decreed that only with his extermination can peace be restored. "He shall be crushed like a straw under the flail." He shall lose his crown, and his kingdom shall be split into twenty-two states, and none shall possess either arms, or ship, or stronghold.

The "white eagle" shall trace the crescent out of Europe and instal himself in his abode. Then shall begin the era of peace and prosperity. The Lamb shall reign and the joy of humanity begin. Happy he who, escaping the perils of this wonderful period, may taste the fruit of the reign of the Spirit and the sanctification of humanity, which cannot be accomplished save by the destruction of Antichrist.—New York Globe.

Mrs. Goodwin Gives Her Experience with Dodd's Kidney Pills

Nova Scotia Lady After Suffering With a Weak Heart and Nervousness for Nearly Three Years, Turns to Dodd's Kidney Pills

Mulgrave, N.S., May 29th, (Special). "I cannot recommend Dodd's Kidney Pills enough." This enthusiastic statement is made by Mrs. Alex. Goodwin, a well known resident of this place.

"For nearly three years I was run down, had a very weak heart and was so nervous that at times I would almost faint away. Many people recommended Dodd's Kidney Pills for my trouble. I found, after I had taken two boxes, that they were doing me good, and after using six boxes I was completely relieved. I can now do a good day's work and scarcely ever feel tired."

Mrs. Goodwin's troubles were caused by the kidneys. That's why she got such prompt and complete relief from Dodd's Kidney Pills, for they act only on the kidneys.

Ask your neighbors if Dodd's Kidney Pills do not help all forms of kidney disease.

IN MEMORIAM.

In loving memory of my dear husband, Percy Thompson, who departed this life on June 4th, 1922.

We loved him, yes we loved him,
But Angels loved him best;
The call was short, the blow severe,
To part with one we loved so dear.
The golden gate was open,
A gentle voice said come,
And with farewell outspoken,
He calmly entered home.

Sadly missed by his wife and children, Mary and Ralph.

IN MEMORIAM.

In sad but loving memory of our dear mother, Mrs. George Thompson, who departed this life on November 22nd, 1922.

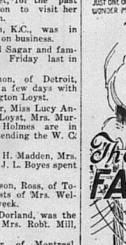

She has never quite left us, our darling who passed,
Through the shadows of death to the sunlight above,
A thousand sweet memories are holding her fast,
To the place which she blessed with her presence and love.

The work which she left and the books which she read,
Speak mutely, though still, with an eloquence rare,
And the songs that she sung and dear words that she said,
Ring tender and sigh on the desolate air.

INTO THE FIRE NET

JUST ONE OF THE MANY THRILLS IN THE WILLIAM FOX WORLD'S PROGRAM OF LOVE AND ACTION

Without a doubt one of the best ever produced is "The Fast Mail", a William Fox picture, which will be presented at The Strand Theatre commencing June 8th and 9th. Mr. Fox bought the rights from Lincoln J. Carter, and has made a noteworthy production of the old time stage play, improving it by several hundred per cent. with additional thrills.

"The Fast Mail" was first presented at Havlin's Theatre, Chicago, June 8th, 1890, and at one time there were five companies on the road, three in America and two in England. Lincoln J. Carter, the author, is famous for having produced some of the most spectacular effects known to the stage. He is the American wizard in that line of endeavor. In later years he is responsible for many of the big stage effects at the New York Winter Garden, notably among them were "The Sale Bowl," "Cavalry Charge on the American Border" and the "Disembarkation of the American Troops in France."

"The Fast Mail" on the screen is still bigger than the original production with the wider scope of the camera, it was possible for the producers to visualize only what was suggested in the play. There still remains the great train scene, and the big spectacular fire effect, but added to these are a thrilling steeple chase, the race between a train and an automobile, the race between two Mississippi River boats ending with the blowing up of one, and a few other little exciting details.

In the company are Charles Jones, Eileen Percy, Jim Mason, William Steele, Adolph Menjou, Henry Hunkinson.

Conley—Prinyer.

St. John's Church, Bath, was the scene of a very pretty wedding on Wednesday last, when Miss Rae Bernice Prinyer, only daughter of Mrs. Eva E. Prinyer, of Wolfe Island, was united in marriage to Mr. Carl Francis Conley, also of Wolfe Island. The ceremony was performed by the Rev. W. G. Swayne, B.D., of St. John's Church, Bath. The bride entered the church on the arm of her uncle, Mr. E. Wemp, to the strains by the choir of "The Voice That Breathed". Mrs. H. S. Northmore ably presided at the organ. The bride was very becoming in her suit of blue trieotine with hat of gold rose and gold, and carried a cluster bouquet of American Beauty roses. The wedding breakfast was served at the home of Mr. and Mrs. E. Wemp, there being present many relatives and guests from Wolfe Island and Bath. The happy pair left immediately after the breakfast by motor for Kingston, en route for a trip in the United States. AEROLUX, THE SUPERIOR PORCH SHADE, COMBINES EVERY USEFUL FEATURE OF ALL SHADES, TOGETHER WITH SEVERAL PATENTED FEATURES OF ITS OWN.

AEROLUX VENTILATING PORCH SHADES

Fresh Air Can't Get Through This Canvas Curtain

But It Can Through This Aerolux Shade

Years ago when people began seeing the advantages of spending more time out of doors, real living porches, sun parlors and sleeping porches came into being, and each succeeding year finds them occupying a more important place on cottage and mansion alike. Because Porch Shades are of such importance, people are demanding the very best equipment obtainable. You will find in the shades that we are exhibiting some mighty interesting features.

The "Hang-Easy" Attachment is one of the newest features. Simply drive the hooks into the porch beam and hang the shade to them. Clamped to the top moulding—not riveted, so that if you wish to make a shade narrower, the "Hang-Easy" may be changed without removing rivets or nails. The Brass Cord Glides have a permanently clean smooth surface over which the Raising Cords glide without wear.

All-Ventilating. The splints and the spaces between are uniform from top of the shade to the bottom, ventilating throughout its entire surface. There are no loosely woven sections where sun and rain may enter.

Colored Cords of Fish Net Twine. Colored to match the splints, they add greatly to the shade's appearance. The hard twist seine twine is of the same stock from which fish nets are made—which helps to explain why many of these shades have already given years of service and are still good for more.

"The Block" is a little device you won't find on other shades, but it is highly important because with it you can keep the No-Whip Cords as tight as you would a tent rope—preventing the shade from whipping in the wind and thus prolonging its life. These cords are a part of the shade equipment and do not have to be installed separately.

"Its Reputation". On dozens of verandahs in town you will find these serviceable attractive shades. Their appearance will tell you that they are giving genuine satisfaction.

See them in our Carpet Department, or better still let us quote you.

Get Under a New Straw Hat

ISN'T it great to have "Mr. Sun" say in good warm language, "Get under a new straw."

Variety and novelty is the spice of life and of this season's Straws. The Sailors are in natural (unbleached) straws with brown trim—very light tan straws in the new Tramway weave—soft brim straws of a rough weave, and various wide braids in natural straws with blue and brown bands. Our large showing of these "different-from-last-year's" Sailors will appeal to the younger men.

For the staple dressers we show fine Sennet Sailors in suitable shapes, and the Standard uncreased and Fedora crown Panamas.

For some time past, he states in his resignation, he has legally represented the corporation in Chicago. This is the first public office Mr. Warner has held in Colorado. MR. HAMBLY'S STAND ON TEMPERANCE.

Napanee, May 23rd, 1923.

Mrs. Murney Parks,

Napanee, Ont.

Dear Mrs. Parks,—I take pleasure in following the suggestion made in your letter to me of the 21st, that I should publish a reply to your request for information as to my stand in regard to temperance and to the Ontario Temperance Act.

I repeat what I have already stated in public that at any time I have had the privilege of voting on any question relating to temperance, I have always cast my ballot on the side of temperance, and I consider this the wise course for any voter.

In regard to the Ontario Temperance Act, which was enacted by a Conservative Government, I will support its enforcement.

I would like to have the opportunity in the House of Assembly of assisting in having the sale of vanilla extract, lemon extract, etc., so limited that these household commodities could be no longer used or sold as a means of producing drunkenness in our boys and men.

I do not believe that the principles of the act should be interferred with, except by a special vote or referendum of the people.

I hope you will accept this frank statement.

Yours sincerely,

21b C. W. HAMBLY.

Wedding Gifts

A SLIGHT difference in cost is of little moment to those who cherish quality and utility and beauty in equal proportion. For such folk, "Holmes & Edwards" Silverplate is made—and is especially suitable as wedding gifts.

Its extra quality is assured because silver is used generously in its making. Its utility, because the pieces most used are actually *protected where the wear comes*—either by solid blocks of sterling silver fused in at the back of the bowl and handle before plating (SILVER INLAID), or by a heavy extra deposit of silver at these points (SUPER PLATE).

And beauty! One does not need to be an art critic to enjoy the beauty, the superior gleam and brilliance that comes of superior burnishing.

When you visit your jeweler, just ask him to explain why "Holmes & Edwards" is a superior brand of silverplate.

Manufactured Exclusively in Canada by

You can secure table appointments such as Tea Services, Pie Plates, Flower Baskets, etc., in the same high quality.

To Mrs. Margaret Kellar.

Dear Friend,—We wish to speak to you in a kindly way of the loss of your loving husband, our Brother, the late John F. Kellar. In the death of the departed, you have lost a loving and affectionate husband, the community has lost one of its model citizens, for having attained the age of four score and seven years, was a landmark and a strength to all who knew him. In his death, the Orange Order has lost one of its respected and honored members, always merry with that sense of humor that wins the friendship and affection of young and old alike. No more will be meet with us on the Twelfth of July morning, carrying his cane and wearing his regalia, hailing those about him in his accustomed manner. "Protestant Kellar". Human consolation is weak, we will therefore be brief, and as members of a Brotherhood, extend to you our heartfelt sympathy in your hour of trouble.

It has indeed been a heavy blow to you. Your loss is greater than words can tell, but the Grand Master in His wise Providence hath provided a place where all shall be united, where parting is no more. We wish you health and strength during your life time, and may God be with you, is the wish of the members of Loyal Orange Lodge No. 490.

Signed on behalf of the Lodge.

Croydon, April 29th, 1923.

To Mr. Cecil Kellar.

Dear Brother,—Being selected as a committee in open Lodge to draft a letter of condolence to you on behalf of the death of your dear father, the late John F. Kellar, we wish in our humble way to extend to you our especial grief and sorrow in this your sad bereavement.

We all remember our dear Brother, with his genial smile and hearty handshake, always honorable, intelligent and thoughtful, ever displaying an interest for the welfare of the Lodge and the Orange Order in general. To lose such a brother truly brings a deep and heavy shadow, but remember that light will sometime break through, and there will be a glad and happy reunion in the Great Beyond. Although your load be heavy and your sorrow be great, the One who careth for us all hath in His wise Providence prepared a bright and beautiful home where the spirit of the departed will await the brief period until he shall meet his loved ones to part no more.

With brotherly love, relief and truth, we extend to you our sympathy, and may God be with you and keep you is the sincere wish of the Brethern of Croydon Loyal Orange Lodge, No. 490.

On behalf of the Brethern.

How Backache and Periodic Pains Yield to Lydia E. Pinkham's Vegetable Compound

Leslie, Sask.—"For about a year I was troubled with a distressing downbearing pain before and during the periods, and from terrible headaches and backache. I hated to go to a doctor, and as I knew several women who had taken Lydia E. Pinkham's Vegetable Compound with good results, I finally bought some and took four bottles of it. I certainly do recommend it to every woman with troubles like mine. I feel fine now and hope to be able to keep your medicine on hand at all times, as no woman ought to be without it in the house."—Mrs. OSCAR A. ANDERSON, Box 15, Leslie, Sask.

Mrs. Kelsey Adds Her Testimony

Copenhagen, N.Y.—"I read your advertisement in the papers and my husband induced me to take Lydia E. Pinkham's Vegetable Compound to get relief from pains and weakness. I am willing for you to publish this letter if you think it will help others."—Mrs. HERBERT KELSEY, R.F.D., Copenhagen, N. Y.

FELT LIKE HARD LUMP IN STOMACH

Vineland, Ont., Electrician, Suffered From Indigestion and Other Troubles, But Found Relief in One Bottle of Dreco—Now Recommends It To All Sufferers.

The story of Mr. T. J. Smith, of Vineland, Ont., an electrician, is like that of many another hard-working man. What he suffered, other men have suffered, but he has found real relief. He has found in Dreco the remedy that attacks the seat of the majority of man's ills, and he recommends it to all.

"My stomach", says Mr. Smith, "liver and kidneys had been in bad shape for several years. I didn't know what it was to eat a square meal without being distressed by gas afterwards. I would belch and bloat, and it felt as if there was a big hard lump lying across my stomach. My joints ached with rheumatism. I had pains across my back and had no much trouble getting up during the night because of my kidneys. My liver was sluggish and I had billious attacks. Spots would float before my eyes and I had dizzy spells when I stooped over.

"Constipation was the main trouble and Dreco has corrected this, and now I can eat anything and sleep fine through the night. I feel much stronger in every way and have more 'pep'. I praise this wonderful herb and root preparation because it has done good for me when everything else failed. I began to believe my case was hopeless. I am ever so thankful for Dreco, and recommend it to anyone who suffers as I did."

Dreco is being specially introduced in Napanee by Wallace & Co., and is sold by a good druggist everywhere.

THIS STORE SELLS PROTECTION

So says this sign in the window of the dealer whose name appears below. And it speaks truth—if this argument is sound:—

Because—it takes *at least* as long to spread poor paint as good paint;

Because—the cost of paint or varnish is trifling in comparison to the cost of spreading it and the value of the property it protects;

Because—good paint and varnish go on protecting property long after poor products have flaked and crumbled away; and

Because—this store—after investigation—has chosen to sell

Made From The Mildest Cleansers

Palmolive contains Palm and Olive oils. These oils were the cosmetic cleansers used by Cleopatra and kept her skin fresh, smooth and youthful.

Today their scientific combination in Palmolive produces the most perfect of all facial cleansers. Science has discovered nothing finer, milder or more beneficial for the toilet than Palm and Olive oils.

Artful applications of rouge and powder may lend your skin the appearance of smooth freshness. But unless you cleanse the pores thoroughly every day with soap and water, blackheads, pimples and other blemishes are sure to result.

Some persons imagine that soap is too harsh for the face. They should try Palmolive. Its mild, smooth, creamy lather, when massaged into the skin, cleanses without the slightest irritation.

You can buy Palmolive Soap at all first-class dealers.

The Sales Manager's Mid-week Chat

by Long Distance

The enthusiasm generated on Saturdays seems to die down around mid-week.

Sales Manager Johnson knows his men. He is their inspiration and they are all for "the Chief."

The Saturday morning sales conference is a real "get together" meeting; and when the Chief speaks, his voice is the force that makes them want to do better. He talks as one who knows. When their enthusiasm dies down around mid-week Johnson knows the need for revival. His three minute chat with each of the boys on the road works wonders. Perhaps he got the idea from the Church's mid-week meetings.

Long Distance makes it possible, and Station-to-Station rates make it inexpensive.

To Bid Farewell.

McGee C. N. R. platform last Monday morning presented a little more animation than usual. Mr. and Mrs. John Todd and their family, consisting of Violet, John, Joseph and Eldon, also Mr. Todd's mother, boarded the train for Napanee, Ontario, which place will be their future home. Mr. Todd was one of the early settlers in this neighborhood. Last Friday evening a goodly crowd gathered in the Grain Growers' Hall to say goodbye to the migrants. The program which was staged by McGee artists, was of tip-top quality, and reflected great credit upon those who faced the foot lights, also the committee of ladies who projected the entertainment. The vocal artists were Mrs. Hawley, Misses Grace and Christina Orr, Marie Parkes, Sheila Large and Alvin Card. The elocution artists were Mrs. Gibson, Mrs. Myers, Misses McKay, Gracie Rowat, Vera Murphy, Marion Gale and Mr. H. Fisher. The instrumental artists were Mrs. E. Allen, Mrs. W. Card, Mrs. F. Hawley, Miss Watson and Mr. Langworth. The pantomimists were Misses Evelyn and Marjorie McCallum, Sheila Large, Jean Hannay, Doris Myers, Messrs. A. and W. McCallum, John and Hugh Hannay and Oliver Gales. After refreshments were served the company rose and voiced its sincere wishes by singing "God Be With You Till We Meet Again".—McGee Eagle.

Cigars and Tobaccos should be kept at an even temperature and supplied with moist air to give the smoker the most enjoyment. J. L. Bell & Son have the proper facilities to do this. Buy all your Tobacco and Cigars there if you want to get them fresh and right. 22c

OBITUARY.

Thomas Close.

In Shannonville, on the 1st of June, Mr. Tom Close, who for the last three months had not enjoyed the best of health, passed suddenly away. Mr. Close was a son of the late Mr. Hugh Close, of Fredericksburgh, and as a young man he worked the farm on the land known as the Close's mill property. But about twenty years ago, when the rush to the west was at its height, he moved to Carman, Man., where he took up farming. From a youth he had suffered with one of his knees, the ligaments of which had been strained as a boy, and as he grew older he found the work on the farm increasingly difficult, until he was forced to retire. He entered business in Carman, but still retained his farm, which he had worked for him. About six years ago Mr. Close returned to the east to settle for the remainder of his life in Napanee, but feeling a life of idleness a burden he accepted an opportunity to enter business again in Shannonville, and it was here that he remained until taken by death.

In his passing Mr. Close leaves a host of friends and acquaintances in and around Napanee, and in the west, who will for long remember his fine manly qualities and his happy genial nature. Able always to meet even a difficult and embarrassing situation with a smile and in a philosophic manner, his attitude to life infected others to their own good.

There survive him his wife, formerly Miss Wilson, of Shannonville; Mrs. J. Curle and Mrs. Louise Curle, of Fredericksburgh; Mrs. Julia Edgett, of Waterloo, N.Y.; Miss Catharine and Mr. Sam. Close, who live on the homestead at Fredericksburgh.

Mr. Close was a member of St. Andrew's Presbyterian Church, Napanee. His connection with that church reaches back to the time when as a boy he drove the ox team that prepared the foundations and helped to draw the stones from the quarries.

The funeral service was held in his late home, at which Rev. Wood, of Melrose, presided, assisted by Rev. Topping, of Shannonville, and Rev. A. J. Wilson, of Napanee. Interment was made in the family plot at Riverside cemetery.

James Henry Allen.

An honored resident of Newburgh, in the person of Mr. James Henry Allen, passed to rest at the General Hospital Kingston, on Thursday, May 17th, 1923. Mr. Allen lacked three days of being sixty-one years of age. He was born May 20th, 1862, and always lived on the same farm until he died. His grandfather was born in Ireland, and also his mother, who came to Canada when six years of age. In 1897 he married Miss Ethel Fraser, daughter of Mr. and Mrs. Isaac Fraser, of Odessa. He was an industrious farmer, a worthy citizen, a good neighbor, always ready to do a favor, consistent in business, and honorable in his dealings. He was self-sacrificing, perhaps to a fault, in his endeavour to provide for his home; a kind father and worthy husband. He was converted to God in his teens, and joined the Wesley Methodist Church, of which he continued a member until death called him to the Church Triumphant.

The funeral services were held at the family residence on Saturday, May 19th, at 2 p.m., and were conducted by his Pastor, Rev. Geo. Nickle, who spoke from Rev. 2 : 10, "Be thou faithful unto death and I will give thee a crown of life". The esteem in which deceased was held was shown by the large number who attended the funeral services. The remains were interred in the Newburgh cemetery to await the resurrection to life eternal.

He leaves to mourn their loss his beloved wife and one son, Fraser; also one brother, William, of Moscow, and two sisters, Mrs. Samuel Galbraith, of Lindsay, and Mrs. Milton Huffman, of Colebrooke.

NEWBURGH.

Since last correspondence Newburgh has been a village of games or a game village, as the reader may decide. Some of the games brought glory and one brought a sense of defeat when everything seemed to be coming our way. On Wednesday of last week the return league game of baseball was played with Enterprise, resulting in a victory for Newburgh, after a closely contested struggle, showing good playing on both sides. Not until eleven innings had been played could either side claim a decisive win. In the last innings Newburgh made three runs, making the score 12 to 9. One feature of the game was that Percy Byron, a lad of sixteen, who pitched for Newburgh, pitched the eleven innings, only walking one man.

On Saturday, the return games of High School baseball and basketball were played with Tamworth teams, resulting in a decisive victory for Newburgh in both cases.

On Monday of this week a league game was played with Yarker, resulting in a score of 10 to 5, in favor of Yarker, which somewhat dulled the enthusiasm of the local sports. This reverse was not due to weakness in Newburgh battery, but from lack of support. The writer of these notes is not an expert judge of baseball, but there were some things quite noticeable to a mere on-looker. Newburgh ran unnecessary chances in making runs, while some did not seem to take the game seriously. It is pretty hard for the uninitiated to see the value of jumping back and forward at bases while making a run. Asking a baseball expert about this he gave the information that this was done to confuse the pitcher, but from the on-looker's standpoint it seemed like a waste of energy, and the man at the base is taking all the chances, particularly so when he is taken up with his own performance rather than watching where the ball is, besides using up the wind he needs to make a successful run. Anyway, if Newburgh wants a good strong all-round team, it needs to do some weeding.

Mr. John Wartman, who now lives in the Wesley neighborhood, has bought the property of Geo. Paul, taking possession in October. This in common parlance is a "good buy", as it is a beautiful home.

Mr. Reg. Files has purchased the old Taylor property from the Hydro Electric Co.

After considerable delay we have got our streets oiled. We believe this investment is a good one. There is no doubt that Main street has suffered more deterioration during the last month than it will now for the balance of the season.

Mr. W. W. Adams, who makes weekly trips to out-lying districts in connection with his tailoring business, reports business exceptionally good and a hopeful feeling prevails on all hands.

Mrs. Simpson, of Trenton, and her son, Jack, were the guests of her aunt, Miss Brisco, from Saturday till Tuesday.

Mr. Robt. Casey, of Syracuse, an old Newburgh boy, was in the village on Tuesday, and called on the few that remain of those who lived here in his day.

Mrs. Harvey Snider, who came here with her husband to live, last March, died on Tuesday morning. Her body will be taken to Verona for burial as that is their old neighborhood. We extend our sympathy to the bereaved husband.

Miss McSherry, of the High School staff, was called home to Windsor to see her brother, who is seriously ill.

MORVEN.

Mrs. G. I. Perry is attending the Branch meeting of the Woman's Missionary Society, which is being held in Cobourg.—Mr. and Mrs. Clayton Garrison and son, and Mr. Percy Lake, of Oshawa, attended the Purdy-Hansen wedding on Saturday, and remained over Sunday with friends.—Mr. and Mrs Badgley and Mrs. Reid, of Corbyville, visited their friends, Mr. and Mrs. J. Albert Bell, on Sunday.—Mr. G. H. Clark, accompanied by a party of friends, motored to Beaver Lake on Friday and spent the day fishing.—Miss Lulu Mills spent a week with Mr. and Mrs. James Mills.—Miss Mildred Milling spent the week-end in Kingston with her mother, who is ill. — Mr. Will Henwood, accompanied by Mr and Mrs. G. E. Fralick and Miss Bessie Henwood, motored to Centreton on Saturday evening, his mother returning with them on Sunday.—Mr. Percy Lake and family moved to Oshawa on Monday. We are sorry to lose the young people from our midst.—The League will be held in the White Church on Friday evening, in charge of Mrs. A. Winters, Missionary Vice-Pres.

70 per cent. lead and 30 per cent. zinc white, mixed in pure linseed oil and pure turpentine,—that's B. & H. English Paint. For sale in Napanee, at Wallace's.

MARLBANK.

A large number from here attended the picnic at Lime Lake on Monday. — Quite a number of new cars have been purchased in the village.—Death has again visited this neighborhood, taking for its victim Mrs. William Loyd, on May 30th. She was sick only a few days. All that medical skill could do was done for her. She was 28 years of age and was dearly loved by friends and neighbors, as was testified by the number who attended her funeral. Service was conducted by Rev. Clarke, after which the remains were interred in the family plot. She leaves to mourn her loss a loving husband and three small children, two girls and one boy, also her mother, two sisters and four brothers, who attended the funeral.

The local Midget Lacrosse team entertained the Belleville boys at the Driving Park on Wednesday evening, and won their first home game by a score of 13-5. A small crowd was in attendance, but they thoroughly enjoyed a first-class game. The Belleville boys are quite small, but Manager Barrett has the material for a team that will be right up at the top. Jack Adams refereed the game.

Deseronto at Napanee.

The Deseronto Juvenile Lacrosse team will visit Napanee on Monday evening next, and the public are assured that these boys are some players and you should not miss seeing them in action. The local Juveniles are practicing faithfully and are determined to make the visitors go the limit to win. Mr. Barrett, of Belleville, will referee the game. Play will start at 6.15 Monday evening, and as many as possible should attend and help the lacrosse boys along.

GOLDEN WEDDING.

On Monday, June 4th, Mr. and Mrs. Wm. C. Vine, Alma Avenue, celebrated the 50th anniversary of their marriage. To have been married for fifty years, to have had five children, and to see them all grow up to manhood and womanhood is a unique record at any time, but more especially in this age of speed which usually wears down the constitution and takes its toll long before one can see even the immediate fruits of his endeavors.

Fifty years ago on the 4th of June, Mr. Wm. C. Vine, Napanee, was married to Miss Eliza Saul, of Camden East, and have spent all their days in Napanee and vicinity. To them were born five children, Mabel, now Mrs. R. W. Vanalstine, of St. Catharines; Edith, of The Beaver staff; Anna, now Mrs. Perry Huffman, Napanee; Lena, now Mrs. Frank Donaldson, of Peterboro', and Will E. Vine, Napanee.

To celebrate the event all the children gathered at the home of the parents. After a day of felicitations and happy reminiscences, a supper was served at seven o'clock in the evening. Like the conventional story there was the happy ending, in which the family presented to their parents an address and a purse of gold, expressing gratitude for the past and the hope that the future might hold in store continued happiness and health. Following is the address :—

Napanee, Ont.,
June 4th, 1923.

Dear Mother and Father,—This is indeed a grand occasion, and one which, while it brings joy and thankfulness to our hearts, bears with it one of the most beautiful and touching lessons in the book of life.

Our respected and venerable parents have indeed reached the golden age of maturity. Hand in hand they ascended the hill, hand in hand are they descending into a valley, a valley lighted with the undying and unshifting lamp of faithfulness, love and devotion. What a privilege for us to be here to witness the beautiful sight, to see the bride and bridegroom of today in soul, in heart, the bride and bridegroom of this day half a century ago.

Time has sown fresh flowers in their dear old hearts; time has garlanded their brows with choicest flowers; time has but mellowed their affections, which like good wine, has but improved with age.

We have come here to felicitate them upon the fiftieth anniversary of their marriage, to wish them many a long year yet before they snap the golden link that bound them together; that their bark may sail upon a golden sea, and that their sunset may be golden, is our united sentiment.

Mr. and Mrs. R. W. Vanalstine.
Mr. and Mrs. Perry Huffman.
Mr. and Mrs. J. F. Donaldson.
Mr. and Mrs. W. E. Vine.
Miss Edith Vine.

Laid on the table to be dealt with later in the evening.

JOHN ROBINSON CIRCUS

AND TRAINED WILD ANIMALS TO VISIT THIS TERRITORY.

Circus enthusiasts of this community are keenly interested in the appearance of the John Robinson Circus and Trained Wild Animals in Belleville, on Thursday, June 14th, afternoon and night, as no circus creates so much pleasure and joy among its patrons, as a visit of the "Oldest and Best."

The John Robinson Circus and Trained Wild Animals are now on the 100th annual tour, and the centennial program embraces features and novelties, never presented before by any tented organization. Thousands of dollars were spent this year in purchasing trained animals from European, as well as African and Asiatic dealers, and with the assistance of old "Dr. Stork" at the winter quarters in Peru, the John Robinson management asserts its superiority in savage trained beasts, and also the largest baby zoo in the universe.

The John Robinson performance this year will be presented in three rings, a double steel arena, and on the Roman Hippodrome track. The usual high standard in equestrianism has been maintained this year and featured among the riders will be the Rudy Rudynoff Trio, the Ben Griggs Family, and Miss Mary Bedini, declared to be the premier women rider of the globe.

As usual, a grand and gorgeous street parade, will be offered in the morning at 11 a.m. Advance representatives of the circus declare more open dens of wild beasts and birds of prey are exhibited in the procession, and more beautiful girls, and thoroughbred horses, than that presented by any in other "white top" pageant.

We will guarantee $5.00 worth of B. & H. English Paint to spread farther, look better, and wear longer than $5.00 worth of any cheaper grade advertised. B. & H. for sale at Wallace's.
